Book Review 2 As a teacher educator, this curriculum is exactly what I wished I had to give my early-career teachers who needed structure, scaffolding, and support in fine-tuning their instruction. The unit design with the foundations pave the way, lead the way, and assess serve as the foundation upon which each lesson rests. The lessons are laser-focused to standards and learning outcomes, and the assessment perfectly aligns. I enthusiastically support this curriculum which has the potential to promote significant changes in the literacy trajectories for students and districts.
