Excerpt from *Servitude Et Grandeur Militaires* The important question is What kind of literature is to be chosen for reading and translation 7 To this question I have already given my answer undoubtedly it is desirable to set a high standard from the beginning and to challenge the powers of the pupil by putting before him well chosen selections from the best authors rather than to entice his sympathy with easy and amusing literature If the teacher tries to amuse his pupils and make the time pass quickly he will fail to awaken their interest in the subject but if he appeals to their intelligence from the first appreciation will quickly grow It is with this object that the present series is being undertaken a series in which certain modern standard French works of various kinds have been chosen and edited with the smallest possible number of notes mostly on points of literary and historical interest About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works *Servitude et grandeur militaires* Vigny,1883
