Saving Sarah:

Saving Sarah Daralyse Lyons,2018-01-19 When Sarah shows up covered in blood and suspected of murder Bobby Caldwell is determined to save her

Saving Sarah 1 Gail Ranstrom,Satomi Tsuya,2014-12-30 Sarah leads two lives By day she is the perfect lady training for married life and blossoming into a high society lady By night she is a member of the Wednesday League a secret club that helps defenseless women and children One night she slips out the window dressed as a man and hurries through London s foggy back streets in order to help a child But the charming yet dangerous Ethan Travis blocks her way He asks what such a beautiful woman is doing out in the middle of the night and attempts to proposition her Has he mistaken her for a prostitute

Saving Sarah Gail Ranstrom,2017-01-21 Sarah Hunter Was a Lady of the Night Sarah Hunter was a lady of the night Not in the salacious sense but Ethan Travis had no way of knowing her close held secrets He saw instead of an avenging angel a lost and vulnerable soul who needed his unique talents to rescue her almost as much as he needed her unconditional love to rescue him Cloaked in a dark and dangerous appeal Ethan Travis wore his whispered title of the Demon of Alsatia well And Sarah Hunter was drawn to him with a mad intensity But it was futile she knew for even a man with a past could never truly desire a woman without a future

Backlash Rachel Carnell,2020-11-10 A country bitterly divided between two political parties Populist mobs rising in support of a reactionary rabble rouser Foreign interference in the political process Strained relations between Britain and Europe These are not recent headlines they are from the year 1710 when Queen Anne ruled Britain In her engagingly written *Backlash* Rachel Carnell tells the fascinating and entertaining account of the reign of Queen Anne and the true story behind the fall of the Whig government imaginatively depicted in the 2018 film *The Favourite* As Carnell shows the truth was significantly different and in many ways more interesting than what the film depicted The backlash began in 1709 when the Whigs arrested a popular female Tory political satirist and then impeached a provocative High Church clergyman for preaching a sermon repudiating the ideals of parliamentary monarchy and religious tolerance The impeachment trial backfired and mobs surged in the streets supporting the Tory preacher and threatening religious minorities With charges dropped against the satirist by 1710 she had written a best selling sequel Queen Anne was careful and diligent in her monarchical duties She tried to run a government balanced between the parties but finally torn between the Whigs including her longtime friends the Duke and Duchess of Marlborough and the proto

Brexit Tories she dissolved Parliament and called for elections This brought in a majority for the Tories who swiftly began passing reactionary legislation While the Whigs would return to power after Anne s death in 1714 and reverse the Tory policies this little known era offers an important historical perspective on the populist backlashes in the United States and United Kingdom today **Damned Women** Jennifer R. Waelti-Walters, Jennifer Waelti-Walters, 2000 Damned Women charts the previously unexplored literary territory of the place of lesbians in the French novel Beginning with the early depictions of lesbians as decadent monsters by nineteenth century male authors such as Diderot Balzac and Gautier Jennifer Waelti Walters shows how later little known female writers struggled to free lesbian characters from imposed stereotypes

Jewish Superiority to God: The Curse of Antisemitism Mohamed Moussa Ghounem, 2024-11-14 Jewish Superiority to God The Curse of Antisemitism is an eye opening exploration into the roots of one of the most enduring conflicts in history drawing connections between religious narratives historical attitudes and the resulting hostility This book

invites readers on a journey through ancient scriptures and interpretations exposing the undercurrents of superiority and exclusivity that have shaped Jewish identity and by extension the broader phenomenon of antisemitism At its core this book examines the notion of Jewish superiority to God tracing its origins to Sarah s rejection of Hagar and Ishmael and highlighting how this sense of entitlement laid the groundwork for divisions that have persisted across generations Through a detailed analysis of Biblical stories Talmudic teachings and modern Israeli laws the author Moussa Mohamed Ghounem presents a compelling argument on how Jewish exclusivism has contributed to widespread resentment and hostility These attitudes are not portrayed as a justification for antisemitism but as factors that have fueled it emphasizing that a return to humility and inclusivity could pave the way for a more peaceful coexistence Grounded in love empathy and intellectual discourse Jewish Superiority to God encourages readers to question traditional interpretations and reflect on the consequences of religious superiority By presenting a perspective that embraces all descendants of Abraham including those of Isaac and Ishmael the book promotes the concept that God s covenant was intended to be inclusive encompassing all people of faith and righteousness The message resonates with the teachings of Jesus Muhammad and the true essence of Abrahamic faith which calls for humility love and justice for all The book also explores how Jews thrived under Islamic rule due to the inclusive teachings of Islam as compared to the animosity they faced under Christian rule for rejecting Jesus Islamic history is presented as an example of coexistence where Jews and Muslims lived side by side flourishing in cultural and scientific pursuits It highlights verses such as Quran 2:62 which speaks of the reward for all who believe and do righteousness illustrating that faith transcends lineage With chapters on Sarah s descendants the superiority inherent in modern Israeli law and Jewish Talmudic teachings this book seeks to explain how a mentality of superiority has often placed human judgment above Divine will It also traces the historical response to this mindset showing how antisemitism has tragically often been the outcome Ultimately Jewish Superiority to God The Curse of Antisemitism calls for a return to the principles of humility compassion and inclusiveness challenging readers to see God s covenant as an opportunity to unite rather than divide to cherish rather than reject and to love rather than hate Written with the hope of fostering understanding and reconciliation this book is an invitation to recognize the shared faith and heritage of all the descendants of Abraham and to appreciate the beauty of God s inclusive promises It is a thought provoking read for anyone interested in religious history interfaith dialogue or understanding the roots of conflict in the Abrahamic tradition
