Sex And Repression In Savage Society Vol 4 Bronislaw Malinowski:

Sex and Repression in Savage Society Bronislaw Malinowski, 2003-09-02 Part of the new Routledge Classics series Malinowski was one of the founders of social anthropology and one of the first to become involved in ethnographic fieldwork A core primary text for undergraduates in anthropology philosophy and psychology **Gender and Sexuality in Ghanaian Societies** Martha Donkor, Amoaba Gooden, 2022-09-01 Gender and Sexuality in Ghanaian Societies explores cultural dynamics embedded in the interstices of agency vulnerability and power within patriarchal structures that seek to regulate the sexual lives of women in Ghana Emphasizing the centrality of gender as a motive force for sexual expression the book stresses that contemporary Ghanaian women s sexual expressions are caught at the intersection of traditional gender expectations of heteronormativity and women s perceptions of how heteronormativity should operate in their lives The book s emphasis on women s agency is significant because it highlights a flaw in earlier Western accounts of African women s lives under Africa s special brand of patriarchy that held women in total subjection to men Gender and Sexuality debunks that trope and presents Ghanaian women s dynamism resilience and vulnerabilities embedded in the diverse cultures in which they live **Malinowski and the Work of Myth** Ivan Strenski, 2014-07-14 Bronislaw Malinowski 1884 1942 was a wide ranging thinker whose ideas affected almost every branch of the social sciences And nowhere is this impact more evident or more persistent than on the study of myth ritual and religion He articulated as never before or since a program of seeing myths as part of the functional pragmatic or performed dimension of culture that is as part of activities that did certain tasks for particular human communities Spanning his entire career this anthology brings together for the first time the important texts from his work on myth Ivan Strenski s introduction places Malinowski in his intellectual world and traces his evolving conception of mythology As Strenski points out Malinowski was a pioneer in applying the lessons of psychoanalysis to the study of culture while at the same time he attempted to correct the generalizations of psychoanalysis with the cross cultural researches of ethnology With his growing interest in psychoanalysis came a conviction that myths performed essential cultural tasks in chartering all sort of human institutions and practices Originally published in 1992 The Princeton Legacy Library uses the latest print on demand technology to again make available previously out of print books from the distinguished backlist of Princeton University Press These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905 The Cambridge World History of Sexualities: Volume 1, General Overviews Merry E. Wiesner-Hanks, Mathew Kuefler, 2024-04-30 Volume I offers historiographical surveys and general overviews of central topics in the history of world sexualities Split across twenty two chapters this volume places the history of sexuality in dialogue with anthropology women s history LGBTQ history queer theory and public history as well as examining the impact Freud and

Foucault have had on the history of sexuality The volume continues by providing overviews on the sexual body family and marriage the intersections of sexuality with race and class male and female homoerotic relations trans and gender variant sexuality the sale of sex sexual violence sexual science sexuality and emotion erotic art and literature and the material culture of sexuality

Contents Emile Durkheim *The Elementary Forms of the Religious* Edward Burnett Tylor *Primitive culture* vol 1 2 Alfred C Haddon *Magic and Fetishism* *Legends of the Torres Straits* *History of anthropology* Margaret Mead *Coming of Age in Samoa* Bronis aw Malinowski *Argonauts of the Western Pacific* *Crime and Custom in Savage Society* *Myth in Primitive Psychology* *Sex and Repression in Savage Society* *Freedom the Spirits of the Dead in the Trobriand Islands*

Queer Theory and the Jewish Question Daniel Boyarin, Daniel Itzkovitz, Ann Pellegrini, 2003 Table of contents

The Ground Between Veena Das, Michael Jackson, Arthur Kleinman, Bhargupati Singh, 2014-04-21 The guiding inspiration of this book is the attraction and distance that mark the relation between anthropology and philosophy This theme is explored through encounters between individual anthropologists and particular regions of philosophy Several of the most basic concepts of the discipline including notions of ethics politics temporality self and other and the nature of human life are products of a dialogue both implicit and explicit between anthropology and philosophy These philosophical undercurrents in anthropology also speak to the question of what it is to experience our being

in a world marked by radical difference and otherness In *The Ground Between* twelve leading anthropologists offer intimate reflections on the influence of particular philosophers on their way of seeing the world and on what ethnography has taught them about philosophy Ethnographies of the mundane and the everyday raise fundamental issues that the contributors grapple with in both their lives and their thinking With directness and honesty they relate particular philosophers to matters such as how to respond to the suffering of the other how concepts arise in the give and take of everyday life and how to be attuned to the world through the senses Their essays challenge the idea that philosophy is solely the province of professional philosophers and suggest that certain modalities of being in the world might be construed as ways of doing philosophy Contributors Jo o Biehl Steven C Caton Vincent Crapanzano Veena Das Didier Fassin Michael M J Fischer Ghassan Hage Clara Han Michael Jackson Arthur Kleinman Michael Puett Bhrigupati Singh *Affairs to Remember* Bruce Babington, Peter William Evans, 1989 *Bronislaw Malinowski's Concept of Law* Mateusz Stępień, 2016-09-26 This book discusses the legal thought of Bronislaw Malinowski 1884 1942 undoubtedly one of the titans of social sciences who greatly influenced not only the shape of modern cultural anthropology but also the social sciences as a whole This is the first comprehensive work to focus on his legal conceptions while much has been written about his views on language magic religion and culture his views on law have not been fairly reconstructed or recapitulated A glance at the existing literature illustrates how little has been written about Malinowski s understanding of law especially in the legal sciences This becomes even more evident given the fact that Malinowski devoted much of his scholarly work to studying law especially in the last period of his life during which he conducted broad research on law and primitive jurisprudence The main aim of this book is to address this gap and to present in detail Malinowski s thoughts on law The book is divided into two parts Part I focuses largely on the impact that works of two distinguished professors from his alma mater L Dargun and S Estreicher had on Malinowski s legal thoughts while Part II reconstructs Malinowski s inclusive broad and multidimensional understanding of law and provides new readings of his legal conceptions mainly from the perspective of reciprocity The book offers a fresh look at his views on law paving the way for further studies on legal issues inspired by his methodological and theoretical achievements Malinowski s understanding of law provides a wealth of fodder from which to formulate interesting research questions and a solid foundation for developing theories that more accurately describe and explain how law functions based on new findings in the social and natural sciences **Sex, Politics and Society** , 2014-05-22 A pioneering study which has become an established classic in its field *Sex Politics and Society* provides a lucid and comprehensive analysis of the transformations of British sexual life from 1800 to the present These changes are firmly located in the wider context of social change from industrialization and the experience of Empire through the establishment of the welfare state to the rise of new social movements such as feminism and gay liberation and new forms of social conservatism Now fully revised and updated and with a new chapter bringing the story right up to date this new edition considers the transformation of the sexual world

through globalization and the internet the changing impact of the AIDS pandemic over the last thirty years the influence of new currents in social and cultural theory on the study of sexuality the gradual depoliticization and mainstreaming of sexuality within historical study Combining rich empirical detail with innovative theoretical insights *Sex Politics and Society* remains at the cutting edge of the subject and this third edition will inspire and provoke a whole new generation of readers in history sociology social policy and the study of sexuality Ernest Gellner's Legacy and Social Theory Today Petr Skalník, 2022-10-28 This edited volume examines the critical issues of the 21st century through the prism of Ernest Gellner's work The contributors look critically at Gellner's legacy questioning whether he remains an inspiration for today's social theorists Chapters proactively probe Gellner's thoughts on a variety of pressing topics modernity postcolonialism nationalism and more without losing sight of current debates on these issues This volume further brings these debates to life by having each chapter followed by a comment by an academic peer of the chapter author thus transforming the text into a lively and dynamic conversation *James and John Stuart Mill* Bruce Mazlish, 2017-09-29 The story of James and John Stuart Mill is one of the great dramas of the 19th century In the tense yet loving struggle of this extraordinarily influential father and son we can see the genesis of evolution of Liberal ideas about love sex and women wealth and work authority and rebellion which ushered in the modern age The result of more than a decade of research and reflection this is a study of the relationship between James Mill the self-made utilitarian philosopher who tried with only partial success to shape his son in his own image Mazlish integrates psychology and intellectual history as part of his larger and continuing effort to spur deeper understanding of the character limitations and possibilities of the social sciences John Stuart Mill's rebellion against a joyless loveless upbringing one in strict accordance with the principles of Utilitarianism was rooted in a powerful Oedipal struggle against his father's authority Mazlish describes this rebellion as playing an important role in the genesis of classical nineteenth century liberalism Behind this intellectual development were the women in Mill's life Harriet the mother never mentioned by her son in his autobiography and Harriet Taylor with whom Mill lived in a scandalous if chaste ménage à trois It was this long relationship which informed his famous essay *The Subjection of Women* one of the most eloquent feminist statements ever written A work of brilliant historical research and psychological insights *James and John Stuart Mill* shows how the nineteenth century struggle of fathers and sons shaped the social transformation of society Radical Claims in Freudian Psychoanalysis M. Andrew Holowchak, 2011-12-16 *Radical Claims in Freudian Psychoanalysis* Point Counterpoint edited by M. Andrew Holowchak features pro and con essays on some of the most extreme Freudian claims including the Freudian unconscious and the Oedipus complex The format of this volume allows for a close examination of the contentious issues in some of the most radical claims of Freud's psychoanalysis from different viewpoints **Professing Sociology** Irving Horowitz, 2017-07-05 *Professing Sociology* was originally published at a time when sociology commanded widespread interest and public funding Written by one of the leaders of the new sociology of the late sixties this volume captures the

nature and intensity of the field's intellectual foundations and scope. It reveals the field's post World War II development as a scientific discipline and as a profession and includes the author's most significant writings on critical trends shaping the field.

Irving Louis Horowitz divides the life cycle of sociology into three main sections. The first deals with the inner life of sociology covering basic theoretical issues uniting and dividing the profession. In a second section Horowitz shows the institutions and sources from which the struggle of ideas is nourished. A third section shows how political life shapes the inner life of American sociology. Horowitz gives a great deal of attention to international social science, to the relationship of social science to public policy and to federal projects and grant agencies and their effects on research.

Irving Louis Horowitz was undoubtedly influential in shaping his field and *Professing Sociology* offers valuable insights into how ideas become part of the fabric of professional life. As the new introduction by Howard G. Schneiderman shows, *Professing Sociology* provides a clear picture of sociology at the height of its importance.

Wisdom's Passing Steven Porter, 1989 First Published in 1989 *Wisdom's Passing* is at once a history commentary and blueprint for positive change unlike any other book on education in the last quarter century. The author offers his recommendations to seek to provide an evolutionary reform rather than the typical new method that will solve problems with the American Education system.

Matrilineal Kinship David Murray Schneider, 1974

Social class and mental illness August de Belmont Hollingshead, 1958

Conflicts in Feminism Marianne Hirsch, Evelyn Fox Keller, 2015-10-15 *Conflicts in Feminism* proposes new strategies for negotiating and practicing conflict in feminism. Noted scholars and writers examine the most critically divisive issues within feminism today with sensitivity to all sides of the debates. By analyzing how the debates have worked for and against feminism and by promoting dialogue across a variety of contexts, these provocative essays explore the roots of divisiveness while articulating new models for a productive discourse of difference.

Education and Anthropology Annette Rosenstiel, 2019-07-23 Originally published in 1977 and compiled over a period of 25 years of teaching and research in the fields of education and anthropology, this annotated bibliography was designed as a single source reflecting 1. historical influences 2. current trends 3. theoretical concerns and 4. practical methodology at the interfaces of these disciplines. All entries listed alphabetically by author are numbered for ready reference and the material covered spans nearly three centuries from the earliest entry in 1689 to the most recent in 1976. The volume also contains entries for items dealing with the teaching of anthropology and the use of anthropological concepts and data in teaching.

The Materiality of Love Anna Malinowska, Michael Gratzke, 2017-09-27 Drawing on love studies and research in material cultures, this book seeks to re-examine love through materiality studies, especially their recent incarnations: new materialism and object-oriented philosophy, to spark a debate on the relationship between love objects and forms of materializing affection. It focuses on love as a material form and traces connections between feelings and materiality, especially in relation to the changing notion of the material as marked by digital culture as well as the developments in understanding the nature of non-human affect. It provides insight into how

materiality in its broadest sense impacts the understanding of the meanings and practices of love today and reversely how love contributes to the production and transformation of the material world
