*Iron Age Communities in Britain* Barry Cunliffe, 2004-08-02 This fully revised fourth edition maintains the qualities of the earlier editions whilst taking into account the significant developments that have moulded the discipline in recent years

**Iron Age Communities in Britain** Barry W. Cunliffe, 1991      **The Iron Age in Northern Britain** Dennis W. Harding, 2004-08-26 The Iron Age in Northern Britain examines the impact of the Roman expansion northwards and the native response to the Roman occupation on both sides of the frontiers It traces the emergence of historically recorded communities in the post Roman period and looks at the clash of cultures between Celts and Romans Picts and Scots Northern Britain has too often been seen as peripheral to a core located in south eastern England Unlike the Iron Age in southern Britain the story of which can be conveniently terminated with the Roman conquest the Iron Age in northern Britain has no such horizon to mark its end The Roman presence in southern and eastern Scotland was militarily intermittent and left untouched large tracts of Atlantic Scotland for which there is a rich legacy of Iron Age settlement continuing from the mid first millennium BC to the period of Norse settlement in the late first millennium AD Here D W Harding shows that northern Britain was not peripheral in the Iron Age it simply belonged to an Atlantic European mainstream different from southern England and its immediate continental neighbours      *An Archaeology of Land Ownership* Maria Relaki, Despina Catapoti, 2013-10-23 Within archaeological studies land tenure has been mainly studied from the viewpoint of ownership A host of studies has argued about land ownership on the basis of the simple co existence of artefacts on the landscape other studies have tended to extrapolate land ownership from more indirect means Particularly noteworthy is the tendency to portray land ownership as the driving force behind the emergence of social complexity a primordial ingredient in the processes that led to the political and economic expansion of prehistoric societies The association between people and land in all of these interpretive schemata is however less easy to detect analytically Although various rubrics have been employed to identify such a connection most notable among them the concepts of cultures regions or even households they take the links between land and people as a given and not as something that needs to be conceptually defined and empirically substantiated *An Archaeology of Land Ownership* demonstrates that the relationship between people and land in the past is first and foremost an analytical issue and one that calls for clarification not only at the level of definition but also methodological applicability Bringing together an international roster of specialists the essays in this volume call attention to the processes by which links to land are established the various forms that such links take and how they can change through time as well as their importance in helping to forge or dilute an understanding of community at various circumstances

**The Wiley Blackwell Encyclopedia of Anglo-Saxon England** Michael Lapidge, John Blair, Simon Keynes, Donald Scragg, 2013-10-02 Widely acknowledged as the essential reference work for this period this volume brings together more than 700 articles written by 150 top scholars that cover the people places activities and creations of the Anglo Saxons The

Maxwell,1998 Cleaven Dyke was for some centuries identified as a Roman construction However the authors surveys and excavations strongly suggest that it was built as part of the Neolithic cursus monument tradition The volume presents the comprehensive results of their study showing in detail the segmented nature of the Dyke s construction its alignment and the palaeoenvironmental evidence for the surrounding landscape In addition the nearby recitilinear timber enclosure of Littleour is also described      *Hadrian's Wall: A study in archaeological exploration and interpretation* David J. Breeze,2019-05-10 Based on the annual Rhind Lectures delivered in May 2019 David J Breeze presents six papers on Hadrian s Wall He first considers the historiographical background before examining specific aspects its purpose and operation its later history and life on and around the Wall Finally he considers the Wall today and some aspects of its future      **Anglo-Saxon Deviant Burial Customs** Andrew Reynolds,2009-03-26 A detailed study of the ways in which Anglo Saxon society dealt with social outcasts It begins with the period following Roman rule and ends in the century following the Norman Conquest The author argues that outcast burials in this period showed a clear pattern of development      The Northern Counties to AD 1000 N. J. Higham,1986 The Northern Counties to AD 1000 deals with the prehistory and early history of the most northerly region of England covering the historical counties of Northumberland Durham Cumberland Westmorland and Lancashire north of the Sands The greater part of the source material derives from archaeological or palaeoenvironmental research though there are more conventional historical sources for the interlude of the Roman occupation and for the golden age of Anglo Saxon Northumbria and its aftermath with which the volume closes Dr Higham has not been content solely to organise evidence into the usual framework of successive human cultures rather he has preferred to concentrate on the ways the local community adapted itself to changing environmental conditions and changing technological and social possibilities He also makes the underlying assumption of the genetic continuity of this

population from the late mesolithic onwards despite the impact of the specific migrations which demonstrably took place In addition he shows how changing climatic and environmental conditions acted as a catalyst between human population levels the demands made by man and the environment on which those demands were made In doing so he stresses the responsibility of man for impoverishing that environment      Maiden Castle N M Sharples,2013-04-15 This report discusses the results of a programme of research in 1985 and 1986 into the history of the hillfort of Maiden Castle      The Lindisfarne Gospels Michelle P.
