Encyclopedia of Women and Gender , *Journal of Nursery Education* , 1996 Encyclopedia of Women and Gender,

Two-Volume Set Judith Worell, 2001-10-16 The study of gender differences began in earnest in the 1970s and has since increased dramatically to infiltrate virtually all fields of study in the social and behavioral sciences Along the way it was discovered that while women very often think and behave differently than do men industrialized societies cater to masculine perspectives The Psychology of Women emerged as a field of study focusing on just those areas in which women most often butted against assumed roles And similarly in the 1990s the Psychology of Men emerged to focus on the same issues for men The Encyclopedia of Gender covers all three areas under one cover discussing psychological differences in personality cognition and behavior as well as biologically based differences and how those differences impact behavior Coverage includes studies of these differences in applied settings such as education business the home in politics sports competition etc Key Features Over 100 In depth chapters by leading scholars in the psychology of women and gender Addresses critical questions of similarities and differences in gendering across diverse groups challenging myths about gender polarization and the Venus Mars distinction Broad coverage of topics from theory and method to development personality violence sexuality close relationships work health and social policy Sensitive attention to multicultural and cross cultural research Clearly written readable comprehensive with helpful guides outline glossary reference list Raises difficult questions related to power inequality ethics and social justice Challenges the reader to revise established truths and to seek further information Maintains a feminist and woman centered focus

Infants and Toddlers Michael Bender, Carol Ann Baglin, 1992 This book should be of interest to special education teachers educational psychologists nurses clinical psychologists mental health staff

Administering Programs for Young Children Janet F. Brown, National Association for the Education of Young Children, 1984

Young Children, 1999
