Sex Schools And Society International Perspectives:

Sex, Schools, & Society Stewart Fraser,1972 **Too Hot to Handle** Jonathan Zimmerman,2015-02-22 The first comprehensive history of sex education around the world Too Hot to Handle is the first truly international history of sex education As Jonathan Zimmerman shows the controversial subject began in the West and spread steadily around the world over the past century As people crossed borders however they joined hands to block sex education from most of their classrooms Examining key players who supported and opposed the sex education movement Zimmerman takes a close look at one of the most debated and divisive hallmarks of modern schooling In the early 1900s the United States pioneered sex education to protect citizens from venereal disease But the American approach came under fire after World War II from European countries which valued individual rights and pleasures over social goals and outcomes In the so called Third World sex education developed in response to the deadly crisis of HIV AIDS By the early 2000s nearly every country in the world addressed sex in its official school curriculum Still Zimmerman demonstrates that sex education never won a sustained foothold parents and religious leaders rejected the subject as an intrusion on their authority while teachers and principals worried that it would undermine their own tenuous powers Despite the overall liberalization of sexual attitudes opposition to sex education increased as the century unfolded Into the present it remains a subject without a home Too Hot to Handle presents the stormy development and dilemmas of school based sex education in the modern world **Sex, Schools, & Society** Stewart E. Fraser,1972

Health Education in Context: An International Perspective on Health Education in Schools and Local Communities Neil Taylor,Frances Quinn,Michael Littledyke,Richard K. Coll,2012-09-07 This book presents an international perspective on health education and specifically the influence that context has on this aspect of education The focus includes both formal and non formal health education and the factors that impact upon its effectiveness particularly in non Western and non English speaking contexts i e outside the UK USA Australia NZ etc An important feature of the book is that it draws upon the experiences and research of local experts representing the perspectives of an extremely diverse cohort across the world 22 countries and 2 regions in total The book addresses topics such as the development and implementation of health education in different countries the influence of political cultural societal or religious mores governmental or ministerial drives economic or other pressures driving curriculum reform and the influence of external assessment regimes on health education By embedding discussions of health education in local contexts and representing a diversity of perspectives on this important topic this book highlights both barriers and enablers to improving health education across the globe **International Perspectives on Education, Religion and Law** Charles J Russo,2014-06-05 This volume examines the legal status of religion in education both public and non public in the United States and seven other nations It will stimulate further interest research and debate on comparative analyses on the role of religion in schools at a time when the place of religion is of vital interest in most parts of the world This interdisciplinary volume includes

chapters by leading academicians and is designed to serve as a resource for researchers and educational practitioners providing readers with an enhanced awareness of strategies for addressing the role of religion in rapidly diversifying educational settings There is currently a paucity of books devoted solely to the topic written for interdisciplinary and international audiences involving educators and lawyers and this book will clarify the legal complexities and technical language among the law education and religion

International Perspectives on the Teaching and Learning of Geometry in Secondary Schools Patricio Herbst,Ui Hock Cheah,Philippe R. Richard,Keith Jones,2018-04-27 This book presents current perspectives on theoretical and empirical issues related to the teaching and learning of geometry at secondary schools It contains chapters contributing to three main areas A first set of chapters examines mathematical epistemological and curricular perspectives A second set of chapters presents studies on geometry instruction and teacher knowledge and a third set of chapters offers studies on geometry thinking and learning Specific research topics addressed also include teaching practice learning trajectories learning difficulties technological resources instructional design assessments textbook analyses and teacher education in geometry Geometry remains an essential and critical topic in school mathematics As they learn geometry students develop essential mathematical thinking and visualization skills and learn a language that helps them relate to and interact with the physical world Geometry has traditionally been included as a subject of study in secondary mathematics curricula but it has also featured as a resource in out of school problem solving and has been connected to various human activities such as sports games and artwork Furthermore geometry often plays a role in teacher preparation undergraduate mathematics and at the workplace New technologies including dynamic geometry software computer assisted design software and geometric positioning systems have provided more resources for teachers to design environments and tasks in which students can learn and use geometry In this context research on the teaching and learning of geometry will continue to be a key element on the research agendas of mathematics educators as researchers continue to look for ways to enhance student learning and to understand student thinking and teachers decision making

Encyclopedia of Law and Society David S. Clark,2007-07-10 This work will be very valuable for academic and public libraries supporting prelaw law social and cultural studies Summing Up Highly recommended Upper level undergraduates through professionals practitioners general readers CHOICE There are two aspects of scholarship about the legal systems of our day that are especially salient one being for the first time there is a fair amount of genuine research on legal systems and two that this research is increasingly global As soon as you cross a jurisdictional line even if it separates countries that are very similar you enter a different legal system It cannot be assumed that any particular rule doctrine or practice is the same in any two jurisdictions regardless of how close these jurisdictions are in terms of history and tradition The Encyclopedia of Law and Society is the largest comprehensive and international treatment of the law and society field With an Advisory Board of 62 members from 20 countries and six continents the three volumes of this state of the art resource represent

interdisciplinary perspectives on law from sociology criminology cultural anthropology political science social psychology and economics By globalizing the Encyclopedia's coverage American and international law and society will be better understood within its historical and comparative context Key Features Includes more than 700 biographical entries that are historical comparative topical thematic and methodological Presents the rich diversity of European Latin American Asian African and Australasian developments for the first time in one place to reveal the truly holistic interdisciplinary virtues of law and society Examines how and why legal systems grow and change how and why they respond or fail to respond to their environment how and why they impact the life of society and how and why the life of society impacts in turn these legal systems With borders more porous than ever before this Encyclopedia reflects the paradoxical reality of modern life including legal life This valuable resource aims to present research along with the theories on which it is grounded fairly and comprehensively and is a must have for all academic libraries

Resources in Education, 1995-12 *Scholarship*

Students in Elite South African Schools Jennifer Wallace, Jennifer Feldman, 2022-11-16 This book provides a narrative account of the experiences of twenty former scholarship students from historically disadvantaged communities who attended elite public and private secondary schools It draws on in depth one on one semi structured interviews conducted with former scholarship recipients who were between the ages of 19 and 24 years at the time of the interviews Various themes are explored specifically focusing on elite schooling in relation to the experiences and navigational practices of the scholarship recipients and the adjustments that they felt they needed to make in order to fit into the elite school space The book analyses and discusses the reflective experiences of students who were awarded a scholarship to attend an elite secondary school It reveals that accepting the gift of a scholarship is far more complex multi layered and at times harsh and even painful for the individual recipients than is possibly realized by those involved in this practice This book contributes to academic educational debates within the sociology of education elite schools and schooling in the post apartheid South African context

Shaping Sexual Knowledge Lutz Sauerteig, Roger Davidson, 2009-01-13 The history of sex education enables us to gain valuable insights into the cultural constructions of what different societies have defined as normal sexuality and sexual health Yet the history of sex education has only recently attracted the full attention of historians of modern sexuality *Shaping Sexual Knowledge A Cultural History of Sex Education in Twentieth Century Europe* makes a considerable contribution not only to the cultural history of sexual enlightenment and identity in modern Europe but also to the history of childhood and adolescence The essays collected in this volume treat sex education in the broadest sense incorporating all aspects of the formal and informal shaping of sexual knowledge and awareness of the young The volume therefore not only addresses officially sanctioned and regulated sex education delivered within the school system and regulated by the State and in some cases the Church but also the content iconography and experience of sexual enlightenment within the private sphere of the family and as portrayed through the media *Introducing Gender and Women's Studies* Diane Richardson, Victoria

Robinson,2020-04-22 At a time where after decades of progress in gender and sexual rights people in many parts of the world are facing new forms of resistance and opposition to gender equality this timely publication confirms the continuing importance and relevance of gender and women s studies The fifth edition of this best selling textbook provides a comprehensive overview of key issues and debates in gender and feminist theory With fully revised chapters written by specialists across a range of core topics including sexuality race bodies family masculinity methodologies and migration this clearly written but rigorous collection examines contemporary debates and provides helpful examples and questions to consider Furthermore it continues to reflect the shift from women s studies to gender studies incorporating coverage of masculinity throughout as well as discussing live debates such as around global activism transgender rights and the environment It continues to be an indispensable resource for students academics and anyone interested in this lively field New to this Edition A new chapter on gender and migration Expanded discussion of transgender rights as well as masculinity studies Brings seven new contributors to the collection with newly authored chapters on Gender and Environment Gender and Education Gender and Sexuality and Gender and Race Fully revised and updated with new material and new case examples Greater attention to intersectional approaches and international reach **Women & Society (cit 3601-6000)h**
