The Century Dictionary and Cyclopedia ,1906 *The Century Dictionary* ,1890 **The Century Dictionary: The Century dictionary** ,1911 **The Century Dictionary** William Dwight Whitney, *Everybody's Magazine* ,1920 **In the Garden of the Gods** Eva Anagnostou-Laoutides, 2016-07-07 Examining the evolution of kingship in the Ancient Near East from the time of the Sumerians to the rise of the Seleucids in Babylon this book argues that the Sumerian emphasis on the divine favour that the fertility goddess and the Sun god bestowed upon the king should be understood metaphorically from the start and that these metaphors survived in later historical periods through popular literature including the Epic of Gilgame and the Enuma Eli The author s research shows that from the earliest times Near Eastern kings and their scribes adapted these metaphors to promote royal legitimacy in accordance with legendary exempla that highlighted the role of the king as the establisher of order and civilization As another Gilgame and later as a pious servant of Marduk the king renewed divine favour for his subjects enabling them to share the Garden of the Gods Seleucus and Antiochus found these cultural ideas as they had evolved in the first millennium BCE extremely useful in their efforts to establish their dynasty at Babylon Far from playing down cultural differences the book considers the ideological agendas of ancient Near Eastern empires as having been shaped mainly by class rather than race minded elites *Voices of Determination* Kevin Chavous, 2017-09-08 *Voices of Determination* tells the stories of ten children who overcame extraordinarily difficult circumstances to get an education and end the cycle of generational poverty It debunks the myth that children are victims of circumstance In this moving work Kevin P Chavous argues that children can and will succeed if the educational system provides them with the opportunity to learn Many of these narratives depict public schools at their worst Chavous argues that poor communities routinely hire inexperienced teachers lack resources and pass kids along until they drop out Once out of school these youngsters quickly find out that they are unprepared for the job market This he claims leads many young people to drift into anti social behavior and turn to gangs drugs and unproductive lifestyles In addition the narratives in this volume also address such social issues as immigration bad neighborhoods poor health care addiction and child abuse Chavous highlights how hope for a better future enabled the children whose stories make up this volume to achieve a better life There are potential challenges at every stage of a child s development and the adults around them need to be nearby and ready to act effectively Chavous concludes that the need to strengthen families and to rebuild surrounding communities should be the top priorities for society as a whole **The Century Dictionary and Cyclopedia: Dictionary** ,1906 **The Standard** ,1904 **The Century Dictionary and Cyclopedia: The Century dictionary, ed. by W.D. Holt, 2003-05-01 Here Michael F Holt gives us the only comprehensive history of the Whigs ever written He offers a panoramic account of the tumultuous antebellum period a time when a flurry of parties and larger than life politicians Andrew Jackson John C Calhoun Martin Van Buren and Henry Clay struggled for control as the U S inched towards secession It was an era when Americans were passionately involved in politics when local concerns drove national policy and when momentous political events like the Annexation of Texas and the Kansas Nebraska Act rocked the country Amid this contentious political activity the Whig Party continuously strove to unite North and South emerging as the nation s last great hope to prevent secession **California Outlook, a Progressive Weekly** , 1914 God in Context Karel van der Toorn, 2018-11-13 In this work Karel van der Toorn explores the social setting the intellectual milieu and the historical context of the beliefs and practices reflected in the Hebrew Bible While fully recognizing the unique character of early Israelite religion the author challenges the notion of its incomparability Beliefs are anchored in culture Rituals have societal significance God has a history By shifting the focus to the context the essays gathered here yield a deeper understanding of Israelite religion and the origins of the Bible
