Mazzeno,2015 Traces Hemingway s critical fortunes over the ninety years of his prominence telling us something about what we value in literature and why scholarly reputations rise and fall Hemingway burst on the literary scene in the 1920s with spare penetrating short stories and brilliant novels Soon he was held as a standard for modern writers Meanwhile he used his celebrity to create a persona like the stoic macho heroes of his fiction After a decline during the 1930s and 1940s he came roaring back with *The Old Man and the Sea* in 1952 Two years later he received the Nobel Prize While his popularity waxed and waned during his lifetime Hemingway s reputation among scholars remained strong as long as traditional scholarship dominated New approaches beginning in the 1960s brought a sea change however finding grave fault with his work and making him a figure ripe for vilification Yet during this time scholarship on him continued to appear His works still sell well and several are staples on high school and college syllabi A new scholarly edition of his letters is drawing prominent attention and there is a resurgence in scholarly attention to and approbation for his work Tracing Hemingway s critical fortunes tells us something about what we value in literature and why reputations rise and fall as scholars find new ways to examine and interpret creative work Laurence W Mazzeno is President Emeritus of Alvernia University Among other books he has written volumes on Austen Dickens Tennyson Updike and Matthew Arnold for Camden House s *Literary Criticism in Perspective* series      **The Fiction of Ernest Hemingway** N.G. Meshram,2002 The Book Projects Ernest Hemingway As An Artist With A Broader Vision Than He Is Generally Understood This Vision Highlights The Profound Sympathy For Women And For Those Who Suffer In Indifferent Rather Hostile Society The Author Has Tried To Attribute That Divine Love To Hemingway S Artistic Vision Often Denoted By The Greek Word Agape This Make Hemingway Not Only A Great Modernist Artist But Also A Sage Speaking For The Entire Humanity That Hemingway Has Obsessively

Dealt With Such Violent Themes As War Is True It Is Nonetheless True That By Doing So He Has Exposed The Futility And Destructiveness Associated With It The Hemingway Hero Is A Defeated Man But Never Crestfallen He Is Able To Retain His Dignity Even In The Face Of Crisis His Tragedy Is The Result Of Love Which For Him Is An Alternate God And Ultimately Of Labor Which He Puts In As A Matter Of Profound Faith The Book Demonstrates This Effectively And Should Be A Unique Contribution To The Hemingway Scholarship In India And Abroad F. Scott Fitzgerald Michael Glenday, 2011-12-28 From his first novel *This Side of Paradise* which brought him a blaze of youthful fame to his last unfinished novel *The Last Tycoon* F Scott Fitzgerald's appeal as one of America's most quintessential artists has continued to maintain its hold on twenty first century readers In this reader friendly study of Fitzgerald's major fiction Michael K Glenday Offers new readings of the author's canonical works including *The Great Gatsby* and *Tender Is the Night* Draws on the very latest research in his reassessment of the ideas and significance of Fitzgerald's major novels Explores the core themes of the novels as well as their considerable contribution to the spirit and complexity of modern day American culture Assuming no prior knowledge this book is ideal for those seeking a lively informed introduction to Fitzgerald's fiction as well as those looking for fresh and original insights into his extraordinary work **Re-Entering Old Spaces** Aleksandra Nikcevic-Batricevic, 2016-05-11 This book is a product of the XI International Conference on English Language and Literary Studies held in Montenegro in 2014 The old spaces were taken as a metaphorical tool for reintroducing a wide range of established topics with new approaches Space was thus understood as physical mechanical continuous linear as measurable and symbolic as subjective and relational and as aesthetic It was found on maps in architecture on theatre stages in books in hearts in one's identity in time and in theses and theories from the Aristotelian topos to Einstein's construct of space time Therefore the means of travel to these spaces and the forms the journeys take are also multifarious However so are the discursive strategies and their limitations when it comes to presenting the journeys and their destinations The contributors to this volume represent a range of nationalities and present research that either follows in the footsteps of other authors in a literal or secondary literary journey to real geographical places or observes the universal literary and old theoretical issues through new critical lenses Indeed they are often on both roads witnessing how inextricable human efforts are to finding identifying and aestheticising oneself in relation to a particular space Their contributions to this book expose how spaces were created and recreated through writing and symbolical representations in general They also show how the images of these spaces have been changing in consent to the intentions of their visitors and reveal that persistent and obstinate moment in a space that despite or in spite of changing perspectives itself refuses to be changed The book will encourage further contributions to this expanding field in the humanities In their numerous and distinct ways the contributions to this particular book maintain that understanding how spaces are conceived and conceptualised is of pronounced importance in the globalized world in which cultures are gradually losing authenticities while their spaces geographical tourist spiritual literary aesthetic are as reflective

of the visitors as they are of the hosts      *The Critical Reception of Edith Wharton* Helen Killoran, 2001 Ironically now that she is becoming recognized as a Modernist by some and as perhaps the greatest American writer of her generation the criticism often obfuscates more than it reveals The reasons reside in critics' loyalties to various theoretical approaches the objectivity of which are often compromised by political hopes This volume not only traces and analyzes the development of Whartonian literary criticism in its historical and political contexts but also allows Edith Wharton herself a literary critic to respond to various concepts through the author's deductions and extrapolations from Wharton's own words
