Plautus Iii Loeb Classical Library No 163:

The Loeb Classical Library James Loeb, 1924 **Slavery, Gender, Truth, and Power in Luke-Acts and Other Ancient Narratives** Christy Cobb, 2019-04-25 This book examines slavery and gender through a feminist reading of narratives including female slaves in the Gospel of Luke the Acts of the Apostles and early Christian texts Through the literary theory of Mikhail Bakhtin the voices of three enslaved female characters the female slave who questions Peter in Luke 22 Rhoda in Acts 12 and the prophesying slave of Acts 16 are placed into dialogue with female slaves found in the Apocryphal Acts ancient novels classical texts and images of enslaved women on funerary monuments Although ancients typically distrusted the words of slaves Christy Cobb argues that female slaves in Luke Acts speak truth to power even though their gender and status suggest that they cannot In this Bakhtinian reading female slaves become truth tellers and their words confirm aspects of Lukan theology This exegetical theoretical and interdisciplinary book is a substantial contribution to conversations about women and slaves in Luke Acts and early Christian literature **Women in Roman Republican Drama** Dorota Dutsch, Sharon L. James, David Konstan, 2015-04-27 About the role of women in Roman Republican plays of all genres and about the role of gender in the influence of this on later dramatists **Language and Rhythm in Plautus** Benjamin Fortson, 2008-12-10 The plays of Plautus have long been recognized as a unique mine of information about the spoken Latin of the 3rd and 2nd centuries BC But detailed and up to date linguistic treatments of the Plautine meters and other phenomena in his plays have hitherto been lacking This book seeks to remedy that gap by presenting a series of case studies to glean information about the synchronic grammar of Plautine Latin in particular the rhythmic organization of Latin speech and the effects of syntactic processes on Latin prosodic phonology Some of the topics such as enjambement and the aphaeresis of est have never before received such treatment while others such as Meyer's and Luchs's laws split resolutions and iambic shortening are provided a firmer linguistic footing and fuller discussion of allied issues than hitherto Topics in Italic syntax such as the syntactic structure of adpositional phrases and their history and in Indo European morphophonology such as the prosodic status of finite verbs are dealt with as well as is an investigation into the effects of pragmatics on the rhythmic organization of phrases The book will be of interest to classicists comparative philologists and general linguists **When a Human Gives Birth to a Raven** Rafael Rachel Neis, 2023-06-14 This book investigates rabbinic treatises relating to animals humans and other lifeforms Through an original analysis of creaturely generation and species classification by late ancient Palestinian rabbis and other thinkers in the Roman empire Rafael Rachel Neis shows how rabbis blurred the lines between the human and other beings This they did even as they were intent on classifying creatures and delineating the contours of the human Recognizing that life proliferates via multiple mechanisms beyond sexual copulation between two heterosexual male and female individuals of the same species the rabbis produced intricate alternatives This expansive view of generation included humans Likewise in parsing the variety of creatures the

rabbis attended to the overlaps and resemblances across seemingly distinct species upsetting in turn unmitigated claims of human distinctiveness Intervening in conversations in animal studies queer theory trans theory and feminist science studies When a Human Gives Birth to a Raven provincializes sacrosanct ideals of reproduction in favor of a broader range of generation kinship and species offering powerful historical alternatives to the paradigms associated with so called traditional ideas Books in Print Supplement ,1982 **Renaissance Man** Tommi Alho,Jason Finch,Roger D. Sell,2019-11-15 Here friends of Anthony W Johnson honour him as a re embodiment of the polymathic artist scholar figure once observable in Ben Jonson on whom he has done some of his most distinctive work Part I of the book reflects his strong grounding in English literature and culture of the seventeenth century with essays not only on Ben Jonson but also on university drama on grammar school drama and on humanist literary taste Part II responds to his pioneering flights of culture imagological time travel to other periods with essays on riddles through the ages on Matthew Arnold s doubts about Homeric pictorialism and on anciently comic elements in George Gissing s urban fiction Part III celebrates his importance both as scholar and artist for the present day with essays extending imagological analysis to the singer Nick Drake to the avant garde Danish poet Morten S kilde and to Sean S Baker s film Tangerine plus a climactic celebration of Johnson s own performances on solo violin and guitar as augmented by self recording **Jude** David Seal,2021-12-02 Jude is a short letter making it easy to read entirely in one sitting Yet the letter is rarely read and it is not a popular text for teaching and preaching Jude is a warning to an early Christian community about a group of itinerant teachers bearing a message that Jude considers incompatible with the apostolic gospel The teaching and practice of these people puts them into a class of individuals who according to Scripture incur God s wrath and judgment Jude stresses that there is guaranteed judgment on those who live outside the normalized instruction and teach others to do the same The importance of a lifestyle that adheres with biblical teaching is just as crucial today as it was in the early church This commentary highlights the oral and performative nature of the first century Mediterranean world Jude was situated in this oral context and it decisively shaped the form and delivery of the epistle while also enhancing its content One cannot separate the content of a message from how a message comes to expression This commentary aims to show the relationship between expression and content demonstrating that there is not only value in what Jude says but in how he says it **The Oxford Handbook of Greek and Roman Comedy** Michael Fontaine,Adele C. Scafuro,2014-04 The Oxford Handbook of Greek and Roman Comedy marks the first comprehensive introduction to and reference work for the unified study of ancient comedy From its birth in Greece to its end in Rome from its Hellenistic to its Imperial receptions no topic is neglected The 41 essays offer cutting edge guides through comedy s immense terrain **Translation, Power, Subversion** Román Alvarez,M. Carmen Africa Vidal,1996 This is a study of the relationship between translation culture and counterculture presenting a political and ideological vision of translating Offering an approach to the cultural turn in Translation Studies at the end of the century the book endeavours to explore the closer links

between cultural studies and translation It presents the arguments of several scholars on the most innovative ways of understanding translation in order to clarify the role and function of translations and translators in culture and society
