Sesame Street Take-Along Box Sesame Street, Sesame Street Staff, 1998-10-01 Toys that Teach Your Child from Birth to Two Athina Aston, 1984 **The Music Parents' Survival Guide** Amy Nathan, 2014-05-15 This book of parent to parent advice aims to encourage support and bolster the morale of one of music's most important back up sections music parents. Within these pages more than 150 veteran music parents contribute their experiences, reflections, warnings, and helpful suggestions for how to walk the music parenting tightrope: how to be supportive but not overbearing, and how to encourage excellence without becoming bogged down in frustration. Among those offering advice are the parents of several top musicians, including the mother of violinist Joshua Bell, the father of trumpeter Wynton Marsalis, the parents of cellist Alisa Weilerstein, and those of violinist Anne Akiko Meyers. The book also features advice from music educators and more than forty professional musicians, including Paula Robison, Sarah Chang, Anthony McGill, Jennifer Koh, Jonathan Biss, Toyin Spellman, Diaz Marin, Alsop, Christian McBride, Miguel Zenón, Stephanie Blythe, Lawrence Brownlee, Kelli O'Hara, as well as Joshua Bell, Alisa Weilerstein, Wynton Marsalis, Anne Akiko Meyers, and others. The topics they discuss span a wide range of issues faced by the parents of both instrumentalists and singers: from how to get started and encourage effective practice habits to how to weather the rough spots, cope with the cost of music training, deal with college and career concerns, and help young musicians discover the role that music can play in their lives. The parents who speak here reach a unanimous and overwhelming conclusion: that music parenting is well worth the effort and the experiences that come with it, from sitting in on early lessons and watching their kids perform onstage to tagging along at music conventions as their youngsters try out instruments at exhibitors' booths. enrich family life with a unique joy in music The Soundtrack Album Paul N. Reinsch, Laurel Westrup, 2020-02-17 The Soundtrack Album: Listening to Media offers the first sustained exploration of the soundtrack album as a distinctive form of media. Soundtrack albums have been part of our media and musical landscape for decades, enduring across formats from vinyl and 8 tracks to streaming playlists. This book makes the case that soundtrack albums are more than promotional tools for films, television shows, or video games; they are complex media texts that reward a detailed analysis. The collection's contributors explore a diverse range of soundtrack albums, from *Super Fly* to *Stranger Things*, revealing how these albums change our understanding of the music and film industries and the audio-visual relationships that drive them. An excellent resource for students of Music Media Studies and Film Screen Media courses, *The Soundtrack Album* offers interdisciplinary perspectives and opens new areas for exploration in music and media studies.
