**Handbook to Bach's Sacred Cantata Texts** Melvin P. Unger, 1996-04-16 The German church cantata of the eighteenth century was the culmination of a long tradition of Lutheran sermon music that used the proclamation amplification and interpretation of scripture to teach and persuade the listener Bach's cantatas also served this didactic purpose and typically incorporate numerous allusions to scriptural passages or themes in their librettos Unfortunately many of these passages remain obscure to the twentieth century musician because they demand a much closer familiarity with the Bible than is common today The Handbook to Bach's Sacred Cantata Texts identifies scriptural references for the wording imagery and themes that Bach's listeners would have known In addition the religious or literary theme of each text is summarized within the specific context of the cantata as a whole With interlinear translations and a full complement of indexes      **Collections**
