Progressive Years

Douglas McAlpine, Alastair Compston

Progressive Years:

Settlement Sociology in the Progressive Years Joyce E. Williams, Vicky M. MacLean, 2015-06-24 Settlement Sociology in the Progressive Years claims for sociology a lost history and paradigm only recently acknowledged for shaping the American sociological tradition Williams and MacLean trace the key works of early scholar activists through the leading settlement houses in Chicago New York and Boston The roots of sociology as a public enterprise for social reform are restored to the canon through early research teaching and social advocacy The settlement paradigm of neighborly relations combining the visions of social gospelers and first wave feminists will resonate for a renewed public sociology today Key to this paradigm was the movement to settle in neighborhoods and become active in the struggle for social change in a period of rapid industrialization immigration and urbanization *The Vulnerable Years* Irwin Unger, Debi Unger, 2022-07-11 From Pulitzer prize winning writer Irwin Unger and Debi Unger bring you this look at the United States vulnerable years 1896 1917 *Frank Lloyd Wright : The Early Years : Progressivism : Aesthetics : Cities* Donald Leslie Johnson, 2016-10-14 Frank Lloyd Wright The Early Years Progressivism Aesthetics Cities examines Wright's belief that all aspects of human life must embrace and celebrate an aesthetic experience that would thereby lead to necessary social reforms Inherent in the theory was a belief that reform of nineteenth century gluttony should include a contemporary interpretation of its material presence its bulk and space its architectural landscape This book analyzes Wright's innovative profound theory of architecture that drew upon geometry and notions of pure design and the indigenous as put into practice It outlines the design methodology that he applied to domestic and non domestic buildings and presents reasons for the recognition of two Wright Styles and a Wright School The book also studies how his design method was applied to city planning and implications of historical and theoretical contexts of the period that surely influenced all of Wright's community and city planning **The Dry Years** Norman H. Clark, 2011-07-01 On the event of its publication in 1965 Murray Morgan wrote The Dry Years which might be subtitled The Fall and Rise of John Barleycorn is a delightful blend of scholarship narrative exposition and wit Clark is knowing and acid about alcohol as a class problem he points out that the dries were usually led by upperclass types whose peers would derive benefit by better habits in the working class He does not however fall into the trap of attributing the attitudes of the reformers to hypocrisy The dries were awash with sincerity It is one of the many merits of this delightful book that Norman Clark does not rub our noses in the fact that though times change problems remain In this substantially updated edition of the classic story of a region's experience with Prohibition Norman Clark reviews to the present the political history of liquor control in Washington State and issue taken seriously in the state and the nation as those of black slavery wage slavery and child welfare He traces the effect of social change upon liquor morality through nearly two hundred years of efforts to make the use of alcohol compatible with the American view of social progress Biological Markers of Aging Mitchell E. Reff, Edward L. Schneider, 1982 **Progressive Cities** Bradley Robert Rice, 2014-10-01 Although the commission

government movement is often treated by historians as an element of the reform surge of the Progressive Era this is the first full scale study of the origins spread and decline of the commission idea Commission government originated in Galveston Texas where business leaders conceived the plan as a temporary measure to speed recovery from the great hurricane of 1900 Other cities in Texas and across the nation soon followed by 1920 about 500 municipalities had adopted the plan in which elected representatives serve as heads of city departments and collectively as a policy making body Beginning with Galveston and Houston and Des Moines Iowa Bradley Robert Rice presents detailed case studies of the earliest commission cities and shows how the plan was developed and modified to suit each community s needs He goes on to chronicle the adoption of the commission plan by other cities across the country that strove for businesslike efficiency as a reaction against corruption and machine politics in urban government Most commission charters included a wide ranging package of municipal reforms such as the short ballot at large representation nonpartisanship civil service and direct legislation Yet Rice shows that the commission plan generally offered little in the way of social reform to accompany its reorganization of municipal government Applying a model of innovation diffusion the author analyzes how and why the new form of city government spread across Progressive Era America He also thoroughly explores the relationship between the commission plan and other Progressive Era reforms and reports on the reasons for its decline from both a social and a practical perspective Progressive Cities is described by Professor Bruce M Stave editor of the Journal of Urban History as a sound piece of work which should make a useful and worthwhile contribution to the existing scholarship on urban reform and should appeal to an audience which cuts across disciplines history political science urban studies and urban planning

Adventism Re-examined: 75 Years of Changes, Challenges and Choices Gordon Kainer, 2019-11-13 My book s objective is to describe the beliefs practices and ventures of the Adventist church that have had or still have a significant impact on my life Looking back I now have a better understanding why ancient Israel was repeatedly told to remember what God had done for them For this reason there will be much reminiscing retelling of personal experiences and evaluating church teachings and decisions all in the endeavor to make sense of what has happened That can only take place if we bathe our words and expressions in grace love and understanding The book endeavors to answer the underlying question what do we mean when we use the term church What are the primary reasons for its existence When you ask Adventists such a question we hope they answer with a reply that is inspiring and practical In presenting my view of Adventism over the past seventy five years it s had a positive effect on my knowing and understanding Jesus and I hope the same goes for you

Early Years Education and Care in Canada Susan Jagger, 2019-08-22 This ground breaking collected volume features multiple voices from the field that together offer an extensive and balanced examination of the contemporary historical and philosophical influences that shape early childhood education and care in Canada today Showcasing uniquely Canadian narratives perspectives and histories the text provides a superb foundation in the key topics and approaches of the field including Indigenous ways of knowing holistic education play

Seattle's Women Teachers of the Interwar Years Doris Hinson Pieroth,2012 In Seattle s Women Teachers of the Interwar Years Doris Pieroth describes the contributions of a remarkable group of women who dominated the Seattle public school system in the early years of the twentieth century and helped to produce well educated citizens who were responsible for the widespread philanthropic volunteer and municipal activities that came to characterize the city While most publications on the history of education have emphasized theory or administration Pieroth focuses on individual teachers Set against the backdrop of a developing city the book provides vivid portraits of educated strong ambitious women making successful careers at a time when job opportunities for women were very limited Pieroth interviewed as many of these women as she could find and quotes from the interviews enhance her lively well written narrative Using details drawn from local newspapers and school publications she demonstrates that the influence of this cohort of women made modern Seattle the livable place that it remains today Seattle s Women Teachers of the Interwar Years is a significant contribution to the history of Seattle and the region to women s history and to the history of education Special Publications ,1922 Eighty-Nine Years and Still Evolving

James Emerson Hough,2021-03-11 In this collection of miscellaneous essays and writings the author reflects on the serenity of retirement living in the middle of his own private certified Forest Preserve and Wildlife Habitat in southeast Indiana the inspiration it engenders to be creative and the ability to focus his thinking He finds it rewarding to share his perspective but the selfish reason he writes is that it makes him a better person When asked why he writes Mr Hough admits that writing helps keep his aging mind alert and head on straight Sitting down in front of his laptop computer with a blank screen is challenging He s inspired to unlock novel ideas in his mind research them and develop compelling techniques to put them together in writing and encouraged to place the result on the Internet for colleagues and friends to contemplate Writing is the author s habit Sometimes he gets feedback sometimes he doesn t He knows the value of free speech is priceless and being a disabled veteran keeping that freedom alive is inestimable Retiring at the end of 1998 James Emerson Hough ended more than thirty five years in private practice of the applied earth sciences as both a licensed professional geologist and licensed professional engineer He is the geotechnical engineer of record on more than 3 700 projects requiring terrain evaluations subterranean investigations foundation analysis for earth supported architectural structures and for engineering structures analyses reports special studies failure studies explorations inspections laboratory testing construction monitoring

and forensic services Mr Hough the author or coauthor of numerous published technical papers and several technical books possesses substantial expertise regarding slope stability landslides and landslide correction My mind is like a garden My thoughts are like seeds I can grow flowers or I can grow weeds I need to water them

California Progressivism Revisited William F. Deverell,Tom Sitton,2023-09-01 California was perhaps the most important locus for the development of the Progressive reform movement in the decades of the twentieth century These twelve original essays represent the best of the new scholarship on California Progressivism Ranging across a spectrum that embraces ethnicity gender class and varying ideological stances the authors demonstrate that reform in California was a far broader more complicated phenomenon than we have previously understood Since the 1950s scholars have used California Progressivism as a model case study for explaining early twentieth century social and political reform nationwide But such a model which ignored issues of class race and gender simplified a political movement that was in fact quite complex In revising the monolithic interpretation of reform and reformers this volume provides a better understanding of the sweeping reform impulses that had such a profound effect on American political and social institutions during this century Equally important the issues examined here offer significant insights into problems that the entire country must tackle as we approach the new century California was perhaps the most important locus for the development of the Progressive reform movement in the decades of the twentieth century These twelve original essays represent the best of the new scholarship on California Progressivism Ranging acr
