Foundations of Mathematics: A Preparatory Course Guido Walz, Frank Zeilfelder, Thomas Rießinger, 2023-11-24 This book spares you the entry level problems of mathematics by entertainingly building a bridge that gently guides you over any shoals and into the heart of college mathematics The bridge starts on one side with simple number crunching as you probably encountered it in middle school and takes you across to the basics of linear algebra differential calculus and probability which will be the main content of your first few semesters You will always face this content there and when dealing with it you can then say with confidence I know it already The authors have succeeded in writing a mathematics book for students of all disciplines and continuing professional education that is easy to read from cover to cover without getting lost in formalism

or humorless dryness but that nevertheless left you with the necessary knowledge and technical confidence after reading it Each chapter is accompanied by exercises that can be used to practice and reinforce the content taught This book is a translation of the original German edition Br ckenkurs Mathematik by Guido Walz 4th edition published by Springer Verlag GmbH DE in 2014 The translation was done with the help of artificial intelligence machine translation by the service DeepL com A subsequent human revision was done primarily in terms of content so that the book will read stylistically differently from a conventional translation Voices to the 1st German language edition At last an engaging successful preparatory course that accurately highlights the elementary but essential basic concepts Priv Doz Dr Frank Hettlich University of Karlsruhe Easy to read and compile work that is very convincing due to its entertaining nature Prof Dr Sax Kreutz University of Applied Sciences Hamburg

Wigram, 1870 Israel and the Covenants in New Testament Times Peter Williams, A Bible student reference A New Testament prophecy of a falling away from truth into apostasy and lawlessness in the final generation before Jesus Christ returns in glory is being fulfilled now and is shortly to end Yet Christianity has overwhelmingly moved so far from its first century roots that it could not even recognise this or that Christ's return is therefore now almost upon us How and why this is the case is here explained thoroughly and logically with many examples directly from the word of God In God's saving plan for the world everyone must in time make a free will choice to become part of the Israel of God in order to access eternal life in the kingdom of God The route to take is the strait and narrow way Mat 7 13 14 that very few have so far found and it involves the biblical new and old covenants which both apply to this Israel Embark on this voyage only if you are willing to be challenged about some basic Christian preconceptions be a serious open minded Bible student and trust what the Bible teaches but remember that time is short What the Bible has taught me I see as both vital and urgent for our eternal salvation yet I know of no church or individual theologian who teaches what this book deals with in any substantive way Be prepared for major challenges to your understanding just as God has challenged me In the epistles Paul refers to two Israels whom he calls Israel after the flesh I Cor 10 18 and the Israel of God Gal 6 16 I focus mainly on the latter but I also explain an unexpected but critically important connection between them Dependent on the teaching nearly all Christian denominations either teach nothing at all on it or almost the opposite of what Scripture repeatedly showed me Looking back I find this absolutely staggering Very few Christians understand that the new covenant also only applies to Israel as I will clearly show I no longer believe that the NT New Testament can be fully understood without this extra Israel dimension Had I felt I could deliver this in a more light hearted way I would have done so but its implications are too awesome and fundamental to our eternal life prospects for that Precious truth , Report of the New Jersey Agricultural Experiment Station, 1st-79th. 1880-1957-58) and the 1st-58th Report of the New Jersey
