GILES FRASER

Redeeming Nietzsche On The Piety Of Unbelief

Chad Meister, James Beilby

Redeeming Nietzsche On The Piety Of Unbelief:

Redeeming Nietzsche Giles Fraser, 2013-02-01 Best known for having declared the death of God Nietzsche was a thinker thoroughly absorbed in the Christian tradition in which he was born and raised Yet while the atheist Nietzsche is well known the pious Nietzsche is seldom recognized and rarely understood *Redeeming Nietzsche* examines the residual theologian in the most vociferous of atheists Giles Fraser demonstrates that although Nietzsche rejected God he remained obsessed with the question of human salvation Examining his accounts of art truth morality and eternity Nietzsche's thought is revealed to be *Nietzsche, Tension, and the Tragic Disposition* Matthew Tones, 2014-10-27 Nietzsche *Tension and the Tragic Disposition* exposes the role of tension in Nietzsche's recovery in his mature thought of the Greek tragic disposition Matthew Tones examines the ontological structure of the tragic disposition presented in Nietzsche's earliest work on the Greeks and then explores its presence in points of tension in the more mature concerns with nobility In pursuing this ontological foundation Tones builds upon the centrality of a naturalist argument derived from the influence of the pre Platonic Greeks He examines the ontological aspect of the tragic disposition identified in Nietzsche's earliest interpretations of Greek physis and in the inherent tensions of the chthonic present in this hylemorphic foundation to demonstrate the importance of tension to Nietzsche's recovery of a new nobility By bringing to light the functional importance of tension in the ontological for the Greeks the book identifies varying points of tension present in different aspects of Nietzsche's later work Once these aspects are elaborated the evolving influence of tension is shown to play a central role in the re emergence of the noble who possesses the tragic disposition With solid argumentation linking Nietzsche with the pre Platonic Greek tradition *Nietzsche Tension and the Tragic Disposition* brings new insights to studies of metaphysics ontology naturalism and German continental and Greek philosophies **Nietzsche on Morality and the Affirmation of Life** Daniel Came, 2022-05-05 At the core of Nietzsche's famous critique of morality lies the sweeping claim that morality is the primary source of a stance of life denial and hence an obstacle to the possibility of an affirmative stance toward life Moral values Nietzsche argues are inimical to the affirmation of life since they typically denigrate certain ineliminable features of the world and human existence suffering loss impermanence the body instinctual desire Other values allegedly are life affirming because they cultivate or augment a life affirming tendency Nietzsche's pervasive concern with undermining morality and fostering an affirmative attitude towards life are thus closely intertwined he attacks morality because it underwrites a condemnation of life and seeks to supplant morality with an alternative life enhancing ethics of affirmation This volume brings together a number of new essays by leading Nietzsche scholars to examine these centrally important and overlapping themes in Nietzsche's philosophical enterprise *Nietzsche, Soloveitchik, and Contemporary Jewish Philosophy* Daniel Rynhold, Michael J. Harris, 2018-06-28 What does one do as a Jewish philosopher if one is convinced by much of the Nietzschean critique of religion Is there a contemporary Jewish philosophical theology that can convince in a post

metaphysical age The argument of this book is that Rabbi Joseph Soloveitchik 1903 1993 the leading twentieth century exponent of Modern Orthodoxy presents an interpretation of halakhic Judaism grounded in traditional sources that brings a life affirming Nietzschean sensibility to the religious life Soloveitchik develops a form of Judaism replete with key Nietzschean ideas which parries Nietzsche's critique by partially absorbing it This original study of Soloveitchik's philosophy highlights his unique contribution to Jewish thought for students and scholars in Jewish studies while also revealing his wider significance for those working more broadly in fields such as philosophy and religious studies

Nietzsche's Protestant Fathers

Thomas R. Nevin, 2018-10-26 Nietzsche was famously an atheist despite coming from a strongly Protestant family This heritage influenced much of his thought but was it in fact the very thing that led him to his atheism This work provides a radical re-assessment of Protestantism by documenting and extrapolating Nietzsche's view that Christianity dies from the head down That is through Protestantism's inherent anarchy In this book Nietzsche is put into conversation with the initiatives of several powerful thinking writers Luther Boehme Leibniz and Lessing Using Nietzsche as a critical guide to the evolution of Protestant thinking each is shown to violate warp or ignore gospel injunctions and otherwise pose hazards to the primacy of Christian ethics Demonstrating that a responsible understanding of Protestantism as a historical movement needs to engage with its inherent flaws this is a text that will engage scholars of philosophy theology and religious studies alike

On the Blissful Islands with Nietzsche & Jung Paul Bishop, 2016-11-03 What are the blissful islands And where are they This book takes as its starting point the chapter called On the Blissful Islands in Part Two of Nietzsche's *Thus Spoke Zarathustra* and its enigmatic conclusion The beauty of the Superman came to me as a shadow From this remarkable and powerful passage it disengages the Nietzschean idea of the Superman and the Jungian notion of the shadow moving these concepts into a new interdisciplinary direction In particular On the Blissful Islands seeks to develop the kind of interpretative approach that Jung himself employed Its chief topics are classical the motif of the blissful islands psychological the shadow and philosophical the *bermensch* or superman blended together to produce a rich intellectual historical discussion By bringing context and depth to a nexus of highly problematic concepts it offers something new to the specialist and the general reader alike So this book considers the significance of the statue in the culture of antiquity and in alchemy and investigates the associated notion of self-sculpting as a form of existential exercise This Neoplatonic theme is pursued in relation to a poem by Schiller at the centre of which lies the notion of self-sculpting thus highlighting Nietzsche's and Jung's relationship to Idealism Its conclusion directly addresses the vexed and controversial question of Nietzsche's relation to Plato This book's main ambition is to provide a cross-cultural interdisciplinary reading of key themes and motifs using Jungian ideas in general and Jung's vast seminar on Zarathustra in particular to uncover a dimension of deep meaning in key passages in Nietzsche Engaging the reader directly on major existential questions it aims to be an original thought provoking contribution to the history of ideas and to show that Zarathustra was right There still are blissful islands This book will be

stimulating reading for analytical psychologists including those in training and academics and scholars of Jungian studies

Nietzsche and the history of ideas *Against Nihilism* Stepenberg Maia Stepenberg, 2019-10-15 Described by Thomas Mann as e brothers in spirit but tragically grotesque companions in misfortune e Nietzsche and Dostoevsky remain towering figures in the intellectual development of European modernity Maia Johnson Stepenberg s accessible new introduction to these philosophers compares their writings on key topics such as criminality Christianity and the figure of the e outsider to reveal the urgency and contemporary resonance of their shared struggle against nihilism *Against Nihilism* also considers nihilism in the context of current political and social struggles placing Nietzsche and Dostoevsky s contributions at the heart of important contemporary debates regarding community identity and meaning Inspired by class discussions with her students and aimed at first team readers of Nietzsche and Dostoevsky *Against Nihilism* provides an accessible unique comparative study of these two key thinkers

The Longing for Myth in Germany George S. Williamson, 2004-07 Since the dawn of Romanticism artists and intellectuals in Germany have maintained an abiding interest in the gods and myths of antiquity while calling for a new mythology suitable to the modern age In this study George S Williamson examines the factors that gave rise to this distinct and profound longing for myth In doing so he demonstrates the entanglement of aesthetic and philosophical ambitions in Germany with some of the major religious conflicts of the nineteenth century Through readings of key intellectuals ranging from Herder and Schelling to Wagner and Nietzsche Williamson highlights three crucial factors in the emergence of the German engagement with myth the tradition of Philhellenist neohumanism a critique of contemporary aesthetic and public life as dominated by private interests and a rejection of the Bible by many Protestant scholars as the product of a foreign Oriental culture According to Williamson the discourse on myth in Germany remained bound up with problems of Protestant theology and confessional conflict through the nineteenth century and beyond A compelling adventure in intellectual history this study uncovers the foundations of Germany s fascination with myth and its enduring cultural legacy

The Routledge Companion to Modern Christian Thought Chad Meister, James Beilby, 2013-10-28 This Companion provides an unrivalled view of the field of modern Christian thought from the Enlightenment to the twentieth century and beyond Written by an outstanding team of theologians and philosophers of religion it covers the following topics within Christian thought Key figures and influencers Central events and movements Major theological issues and key approaches to Christian Theology Recent topics and trends in Christian thought Each entry is clear and accessible making the book the ideal resource for students of Christian thought and history and philosophy of religion and a valuable reference for professional theologians and philosophers

Religion, Theory, Critique Richard King, 2017-07-18 *Religion Theory Critique* is an essential tool for learning about theory and method in the study of religion Leading experts engage with contemporary and classical theories as well as non Western cultural contexts Unlike other collections this anthology emphasizes the dynamic relationship between religion as an object of study and different methodological approaches and

openly addresses the question of the manifold ways in which religion secular and culture are imagined within different disciplinary horizons This volume is the first textbook which seeks to engage discussion of classical approaches with contemporary cultural and critical theories Contributors write on the influence of the natural sciences in the study of religion the role of European Christianity in modeling theories of religion religious experience and the interface with cognitive science the structure and function of religious language the social scientific study of religion ritual in religion the phenomenology of religion critical theory and religion embodiment and religion the impact of colonialism and modernity theorizing religion in terms of race and ethnicity links among religion nationalism and globalization the interplay of gender sex and religion and religion and the environment Each chapter introduces the topic identifies key theorists and issues and respects the pluralistic nature of the scholarship in the field Altogether this collection scrutinizes the explicit and implicit assumptions theorists make about religion as an object of analysis
