

INDUSTRIAL SOCIOLOGY

MODULE 1- INTRODUCTION TO INDUSTRIAL SOCIOLOGY

INDUSTRY: In ancient period man has been related to industry. When a man uncivilized, man had lived in crude and ill-industries. Man is naturally industrious. On account of his industrial nature, he had built weapons of wood and stone. When a thing is manufacturing by systematic and Plant Pattern, it could industry.

The word industry is concerned from the Latin word *industria* which means that technique under anything is done efficiently and smoothly. Resourcefulness means use of material and machinery in economic manner.

MEANS OF SOCIOLOGY

Sociology means a different name for social relation. In sociology all kinds of social relation are study. Sociology is a scientific study which means a systematic study begins.

According to Maclver and Page, "sociology is about social relationships, the network of relationships we call society." This definition means that sociology is the science of social relation. If there is a group of person which have no relation between them as a group will not acceptable from sociology. In the words of William F. Ogburn, "what sociology has to offer to the students of industrial social organization? Today is not a body of laws of social behaviour, but rather a particular perspective or a special way of looking at the world of work."

MEANING OF INDUSTRIAL SOCIOLOGY

It is clear from the first pages to the concept of industry and sociology. In industrial sociology, those relations are studied which have connected with industry. Although those relations are studied by scientific pattern in sociology. In modern world the industrial sociology has an infective type and its problems have become very difficult. There are many unnatural problems which have come in anytime and any circumstances. For example, the problems of unions is a direct outcome of industry. Thus we can say that industrial sociology is a study of the processes, methods, rules and affected relationship with industrial system. Industrial sociology is very depth.

Following are some important definitions of industrial sociology

- (A) **Charles B. Spaulding**, "Industrial sociologists center their interests upon the social organization of the work place, including the patterns of interaction between people who are responding to each other in terms of their roles in work organizations or whose behaviour is being affected by those roles."
- (B) **Miller and Kozmin**, "Industrial sociology is a substantive area of general sociology which might more accurately be termed the sociology of work organizations or the sociology of economy."
- (C) **Parsons, Brown and others**, "Industrial sociology is concerned with how the economic subsystem is related to other subsystems, how the subsystem is structured in terms of particular work organizations and roles and how persons fit into these roles."
