Vasubandhu's "Three Natures" Ben Connelly, 2022-11-08 In this book Ben Connelly shows the power of integrating early Buddhist psychology with the Mahayana emphasis on collective liberation You'll discover how wisdom from fourth century India can be harnessed to heal and transform systems of harm within ourselves and our communities The three natures *svabhavas* the imaginary dependent and complete realized natures are inherent aspects of all phenomena The imaginary nature of things is what we think they are Their dependent nature is that they appear to arise from countless conditions The complete realized nature is that they aren't as we imagine them to be things that can be grasped or pushed away The three natures form the backbone of Yogacara philosophy and by showing us how to see beyond our preconceived notions of ourselves and others beyond the things that we're convinced are true they open up a path to personal and communal healing Dive into this empowering approach to freedom from suffering from harmful personal and social patterns and to finding peace and joyfulness in the present

remarkably ecumenical Buddhist history compiled some of the most important early sources on the Tibetan imperial period preserved in his time and his work may be the best record we have of those sources today Dan Martin has rendered the richness of this history an accessible part of the world's literary heritage

The Two Truths in Indian Buddhism Sonam Thakchoe,2023-04-18 An insightful and illuminating survey of key insights into one of the most foundational and profound topics in Buddhist thought In this clear and exemplary approach to one of the core philosophical subjects of the Buddhist tradition Sonam Thakchoe guides readers through the range of Indian Buddhist philosophical schools and how each approaches the two truths ultimate truth and conventional truth In this presentation of philosophical systems the detailed argumentations and analyses of each school s approach to the two truths are presented to weave together the unique contributions each school brings to supporting and strengthening a Buddhist practitioner s understanding of reality The insights of the great scholars of Indian Buddhist history such as Vasubandhu

Bhavaviveka Kamalashila Dharmakirti Nagarjuna and Chandrakirti are illuminated in this volume with profound implications for the practice and views of modern practitioners and scholars The Vaibhashika Sautrantika Yogachara and Madhyamaka schools provide a framework for a continuum of philosophical debate that is far more interrelated and internally complex than one may presume Yet we see how the schools build upon the findings of one another leading from a belief in the realism of external phenomena to the relinquishment of any commitment to realism of either external or internal realities This fascinating movement through philosophical approaches leads us to see how the conventional and ultimate dependent arising and emptiness are twin aspects of a single reality

The Essence of Other-Emptiness Taranatha, 2007-02-09 Jeffrey Hopkins continues his groundbreaking exploration of the Jo nang ba sect of Tibetan Buddhism with this revelatory translation of one of the seminal texts from that tradition Whereas Dol bo ba s massive Mountain Doctrine authenticates the doctrine of other emptiness through extensive scriptural citations and elaborate philosophical arguments Taranatha s more concise work translated here situates the doctrine of other emptiness within the context of schools of tenets primarily the famed four schools of Tibetan Buddhism through comparing the various schools opinions on the status of the noumenon and phenomena Also included is a supplementary text by Taranatha which presents the opinions of a prominent fifteenth century Sakya scholar Shakya Chok den and contrasts them with those of the leading Jo nang ba scholar Dol bo ba

Bhartrhari, Philosopher and Grammarian Saroja Bhate, Johannes Bronkhorst, 1994-01-01 Bhartrhari lived in the tenth century c e Being both a grammarian and philosopher his influence on subsequent grammatical and philosophical thought in India has been enormous in spite of this modern scholarship has not yet given him the attention he deserves no doubt because his extent writings are difficult and were not until recently available in satisfactory editions Interest among scholars for Bhartrhari is now however growing This is the reason why an international conference on Bhartrhari was organized in January 1992 in Pune under the joint auspices of the University of Poona and the University of Lausanne Switzerland The present volume contains some of the papers read at this conference as well as an up to date bibliography on Bhartrhari

The Refutation of the Self in Indian Buddhism James Duerlinger, 2013 Since the Buddha did not fully explain the theory of persons that underlies his teaching in later centuries a number of different interpretations were developed This book presents the interpretation by the celebrated Indian Buddhist philosopher Candrak rti ca 570 650 C E Candrak rti s fullest statement of the theory is included in his Autocommentary on the Introduction to the Middle Way Madhyamak vat rabhasya which is along with his Introduction to the Middle Way Madhyamak vat ra among the central treatises that present the Pr savgika account of the Madhyamaka Middle Way philosophy In this book Candrak rti s most complete statement of his theory of persons is translated and provided with an introduction and commentary that present a careful philosophical analysis of Candrak rti s account of the selflessness of persons This analysis is both philologically precise and analytically sophisticated The book is of interest to scholars of Buddhism generally and especially to scholars of Indian Buddhist

philosophy **Yogacara Texts: Indo-Tibetan Sources of Dzogchen Mahamudra** Rodney Devenish, 2013-09-24 The Yogacara Doctrine teaches one fundamental truth namely that all beings are Buddha sattva Buddha evam or in other words all beings are aspects of one all embracing absolute awareness were they but to know it This book sets a context for the study and meditation on ten pivotal texts of Yogacara The source texts translated from a practice perspective derive from the Indo Tibetan mahasiddha tradition and are presented with an ecumenical approach As this collection of pithy Yogacara works will readily prove to the reader the ancient Practice Tradition of the Yogin rnal bhyor pa i sgrub brgyud is based on a clearly active realization of the essential nature of mind and consciousness gained through years of intensive examination and reflection Yogacara approach advocates a dynamic form of meditation that is neither suppressive nor lethargic The guide to this attainment the mechanism that sharpens the mind s penetrative and illuminative qualities is metaphysical inquiry

Burton, 2017-03-02 Buddhism is essentially a teaching about liberation from suffering ignorance selfishness and continued rebirth Knowledge of the way things really are is thought by many Buddhists to be vital in bringing about this emancipation This book is a philosophical study of the notion of liberating knowledge as it occurs in a range of Buddhist sources Buddhism Knowledge and Liberation assesses the common Buddhist idea that knowledge of the three characteristics of existence impermanence not self and suffering is the key to liberation It argues that this claim must be seen in the context of the Buddhist path and training as a whole Detailed attention is also given to anti realist sceptical and mystical strands within the Buddhist tradition all of which make distinctive claims about liberating knowledge and the nature of reality David Burton seeks to uncover various problematic assumptions which underpin the Buddhist worldview Sensitive to the wide diversity of philosophical perspectives and interpretations that Buddhism has engendered this book makes a serious contribution to critical and philosophically aware engagement with Buddhist thought Written in an accessible style it will be of value to those interested in Buddhist Studies and broader issues in comparative philosophy and religion *Indian Buddhist Philosophy*

Amber Carpenter, 2014-09-03 Organised in broadly chronological terms this book presents the philosophical arguments of the

great Indian Buddhist philosophers of the fifth century BCE to the eighth century CE Each chapter examines their core ethical metaphysical and epistemological views as well as the distinctive area of Buddhist ethics that we call today moral psychology Throughout this book follows three key themes that both tie the tradition together and are the focus for most critical dialogue the idea of anatman or no self the appearance reality distinction and the moral aim or ideal Indian Buddhist philosophy is shown to be a remarkably rich tradition that deserves much wider engagement from European philosophy Carpenter shows that while we should recognise the differences and distances between Indian and European philosophy its driving questions and key conceptions we must resist the temptation to find in Indian Buddhist philosophy some Other something foreign self contained and quite detached from anything familiar Indian Buddhism is shown to be a way of looking at the world that shares many of the features of European philosophy and considers themes central to philosophy understood in the European tradition
