Life, Love, and Sex Joseph H. Casey S.J., 2004-04-12 People are being forced today to take a stand on same sex marriage assisted suicide and capital punishment As they ponder how to vote on these issues a critical question emerges Is this morally right At the same time people have become confused about the morality of sex in general What should they teach their teenagers and how talk with their older sons and daughters about living together Undergirding current sexual practice is the unquestioned acceptance of contraception Should contraception be explicitly examined Besides clarifying each issue I let the reader know what the Church teaches using the Catechism of the Catholic Church and Pope John Paul II's encyclicals And I show how reasonable the Church's position is utilizing the writings of Germain Grisez a distinguished lay moral theologian and philosopher To ensure readers understand Grisez's solutions to these diverse issues I explain in simple terms his ethical approach Non Catholics will find especially significant the human reasoning behind such teachings They and Catholics can dialogue on this level The Pope's early writings on conjugal love may prove impressive People just do not discuss abortion today for positions seem hardened and unbreachable By posing a series of fundamental questions logically interrelated I hope to breach the unbreachable At least it will be clear precisely where participants part company from one another The most sensitive issue I find to be homosexuality I have rewritten the treatment a number of times in an effort to be clear fair and sensitive

Sex in Language Eliecer Crespo-Fernández, 2015-08-27 Metaphor has long provided a rich way to speak about the unspeakable to refer to delicate issues Sex is one such area This book follows a cognitive linguistic and relevance theoretic approach to the language of sex considering metaphor as a bridge that brings together mind and language It does this through the analysis of the antithetical mechanisms of verbal mitigation and offence These two mechanisms are more commonly known as euphemism

Sex, God, and the Brain Andrew Newberg, 2024-08-06 For the modern world it seems as if sexuality and spirituality have always been at odds But what if the two are actually deeply connected And what if science could prove this connection From neuroscientist Andrew Newberg Sex God and the Brain argues that our religious and spiritual experiences derive directly from our sexual being While others have speculated on a connection between religion and sex Newberg is the first to demonstrate with groundbreaking brain scan research gained through Orgasmic Meditation studies that the underlying biological mechanism of religious spiritual and sexual experiences are identical With research technical enough for academics but explained simply enough for the everyday reader Sex God and the Brain will reframe our understanding of the link between spirituality and sexuality

Taking Sex Differences Seriously Steven E. Rhoads, 2010-05 Most discussions of sexuality today assume that differences between men and women are insubstantial and that the boundary between the masculine and the feminine is highly porous To reflect the idea that male and female roles have been socially constructed they speak of gender instead of sex and ridicule the double standard of studs and sluts Because men and women are virtually interchangeable it is argued men should do an equal share of domestic work so that women can compete equally with men outside the home This vision of androgyny has compelling aspects But Dr Steven Rhoads finds one problem whatever we might like to believe sex

distinctions remain a deeply rooted part of human nature In *Taking Sex Differences Seriously* he assembles a wealth of scientific evidence showing that these differences are hardwired into our biology They range from the subtle women instinctively carry babies on their left side near the maternal heartbeat to the profound women with higher testosterone levels are more promiscuous more competitive and more conflicted about having children Rhoads explores male female disparities in aggression and dominance in sexuality and nurturing He shows how denial of these differences has affected phenomena such as the sexual revolution and fatherless families and policies such as Title IX and the call for universal day care But he also says that society is improved by discouraging some natural tendencies like men s temptation toward predatory sex and encouraging others like women s greater interest and talent in caring for babies Steven Rhoads dispels social clichs and spotlights biological realities in this provocative book Meticulously researched and elegantly written *Taking Sex Differences Seriously* is a groundbreaking look at the way we are **The Laughing Guide to a Better Life** Isaac Prilleltensky, Ora Prilleltensky, 2019-01-21 The motto of this book is smarter through laughter If you can laugh about it you can probably change it The authors use a heavy dose of humor the laughing side and a healthy measure of science the learning side to help you improve yourself your relationships and your surroundings The book introduces the I CAN model which stands for Interactions Context Awareness and Next steps Interactions are powerful determinants of health and happiness There are two skills that can make our interactions healthier the ability to connect and the capacity to communicate Context is also a powerful but often neglected driver of change The contexts of our lives consist of people places and things To leverage context to our advantage we need to master the art of reading cues and changing cues in the environment Awareness is the next driver of change Regardless of where you are in the process of change there is always a next step to strengthen your change maintain your gains and keep thriving To do that you need to make a plan and you need to make it stick The book will teach you how to use these drivers of change to flourish and thrive *Husband Hunting Made Easy* Patrick Price, 1998-06-15 The modern gay man is his own best friend has healed his inner child is in touch with the warrior within has memorized the Kama Sutra and owns a little black book that would make Casanova jealous Why then do so few of them have the house dog Range Rover and husband that so many yearn for *Husband Hunting Made Easy* finally reveals the secrets to finding getting and keeping the husband of your dreams From the basics What is a husband and why do I want one to the advanced course In laws how not to kill them this is the everything you need to know guide From blind dates Hint Never let Mom set you up to dress A thong is always wrong to avoiding pathetic opening lines Care to lambada Patrick Price leads you past the pitfalls and pratfalls of landing the nearly perfect man Welfare Gwendolyn Mink, Rickie Solinger, 2003-09 A documentary history of welfare policy in the U S
