Silversmiths Of Georgia:

The Silversmiths of Georgia George Barton Cutten, 1958 **Early Silversmiths and the Silver Trade in Georgia**
Katharine Gross Farnham, Callie Huger Efird, 1971 *Georgia Collects American Silver, 1780-1870, Featuring Over Fifty*
Georgia Silversmiths High Museum of Art, 1970 **From Sideboard to Pulpit** Ashley Callahan, Dale L. Couch, Georgia
Museum of Art, 2005 *The Silversmith in Eighteenth Century Williamsburg* Thomas K. Ford, 1972 Colonial silversmiths
were skilled at their craft but many employed other talents Read about these surprisingly versatile artisans the silver objects
they created and the other interests they pursued **Where These Memories Grow** W. Fitzhugh Brundage, 2015-12-01
Southerners are known for their strong sense of history But the kinds of memories southerners have valued and the ways in
which they have preserved transmitted and revitalized those memories have been as varied as the region s inhabitants
themselves This collection presents fresh and innovative perspectives on how southerners across two centuries and from
Texas to North Carolina have interpreted their past Thirteen contributors explore the workings of historical memory among
groups as diverse as white artisans in early nineteenth century Georgia African American authors in the late nineteenth
century and Louisiana Cajuns in the twentieth century In the process they offer critical insights for understanding the many
communities that make up the American South As ongoing controversies over the Confederate flag the Alamo and depictions
of slavery at historic sites demonstrate southern history retains the power to stir debate By placing these and other conflicts
over the recalled past into historical context this collection will deepen our understanding of the continuing significance of
history and memory for southern regional identity Contributors Bruce E Baker Catherine W Bishir David W Blight Holly

Brenden Martin Anne Sarah Rubin Stephanie E Yuhl [On the Rim of the Caribbean](#) Paul M. Pressly, 2013-03-01 How did
colonial Georgia an economic backwater in its early days make its way into the burgeoning Caribbean and Atlantic economies
where trade spilled over national boundaries merchants operated in multiple markets and the transport of enslaved Africans
bound together four continents In *On the Rim of the Caribbean* Paul M Pressly interprets Georgia s place in the Atlantic
world in light of recent work in transnational and economic history He considers how a tiny elite of newly arrived merchants
adapting to local culture but loyal to a larger vision of the British empire led the colony into overseas trade From this
perspective Pressly examines the ways in which Georgia came to share many of the characteristics of the sugar islands how
Savannah developed as a Caribbean town the dynamics of an emerging slave market and the role of merchant planters as
leaders in forging a highly adaptive economic culture open to innovation The colony s rapid growth holds a larger story how a
frontier where Carolinians played so large a role earned its own distinctive character Georgia s slowness in responding to the
revolutionary movement Pressly maintains had a larger context During the colonial era the lowcountry remained oriented to
the West Indies and Atlantic and failed to develop close ties to the North American mainland as had South Carolina He

suggests that the American Revolution initiated the process of bringing the lowcountry into the orbit of the mainland a process that would extend well beyond the Revolution The Fledgling Province Harold E. Davis,2012-12-01 Through a painstaking gathering and synthesis of the surviving documents of Georgia social history before the Revolution many of them fragmentary Davis re creates much of the texture and quality of life in that southernmost province In addition to black slavery religion and education he examines such elementary questions as what kinds of buildings Georgians lived in how they solved their transportation problems the nature of criminal law administration and the range of occupations and vocations Originally published in 1976 A UNC Press Enduring Edition UNC Press Enduring Editions use the latest in digital technology to make available again books from our distinguished backlist that were previously out of print These editions are published unaltered from the original and are presented in affordable paperback formats bringing readers both historical and cultural value The Arts in Early American History Walter Muir Whitehill,2012-12-01 This summary essay and the heavily annotated bibliography covering the period from the first colonization to 1826 are primarily intended to aid the scholar and student by suggesting areas of further study and ways of expanding the conventional interpretations of early American history Originally published in 1935 A UNC Press Enduring Edition UNC Press Enduring Editions use the latest in digital technology to make available again books from our distinguished backlist that were previously out of print These editions are published unaltered from the original and are presented in affordable paperback formats bringing readers both historical and cultural value *Free Labor in an Unfree World* Michele Gillespie,2004-09-01 Individual case studies explore the artisans worlds on a more personal level introducing us to the lives and work of such individuals as William Price Talmage a journeyman Reuben King an artisan who became a planter and Jett Thomas one of the first master builders to leave his mark on Georgia s architecture BOOK JACKET *New York State Silversmiths* Darling Foundation of New York State Early American Silversmiths and Silver,Darling Foundation of New York State Early American Silversmiths and Silver, Eggertsville, N.Y.,1964 **Publications of the American Folklife Center** ,1977 **Antiques at Savannah** ,1967 **Georgia Collects American Silver** High Museum of Art,1970 **The Plantation** ,1872 Encyclopedia of American Silver Manufacturers Dorothy T.
