## **Sex Dolls Uk Edition:**

*Man-Made Women* Kathleen Richardson, Charlotta Odlind, 2023-01-01 This book presents a unique feminist approach to sex dolls and sex robots taking a critical look at the academic and business narratives that serve to rationalise them As new forms of pornography porn robots this edited volume provides an urgent women s centred critique The emergence of sex robots is situated within the wider context of the attack on women s rights and the relentless rise of techno pornography As an outgrowth of the industries of prostitution pornography and child sex abuse these objects offer new ways to dehumanise women and girls While support for sex robots is positioned as progressive and emancipatory the contributors in this volume argue they reduce women to consumable parts They explore how law the arts ethics economy politics and culture are interconnected with harmful technological developments

*Sex Dolls at Sea* Bo Ruberg, 2022-06-14 Investigating and reimagining the origin story of the sex doll through the tale of the sailor s dames de voyage The sex doll and its high tech counterpart the sex robot have gone mainstream as both the object of consumer desire and the subject of academic study But sex dolls and sexual technology in general are nothing new Sex dolls have been around for centuries In *Sex Dolls at Sea* Bo Ruberg explores the origin story of the sex doll investigating its cultural implications and considering who has been marginalized and who has been privileged in the narrative Ruberg examines the generally accepted story that the first sex dolls were dames de voyage rudimentary figures made of cloth and leather scraps by European sailors on long lonely ocean voyages in centuries past In search of supporting evidence for the lonesome sailor sex doll theory Ruberg uncovers the real history of the sex doll The earliest commercial sex dolls were not the dames de voyage but the femmes en caoutchouc women made of inflatable vulcanized rubber beginning in the late nineteenth century Interrogating the sailor sex doll origin story Ruberg finds beneath the surface a web of issues relating to gender sexuality race and colonialism What has been lost in the history of the sex doll and other sex tech Ruberg tells us are the stories of the sex workers women queer people and people of color whose lives have been bound up with these technologies

*i-Minds - 2nd edition* Mari K. Swingle, 2019-05-07 An entertaining scientifically rigorous exploration of the social and biological effects of our wireless world The way we use i technology is affecting our health and happiness While programs devices information and constant connectivity can offer us ease liberation and efficiency they can also rewire our brains to feel restless disconnected unable to sleep anxious and depressed with new illnesses like FOMO fear of missing out and electro sensitivities appearing Engaging and entertaining yet scientifically rigorous this fully revised and updated second edition of *i Minds* comprehensively explores an era of screen based technology s assimilation into our lives pondering it as both godsend and plague Addressing theory popular media and industry hype *i Minds* demonstrates How constant connectivity is changing our brains The dangers of unchecked connectivity Positive steps to embrace new technologies while protecting our well being and steering our future in a more human direction *i Minds* is a must read for anyone interested in fostering health and happiness or who is struggling with the role of

screened technology in our lives      Sexual Violence Against Children in Britain Since 1965 Nick Basannavar,2021-11-30 This book investigates the changes and continuities in the ways in which sexual violence has been interpreted and represented in Britain since 1965 It explores the representational trail of the Moors murders and subsequent trial of 1966 the emergence of age of consent abolitionism in the 1970s Cleveland s child sexual abuse crisis of 1987 8 and 2010 and 20s contemplations on the Jimmy Savile scandal Harnessing research into popular media forms and a huge range of personal political and professional records Nick Basannavar carefully parses and illustrates the ways in which journalists medical workers politicians lobbyists and other groups assembled and animated their narratives revealing complex rhetorical and emotional processes This book challenges problematic conceptual dichotomies such as silence noise or ignorance knowledge It shows instead that although categories such as child sexual abuse and paedophilia may be relatively recent linguistic value constructs sexual violence against children has existed and been represented across historical moments in changeable and challenging ways      **Sexual Deviance and Society** Meredith G. F. Worthen,2021-09-30 In a society where sexualized media has become background noise we are frequently discouraged from frank and open discussions about sex and offered few tools for understanding sexual behaviors and sexualities that are perceived as being out of the norm This book encourages readers to establish new ways of thinking about stigmatized people and behaviors and to think critically about gender sex sexuality and sex crimes Sexual Deviance and Society uses sociological theories of crime deviance gender and sexuality to construct a framework for understanding sexual deviance This book is divided into four units Unit I Sociology of Deviance and Sexuality lays the foundation for understanding sex and sexuality through sociological frameworks of deviance Unit II Sexual Deviance provides an in depth dialogue to its readers about the sociological constructions of sexual deviance with a critical focus on contemporary and historical conceptualizations Unit III Deviant Sexual Acts explores a variety of deviant sexual acts in detail including sex in public fetishes and sex work Unit IV Sex Crimes and Criminals examines rape and sexual assault sex crimes against children and societal responses to sex offenders and their treatment within the criminal justice system This revised second edition includes new theoretical approaches such as Norm Centered Stigma Theory expands into new fields of criminology such as queer criminology more deeply discusses nonbinary people s experiences includes updates to the landscape of LGBTQ rights reviews new forms of sexual deviance including incels and revenge porn covers the latest developments in the MeToo movement and expands on the discussion of SM including the Fifty Shades Phenomenon In addition this edition reviews the ever evolving world of sex work and camming by examining how Pornhub OnlyFans and exotic dancers strip clubs have revolutionized sex work during the COVID 19 pandemic Utilizing an integrative approach that creates a dialogue between the subjects of gender sexuality criminology and deviance this book is a key resource for students interested in developing a critical understanding of sex sexuality and sex crime      **Feminist AI** Jude Browne,Stephen Cave,Eleanor Drage,Kerry McInerney,2023-10-22 Feminist AI Critical Perspectives on Algorithms Data and

Intelligent Machines is the first volume to bring together leading feminist thinkers from across the disciplines to explore the impact of artificial intelligence AI and related data driven technologies on human society Recent years have seen both an explosion in AI systems and a corresponding rise in important critical analyses of these technologies Central to these analyses has been feminist scholarship which calls upon the AI sector to be accountable for designing and deploying AI in ways that further rather than undermine the pursuit of social justice This book aims to be a touchstone text for AI researchers concerned with the social impact of their systems as well as theorists students and educators in the field of gender and technology It demonstrates the importance of an intersectional understanding of the risks and benefits of AI approaching feminism as a political project that aims to challenge various interlocking forms of injustice social inequality and structural relations of power Feminist AI showcases the vital contributions of feminist scholarship to thinking about AI data and intelligent machines as well as laying the groundwork for future feminist scholarship on AI It brings together scholars from a variety of disciplinary backgrounds from computer science software engineering and medical sciences to political theory anthropology and literature It provides an entry point for scholars of AI science and technology into the diversity of feminist approaches to AI and creates a rich dialogue between scholars and practitioners of AI to examine the powerful congruences and generative tensions between different feminist approaches to new and emerging technologies It features original and essential works specially selected to span multiple generations of practitioners and scholars These contributors are also attuned to conversations at industry level around the risks and possibilities that frame the drive to adopt AI This collection reflects the increasingly blurred divide between the academy industry and corporate research groups and brings interdisciplinary feminist insights together with postcolonial studies disability theory and critical race studies to confront ageism racism sexism ableism and class based oppressions in AI This is an open access title available under the terms of a CC BY NC ND 4.0 International licence It is free to read on the Oxford Academic platform and offered as a free PDF download from OUP and selected open access locations

inequality and harassment are being coded into the future we will all have little choice about living in unless we seize this moment to demand change Gripping courageous and eye opening The New Age of Sexism exposes a phenomenon we can't afford to ignore any longer Our future is on the line We need to act now before it is too late Urgent reading for anyone who is interested in the intersection of tech and gender equality and indeed anyone who wants to be a part of building a better future free from misogyny EMMA LOUISE BOYNTON A brilliantly researched incredibly illuminating and frequently chilling account of the next chapter in tech's ongoing assault on our core values A chapter that is already unfolding around us all JAMES O BRIEN

**Artificial Women** Julie Wosk, 2024-04-02 Enhanced by artificial intelligence today's simulated females are becoming ever more lifelike as the virtual vies with the real They have already had a dramatic impact on personal relationships on our views of women and our ideas about what it means to be human From sex dolls to Siri talking Barbies to robotic mothers Artificial Women explores the ways in which today's simulated females both real and fictional reflect and expose our own ideas about sexuality gender and the impact of simulations on social relationships Join Julie Wosk as she probes the realm of compliant robot sex workers nurturing genial caregivers and companions virtual assistants like Siri and Alexa and rebellious creations in film television literature art photography and current developments in robotics These simulated women often reflect old stereotypes but also highlight a new breed of female robots cyborgs and dolls that possess agency self awareness and autonomy Artificial Women pushes the boundaries of culture studies to consider how new digital technologies artificial intelligences and burgeoning simulations affect our own understandings of ourselves

Six in a Bed Roanne van Voorst, 2024-04-02 Love is the most important and intense experience of our life It pushes us to elation to heartbreak to sing for joy and sob in disappointment Connecting in this way to others is an essential quality of being human without love we don't learn and develop properly as children and we don't flourish as adults in short we're starved of what we need But love is on the verge of monumental change Sex robots are already on the market polyamory is gaining ground drugs are being developed that can make you fall in love and AI and robotics are set to revolutionize how we relate to each other Debates about whether more than two people should be able legally to get married are heating up at the same time an increasing number of people have decided to stay single and who go by the name of sologamists The future's anthropologist Roanne van Voorst spent three years researching love's fluid landscape and immersing herself in today's latest trends to gain insight into the human of tomorrow She cultivated a virtual friendship hired a rentable friend and an erotic masseuse shared a bed with sex dolls and flirted with artificial intelligence She dated and danced in a virtual world spoke to polyamorists sologamists sex workers pansexuals asexuals heterosexuals homosexuals men women and people who don't accept the binary gender label She wanted to know how changes to love are changing our species This book is her brilliantly engaging answer

*Feminist Philosophy of Technology* Janina Loh, Mark Coeckelbergh, 2019-12-31 There has been little attention to feminism and gender issues in mainstream philosophy of technology and vice versa Since the beginning of the so-called second wave

feminism in the middle of the 20th century there has been a growing awareness of the urgency of a critical reflection of technology and science within feminist discourse But feminist thinkers have not consistently interpreted technology and science as emancipative and liberating for the feminist movement Because technological development is mostly embedded in social political and economic systems that are patriarchally hierarchized many feminists criticized the structures of dominance marginalization and oppression inherent in numerous technologies Therefore the question of defining and ascribing responsibility in technics and science is essential for this anthology regarding for instance the technological transformation of labor the life in the information society and the relationship between humans and machines *Sex Robots* Ruiping Fan, Mark J. Cherry, 2021-11-03 This book provides cross cultural ethical exploration of sex robots and their social impact What are the implications of sex robots and related technological innovations for society and culture How should we evaluate the significance of sexual relations with robots that look like women men or children Critics argue that sex robots present a clear risk to real persons and a social degradation that will increase sexual violence objectify women encourage pedophilia reinforce negative body images increase forms of sexual dysfunction and pass on sexually transmitted disease Proponents judge robotic sexual companionship as just another step in the exploration of human desire They see sex robots and similar technology such as virtual reality pornography as providing autonomy affirming companionship for the lonely and a relatively harmless outlet for sexual fantasies that avoids the use of human prostitutes and thus reduces sexual victimization Some appreciate sex robots as a social evil others as a positive good and still others as a harmless pastime How we come to terms with such conceptual and moral concerns will have significant implications for society and the future of human relations This book is of great interest to researchers in bioethics human sexual behavior AI ethics and philosophy of sex

The Smart Wife Yolande Strengers, Jenny Kennedy, 2021-08-31 The life and times of the Smart Wife feminized digital assistants who are friendly and sometimes flirty occasionally glitchy but perpetually available Meet the Smart Wife at your service an eclectic collection of feminized AI robotic and smart devices This digital assistant is friendly and sometimes flirty docile and efficient occasionally glitchy but perpetually available She might go by Siri or Alexa or inhabit Google Home She can keep us company order groceries vacuum the floor turn out the lights A Japanese digital voice assistant a virtual anime hologram named Hikari Azuma sends her master helpful messages during the day an American sexbot named Roxxy takes on other kinds of household chores In *The Smart Wife* Yolande Strengers and Jenny Kennedy examine the emergence of digital devices that carry out wifework domestic responsibilities that have traditionally fallen to human wives They show that the principal prototype for these virtual helpers designed in male dominated industries is the 1950s housewife white middle class heteronormative and nurturing with a spick and span home It's time they say to give the Smart Wife a reboot What's wrong with preferring domestic assistants with feminine personalities We like our assistants to conform to gender stereotypes so what For one thing Strengers and Kennedy remind us the design of gendered devices re inscribes those

outdated and unfounded stereotypes Advanced technology is taking us backwards on gender equity Strengers and Kennedy offer a Smart Wife manifesta proposing a rebooted Smart Wife that would promote a revaluing of femininity in society in all her glorious diversity     Understanding and Preventing Community Violence James F.
