efforts have combined to grab 10 percent of the dollar share of the US beer market Hindy also explores how Budweiser Miller and Coors all now owned by international conglomerates are creating their own craft style beers the same way major food companies have acquired or created smaller organic labels to court credibility with a new generation of discerning eaters and drinkers This is a timely and fascinating look at what America s new generation of entrepreneurs can learn from the intrepid pioneering brewers who are transforming the way Americans enjoy this wonderful inexpensive storied beverage beer
