Race, Sex, and Policy Problems Marian Lief Palley, Michael B. Preston, 1979 **Policy Discourses, Gender, and Education** Elizabeth J. Allan, 2012-10-12 Despite over thirty years of activism and legislation to eliminate discrimination parity has yet to be achieved for women in academe This book describes policy discourse analysis as a framework for considering how those involved in policy making efforts may make use of discourses that inadvertently undermine the intended effect of the policies they set forth Allan illustrates the methods of policy discourse analysis by describing their use in a study of twenty one women s commission reports In so doing she highlights the important work of university women s commissions while uncovering policy silences and making visible the powerful discourses framing gender equity policy initiatives in higher education Her findings reveals how dominant discourses of femininity access professionalism race and sexuality contribute to constructing women s status in complex and at times contradictory ways This important volume will interest researchers across a number of disciplines including policy studies educational leadership higher education and cultural studies of education Encyclopedia of Policy Studies, Second Edition Stuart Nagel, 2020-08-18 This entirely updated and enlarged Second Edition of a landmark reference text continues to provide comprehensive coverage of every important aspect of policy studies discussing concepts methods utilization formation and implementation both internationally and across each level of government **Resources in Women's Educational Equity**, 1980 Literature cited in AGRICOLA Dissertations abstracts international ERIC ABI INFORM MEDLARS NTIS Psychological abstracts and Sociological abstracts Selection focuses on education legal aspects career aspects sex differences lifestyle and health Common format bibliographical information descriptors and abstracts and ERIC subject terms used throughout Contains order information Subject author indexes **Handbook of Public Policy Evaluation** Stuart S. Nagel, 2002 This handbook deals with many aspects of public policy evaluation including methods examples professionalism studies perspectives concepts substance theory applications dispute resolution interdisciplinary interaction **The Dynamics of Opportunity in America** Irwin Kirsch, Henry Braun, 2016-01-22 Across the country our children are beginning life from very different starting points Some have aspirations and believe they can be achieved For too many others aspirations are tempered if not dashed by the sobering realities of everyday life These different starting points place children on distinctly different trajectories of growth and development ultimately leading to vastly different adult outcomes How did we get to a place where circumstances of birth have become so determinative And what must we do within communities and across our country to better equalize opportunity for more Americans both young and old The editors of this volume contend that if as a nation we do nothing then we will continue to drift apart placing an unsustainable strain on the nation s social fabric and the character of its democracy Consequently understanding the dynamics governing the distribution and transmission of opportunity and transforming this understanding into policies and programs is critical for not only the life outcomes of individual Americans and their children

but also the country as a whole The goal of Educational Testing Service's Opportunity in America initiative is to explore these powerful dynamics and to describe and convey them in a way that advances the national conversation about why we must take action and how best to do so This volume contains 14 chapters including an epilogue written by leaders from a range of fields including education economics demography and political science Collectively they not only illuminate key aspects of the problem but also offer suggestions of what policies programs and changes in practices could begin to reverse the trends we are seeing Written in an engaging style this volume constitutes an essential foundation for informed discussion and strategic analysis **Policy Issues for the Elderly Poor**, 1981 Gender, Class and Education (Routledge Revivals)

Paradoxes of Neoliberalism Elizabeth Bernstein, Janet R Jakobsen, 2021-12-24 From the rise of far right regimes to the tumult of the COVID 19 pandemic recent years have brought global upheaval as well as the sedimentation of longstanding social inequalities Analyzing the complexities of the current political moment in different geographic regions this book addresses the paradoxical persistence of neoliberal policies and practices in order to ground the pursuit of a more just world Engaging theories of decoloniality racial capitalism queer materialism and social reproduction this book demonstrates the centrality of sexual politics to neoliberalism including both social relations and statecraft Drawing on ethnographic case studies the authors show that gender and sexuality may be the site for policies like those pertaining to sex trafficking which bundle together economics and changes to the structure of the state In other instances sexual politics are crucial components of policies on issues ranging from the growth of financial services to migration Tracing the role of sexual politics across different localities and through different political domains this book delineates the paradoxical assemblage that makes up contemporary neoliberal hegemony In addition to exploring contemporary social relations of neoliberal governance exploitation domination and exclusion the authors also consider gender and sexuality as forces that have shaped myriad forms of community based activism and resistance including local efforts to pursue new forms of social change By tracing neoliberal paradoxes across global sites the book delineates the multiple dimensions of economic and cultural restructuring that have characterized neoliberal regimes and emergent activist responses to them This innovative analysis of the relationship between gender justice and political economy will appeal to interdisciplinary scholars in social and cultural

studies legal and political theorists and the wide range of readers who are concerned with contemporary questions of social justice

The Global Political Economy of Sex: Desire, Violence, and Insecurity in Mediterranean Nation States A. Agathangelou, 2004-10-14 At the intersection of the warmth of hearth and home and the dangers of the street lies the tenuous position of women engaged in reproductive labour those involved in the sex trade and those in domestic positions These are women who are vulnerable exploited and whose dirty work allows for the reproduction of traditional social mores and roles Yet while they are used to sustain tradition dialectically they reflect the hyperconnections of globalization through the migration of women the development of placement agencies that often are little but fronts for transnational crime and the transfer of money from the developed countries to the oppressed world This book focuses on the interaction of the global and the local through a close investigation of the political economy of desire and reproduction in three states that blur the line between developed and developing Greece Turkey and Cyprus These are countries at the crossroads in flux whose peripheral siting at the centre of global capitalism provides unusual insight into the dark recesses of patriarchy paternalism and exploitation
