Ferraro, 2021-11-18 Why marry The personal question is timeless Yet the highly emotional desires of men and women during the period between 1450 and 1650 were also circumscribed by external forces that operated within a complex arena of sweeping economic demographic political and religious changes The period witnessed dramatic religious reforms in the Catholic confession and the introduction of multiple Protestant denominations the advent of the printing press European encounters and exchange with the Americas North Africa and southwestern and eastern Asia the growth of state bureaucracies and a resurgence of ecclesiastical authority in private life These developments together with social religious and cultural attitudes including the constructed norms of masculinity femininity and sexuality impinged upon the possibility of marrying The nine scholars in this volume aim to provide a comprehensive picture of current research on the cultural history of marriage for the years between 1450 and 1650 by identifying both the ideal templates for nuptial unions in prescriptive writings and artistic representation and actual practices in the spheres of courtship and marriage rites sexual relationships the formation of family networks marital dissolution and the overriding choices of individuals over the structural and cultural constraints of the time *A Cultural History of Marriage in the Renaissance and Early Modern Age* presents an overview of the period with essays on Courtship and Ritual Religion State and Law Kinship and Social Networks the Family Economy Love and Sex the Breaking of Vows and Representations of Marriage John Calvin (Afterword by R. C. Sproul) Derek Thomas, John W. Tweeddale, 2019-11-05 More than 500 years ago 16th century Reformer John Calvin was born a theologian whose teachings set the stage for reformation of the church around the world The modern world is in continual need of his Christ exalting doctrine and vision of the Christian life In 20 essays by leading Reformed pastors and scholars this primer explores Calvin's life teaching and legacy for a new generation This book is a clarion call to Christians everywhere to take seriously the ongoing need of theological reformation across the globe *Covenant Marriage in Comparative Perspective* John Witte (Jr.), Eliza Ellison, 2005-10-20 Covenant marriages requiring premarital counseling and tighter strictures on divorce have recently emerged in some American states At the same time the doctrine of covenant has reemerged in religious circles as a common way to map the spiritual dimensions of marriage *Covenant Marriage in Comparative Perspective* brings together eminent scholars from Jewish Orthodox Catholic Protestant and Islamic religious traditions as well as experts on American covenant marriage The introduction carries out an unprecedented comparison of contract and covenant in Jewish Christian and Muslim understandings of marriage The rest of the book elucidates various facets of marriage from the perspectives of both jurisprudence and religion producing an enlightening integrated picture of the legal and spiritual dimensions of marriage Melanchthon and Calvin on Confession and Communion Herman Speelman, 2016-01-18 Melanchthon and Calvin were late medieval people stemming from a world of order and unity and at

the same time they fully lived in the early modern world in which everything was changing In this new world they committedly enthusiastically and restlessly sought to introduce some order in theory as well as practice The sixteenth century church was governed by multiple coercive constructions and systems Did the two Reformers really succeed in disconnecting themselves from them and to what extent did they connect to for example the existing forms of eucharistic piety The established church had come under serious criticism and people were massively turning their backs on the less than attractive ecclesiastical practices something connecting that era to ours In these highly turbulent and suspenseful 1520s when it was not yet clear whether the ten year old evangelical movement in Germany was still viable Melanchthon tried to introduce at least some order into the chaos by means of a confession accompanied by a church order As it turned out the new doctrine on Christian freedom and justification by faith alone was easily interpreted in a one sided manner Through a careful analysis of the sources Herman A Speelman examines Melanchthon s church visitations in 1527 and Calvin s five attempts to shape the modernisation of ecclesiastical life In addition to the gospel also penance and the preaching of the law received a place in the Protestant liturgy and spirituality Melanchthon s and Calvin s contributions were not only to have an enormous impact on the theological evolutions in the evangelical movement in Europe but they also proved to be of eminent importance for the way in which the new doctrine was given meaning in practice Their instructions continue to be highly influential in large parts of Europe today **Calvin** Bruce Gordon,2009-07-21 During the glory days of the French Renaissance young John Calvin 1509 1564 experienced a profound conversion to the faith of the Reformation For the rest of his days he lived out the implications of that transformation as exile inspired reformer and ultimately the dominant figure of the Protestant Reformation Calvin s vision of the Christian religion has inspired many volumes of analysis but this engaging biography examines a remarkable life Bruce Gordon presents Calvin as a human being a man at once brilliant arrogant charismatic unforgiving generous and shrewd The book explores with particular insight Calvin s self conscious view of himself as prophet and apostle for his age and his struggle to tame a sense of his own superiority perceived by others as arrogance Gordon looks at Calvin s character his maturing vision of God and humanity his personal tragedies and failures his extensive relationships with others and the context within which he wrote and taught What emerges is a man who devoted himself to the Church inspiring and transforming the lives of others especially those who suffered persecution for their religious beliefs **Hopes for Better Spouses** A. G. Roeber,2013-06-13 Modern Protestant debates about spousal relations and the meaning of marriage began in a forgotten international dispute some 300 years ago The Lutheran Pietist ideal of marriage as friendship and mutual pursuit of holiness battled with the idea that submission defined spousal roles Exploiting material culture artifacts broadsides hymns sermons private correspondence and legal cases on three continents Europe Asia and North America A G Roeber reconstructs the roots and the dimensions of a continued debate that still preoccupies international Protestantism and its Catholic and Orthodox critics and observers in the twenty first century A Companion

to Paul in the Reformation R. Ward Holder,2009 The reception and interpretation of the writings of St Paul in the early modern period forms the subject of this volume Written by experts in the field the articles offer a critical overview of current research and introduce the major themes in Pauline interpretation in the Reformation

Monstrous Fictions Carl J. Rasmussen,2016-09-14 The Reformer John Calvin has influenced America in a formative way Calvin remains respected as a theologian to whose work intellectuals on both the right

and left appeal In the nineteen nineties Evangelicals and Catholics Together ECT formed a politically influential ecumenical coalition to oppose abortion and change the culture Its ecumenism of the trenches influenced the administration of George W Bush and continues to influence religious elements in the Tea Party Evangelicals in the coalition presume to speak for Calvin This book provides a counter argument Calvin rejects the ethics advocated by ECT an ethics of individual virtue conscience and natural right Instead he affirms an ethics of obedience to the authority of secular government as an institution with a divinely ordained mandate This work considers the following themes in Calvin Calvin on Faith Modern and postmodern philosophical approaches including Reformed epistemology do not explain how Calvin understood faith Faith is divine activity Belief is human activity Faith is not a belief system or worldview on which to base a political theology The author provides four Augustinian theses about Calvin on faith Calvin on Sanctification Calvin rejected virtue ethics or an ethics of individual conscience His ethics require self denial and service An important requirement of his ethics is obedience to government The author provides three theses about Calvin on sanctification as a critique of attempts to revive virtue ethics Calvin on Natural Law Calvin s doctrine of natural law is one of the most vexed issues in Calvin studies The author provides five theses to clarify Calvin s doctrine of natural law For Calvin secular government transcends the authority of conscience and Christians in conscience are required to obey it In conclusion the author discusses Karl Barth s interpretation of Calvin and its relevance for the church struggle against the Third Reich Based on his analysis of Calvin he provides a defense of gay marriage and the right to terminate a pregnancy as well as an analysis of religious freedom Calvin would reject ECT s theology of virtue conscience and natural law But he would affirm its ecumenism as a possible path out of culture war
