Seventy Years Of Bbc Sport:

Seventy Years of BBC Sport Brian Gearing, 1999 Illustrated tribute to seventy years of BBC Sports coverage both on television and radio at home and abroad and a unique testament to a magnificent era of sporting excellence *Seventy Years of Bbc Sport*. Andre Deutsch, 2000-03-01 **British Sport: a Bibliography to 2000** Richard Cox, 2013-12-16 Volume one of a bibliography documenting all that has been written in the English language on the history of sport and physical education in Britain It lists all secondary source material including reference works in a classified order to meet the needs of the sports historian BBC Sports Report Pat Murphy, 2022-09-29 SHORTLISTED FOR THE SUNDAY TIMES SPORTS BOOK AWARDS 2023 SPORTS ENTERTAINMENT BOOK OF THE YEAR Sports Report is as much a 75 year history of sport as a BBC radio institution and Pat Murphy pays handsome tribute to a programme that is still followed affectionately by millions For nearly 75 years one BBC programme has been a constant factor in chronicling the way sport is covered in all its many facets It has been a window on the sporting world all over the globe packed tightly into every Saturday evening for the bulk of the year First broadcast in 1948 Sports Report is the longest running radio sporting programme in the world and one of the BBC's hardy perennials Pat Murphy has been a reporter on the programme since 1981 and here he sifts comprehensively through the experiences of his contemporaries and those who made their mark on Sports Report in earlier decades He hears from commentators reporters producers presenters and the production teams who regularly achieved the broadcasting miracle of getting a live programme on air without a script adapting as the hour of news reaction and comment unfolded Drawing on unique access from the BBC Archives Unit he highlights memorable moments from Sports Report details the challenges faced in getting live interviews on air from draughty noisy dressing room areas and celebrates the feat of just a small production team in the studio who somehow get the show up and running every Saturday with the clock ticking implacably on **International Sport: A Bibliography, 1995-1999** Richard William Cox, 2004-04-22 There has been an explosion in the quantity of sports history literature published in recent years making it increasingly difficult to keep abreast of developments The annual number of publications has increased from around 250 to 1 000 a year over the last decade This is due in part to the fact that during the late 1980s and 90s many clubs leagues and governing bodies of sport have celebrated their centenaries and produced histories to mark this occasion and commemorate their achievements It is also the result of the growing popularity and realisation of the importance of sport history research within academe This international bibliography of books articles conference proceedings and essays in the English language is a one stop for the sports historian to know what is new Desert Island Discs: 70 Years of Castaways Sean Magee, 2012-09-13 For seventy years now Desert Island Discs has managed that rare feat to be both enduring and relevant By casting away the biggest names of the day in science business politics showbiz sport and the arts it presents a cross sectional snapshot of the times in which we live As the decades have passed the programme has kept pace never frozen in time yet always somehow

comfortingly the same Kirsty Young BBC Radio 4's Desert Island Discs celebrates its seventieth birthday in 2012 Since the programme's deviser Roy Plomley interviewed comedian Vic Oliver in January 1942 nearly 3 000 distinguished people from all walks of life have been stranded on the mythical island accompanied by only eight records one book and a luxury Here the story of one of BBC Radio 4's favourite programmes is chronicled through a special selection of castaways Roy Plomley inventor of the programme as well as its presenter for over forty years quizzes the young Cliff Richard about these rather frenzied movements the 1960s pop sensation makes on the stage Robert Maxwell tells Plomley's successor Michael Parkinson that I will have left the world a slightly better place by having lived in it Diana Mosley assures Sue Lawley that Adolf Hitler was extraordinarily fascinating and had mesmeric blue eyes And Johnny Vegas tugs Kirsty Young's heart strings with his account of a childhood so impoverished that family pets were fair game My dad had always claimed that rabbits were livestock but we'd never eaten one before Desert Island Discs is much more than a radio programme It is a unique and enduringly popular take on our lives and times and this extensively illustrated book tells in rich detail the colourful and absorbing story of an extraordinary institution

Sport and Physical Education: The Key Concepts Tim Chandler, Mike Cronin, 2002-09-11 First published in 2002 Routledge is an imprint of Taylor Francis an informa company British Sport Richard William Cox, 2003 Volume three of a bibliography documenting all that has been written in the English language on the history of sport and physical education in Britain It lists all secondary source material including reference works in a classified order to meet the needs of the sports historian

Twelve Great Scots and Their Roots Walter Stephen, 2024-03-01 Twelve Great Scots and their Roots brings together People the Great Scots Place where they were shaped and flourished and Fame their legacy None of the Great Scots was born great There is no Robert the Bruce here no Mary Queen of Scots Although Robert III and James I get a mention There are four knights in the list but they all came from modest beginnings and made their way up the greasy pole by native genius and hard work Two of the Great Scots are still alive and it is particularly satisfying that Dr Jim Swire and Lockerbie are given close attention The Great Scots selected may be celebrated in their own fields and internationally but some may be new to some All are interesting in their own way but one or two pose a puzzle

Who turned geology upside down What has number 38 in the Periodic Table of Elements to do with a little Highland village What is a thrum What do a great Canadian city and an obscure hamlet in Mull have in common Familiar or not we have twelve interesting places with twelve interesting and sometimes unlikely stories behind them A feature of the book is its emphasis on first hand observation and thinking for oneself based on evidence Consequently each chapter has a trail so that the reader can check the veracity of the author's stories and even be inspired to cover the ground *Encyclopedia of Radio 3-Volume Set* Christopher H. Sterling, 2004-03 Produced in association with the Museum of Broadcast Communications in Chicago the Encyclopedia of Radio includes more than 600 entries covering major countries and regions of the world as well as specific programs and people networks and organizations regulation and policies audience research and radio's technology This encyclopedic work will be the first broadly conceived reference source on a medium that is now nearly eighty years old with essays that provide essential information on the subject as well as comment on the significance of the particular person organization or topic being examined
