

The book cover features a rich red background with a central gold-colored rectangular panel. This panel is framed by a decorative border of black and gold foliage. At the top, a sun with a face is on the left and a crescent moon with a face is on the right, separated by a hot air balloon. The central text is in a stylized, black, serif font. Below the author's name is a small four-pointed star. The bottom section of the cover is filled with intricate illustrations, including a globe, a quill pen, and various mechanical or geographical elements.

Seven Novels Other Stories:

The Unfinished Novel and Other Stories Valerie Martin, 2007-12-18 From the Orange Prize winning author of *Property* comes a vital and heartbreaking collection of short stories that turns an unflinching eye upon artists driven and blocked desired and detested infamous and sublime as they struggle beneath the tyranny of Art to reconcile their audience with their muse A triumph The New Yorker A painter who owes his small success to a man he despises discovers that his passivity has cost him the love that might have set him free A writer of modest talents encounters the old love who once betrayed him now she repels him yet the unfinished novel she leaves in his hands may surpass anything he could ever produce himself An American poet in Rome finds herself forced to choose between her lover and a world so alien it takes her voice away A print maker who has reached a certain age enters so deeply into the magical world of her imagination that she can never find her way back In captivating luminous prose Martin explores the trials and rewards of human relationships and creative endeavor with all the ease and insight of a writer at the top of her form

The Black Mirror and Other Stories Franz Rottensteiner, 2008-12-31 Handsomely equipped with a comprehensive introductory historical essay editor's notes and selected bibliography this distinguished anthology is a model of genre research These previously untranslated stories published from 1871 onward offer reading virtually unknown to most American and many German readers Some authors combine scientific and philosophical issues like Kurd Lasswitz in his witty tale To the Absolute Zero of Existence A Story from 2371 while others as in Erik Simon's 1983 title story pose psychological puzzles involving alien phenomena Though the earlier stories in particular demand painstaking reading all of them repay it with rewarding insights into German and Austrian culture and the many possible uses and misuses of science
