Leadership and Management Stuart A. Capper, Peter M. Ginter, Linda E. Swayne, 2002 Public Health leadership and Management offers students the opportunity to develop and practice the skills needed to make difficult public health decisions. It presents fifteen public health case studies that address a wide array of challenging and complex public health issues. These case studies attempt to vicariously place the reader into a position in which he or she is required to size up the situation and suggest some action for the organization. The first section of the book supplies the tools needed to research, analyze, and present cases orally; includes a helpful template that guides students through the process of thinking through and making decisions. The second section information about the U.S. Health Care System. **As You Like It** William Shakespeare, 2015-01-22 Contains the complete scripts, a running synopsis of the action, explanations of unfamiliar words, and a variety of classroom-tested activities.
