 Inequality limits young people s chances in life Yet equality is the basis of democracy and Article 14 of the European
 Convention on Human Rights secures the rights and freedoms of the young without discrimination on any ground Research
 shows that inequality in opportunities wealth or health for example is widespread in Europe and that the citizens of richer
 countries do not necessarily have healthier profiles than those of poorer countries The citizens of egalitarian countries on the
 other hand have the highest life expectancy This book examines many aspects of inequality and opportunity for young people
 including schooling employment social exclusion labour migration trafficking disability cultural and religious discrimination
 youth work and opposition and resistance *Ethics and Sex* Igor Primoratz,2003-09-02 Ethics and Sex presents a systematic
 study of the nature and moral significance of human sexuality and of the major issues in sexual morality The book is divided
 into two main parts Part One gives a critical analysis of the key conceptions of human sexuality Part Two discusses the most
 important issues in sexual morality monogamy adultery prostitution homosexuality paedophilia sexual harassment and rape
 In this controversial and accessible book the author demonstrates that many of the prohibitions that make up conventional
 sexual morality cannot withstand critical scrutiny **UI Research Exchange** ,1981 *Inventory of the County Archives of*

writers have developed to celebrate homosexuality Examining such writers as E M Forster James Baldwin Sylvia Townsend Warner and Audre Lourde this wide ranging book demonstrates how literature has been one of the few cultural spaces in which sexual outsiders have been able to explore forbidden desires From the humiliating trials of Oscar Wilde to the appalling stigmatisation of people living with AIDS Sexual Sameness reveals the persistent homophobia that has until recently almost completely inhibited our understanding of lesbian and gay writing In opening up homosexual literature to informed and objective methods of reading Sexual Sameness will be of interest to a large lesbian and gay readership as well as to students of gender studies literary studies and the social sciences *Unemployment Insurance Occasional Paper* ,1981
