Facts, Fiction, and African Creative Imaginations Toyin Falola, Fallou Ngom, 2009-09-11 This volume brings together insights from distinguished scholars from around the world to address the facts, fiction, and creative imaginations in the pervasive portrayals of Africa, its people, societies, and cultures in the literature and the media. The fictionalization of Africa and African issues in the media and the popular literature that blends facts and fiction has rendered perceptions of Africa, its cultures, societies, customs, and conflicts often superficial and deficient in the popular Western consciousness. The book brings eminent scholars from a variety of disciplines to sort out the persistent fictionalization of Africa from facts pertaining to the genesis of powerful cultural, political, or religious icons, the historical and cultural significance of intriguing customs such as tribal marks, gender relations, causes of conflicts, and African responses, and creative imaginations in contemporary African films, fiction, and literature among others.

1 Peter Joe Warton, 2019-10-17 We don't approach a novel in the same way we tackle an insurance form. We don't read a bank statement in the same way that we read poetry. So we shouldn't read the 66 different books of the Bible in the same way. Story, song, law, letters, and more all make up the rich repository of writing that is God's words to us. The Gateway Seven series selects books that each represent a different kind of writing. This study of 1 Peter is a guide written to people whose context he understood well and with which we can resonate today. Through his encouragement, challenge, insight, and knowledge of God, we will gain confidence to live well for Christ in our complex world on our everyday frontlines.
