Redeeming The Wasteland:

Redeeming the Beast Bethel Grove, 2021-11-12 2024 Christlit Book Award Winner Have you like the Beast ever believed that your worst mistake could never be redeemed The story of Beauty and the Beast is considered to be a timeless tale However what makes it so timeless goes far beyond the romance or the happily ever after At the heart of the story is the hope of redemption which is a theme that has spoken to everyone in every age of the world That s why through this collection of twenty five devotionals you will See the Disney retellings of Beauty and the Beast through a biblical lens brought together into one cohesive storyline Evaluate the consequences that your selfishness can have on other people Discover how to find contentment in the middle of difficult circumstances Observe how sacrificial love is more powerful than romantic love Learn how the Beast s physical transformation is a powerful parable of one s spiritual transformation through Christ Including relevant Scriptures discussion questions and a study guide for a five week group study embarking on this award winning devotional adventure will guarantee that you will never look at Beauty and the Beast the same way again This book is not authorized or endorsed by The Walt Disney Company Black, White, and in Color Sasha Torres, 2018-06-05 This book examines the representation of blackness on television at the height of the southern civil rights movement and again in the aftermath of the Reagan Bush years In the process it looks carefully at how television s ideological projects with respect to race have supported or conflicted with the industry s incentive to maximize profits or consolidate power Sasha Torres examines the complex relations between the television industry and the civil rights movement as a knot of overlapping interests She argues that television coverage of the civil rights movement during 1955 1965 encouraged viewers to identify with black protestors and against white police including such infamous villains as Birmingham s Bull Connor and Selma s Jim Clark Torres then argues that television of the 1990s encouraged viewers to identify with police against putatively criminal blacks even in its dramatizations of police brutality Torres s pioneering analysis makes distinctive contributions to its fields It challenges television scholars to consider the historical centrality of race to the constitution of the medium s genres visual conventions and industrial structures And it displaces the analytical focus on stereotypes that has hamstrung assessments of television s depiction of African Americans concentrating instead on the ways in which African Americans and their political collectives have actively shaped that depiction to advance civil rights causes This book also challenges African American studies to pay closer and better attention to television s ongoing role in the organization and disorganization of U S racial politics Story Movements Caty Borum Chattoo, 2020 Only a few years after the 2013 Sundance Film Festival premiere of *Blackfish* an independent documentary film that critiqued the treatment of orcas in captivity visits to SeaWorld declined major corporate sponsors pulled their support and performing acts canceled appearances The steady drumbeat of public criticism negative media coverage and unrelenting activism became known as the Blackfish Effect In 2016 SeaWorld announced a stunning corporate policy change the end of its profitable orca shows In an evolving networked era social issue

documentaries like *Blackfish* are art for civic imagination and social critique Today's documentaries interrogate topics like sexual assault in the U S military *The Invisible War* racial injustice 13th government surveillance *Citizenfour* and more Artistic nonfiction films are changing public conversations influencing media agendas mobilizing communities and capturing the attention of policymakers accessed by expanding audiences in a transforming media marketplace In *Story Movements* How Documentaries Empower People and Inspire Social Change producer and scholar Caty Borum Chattoo explores how documentaries disrupt dominant cultural narratives through complex creative often investigative storytelling Featuring original interviews with award winning documentary filmmakers and field leaders the book reveals the influence and motivations behind the vibrant eye opening stories of the contemporary documentary age *Intelligence Work* Jonathan Kahana, 2008-07-07 *Intelligence Work* establishes a new genealogy of American social documentary proposing a fresh critical approach to the aesthetic and political issues of nonfiction cinema and media Jonathan Kahana argues that the use of documentary film by intellectuals activists government agencies and community groups constitutes a national public form of culture one that challenges traditional oppositions between official and vernacular speech between high art and popular culture and between academic knowledge and common sense Placing iconic images and the work of celebrated filmmakers next to overlooked and rediscovered productions Kahana demonstrates how documentary collects and delivers the evidence of the American experience to the public sphere where it lends force to political movements and gives substance to the social imaginary *That's the Way It Is* Charles L. Ponce de Leon, 2015-05-04 This engaging and important study examines the evolution of TV news and its long history of blending journalism and entertainment *American Historical Review* Today's media critics often decry the state of television news saying that it's too dumbed down becoming more entertainment than information But this familiar narrative fails to acknowledge real changes in media and Americans news consuming habits It also harkens back to a golden age that on closer examination is revealed to be not so golden As Charles L Ponce de Leon explains in *That's the Way It Is* TV news has always walked a fine line between hard news and fluff Ponce de Leon traces the entire history of televised news from the household names of the late 1940s and early 50s like Eric Sevareid Edward R Murrow and Walter Cronkite through the rise of cable the political power of Fox News and the satirical punch of Colbert and Stewart He describes an industry forever in transition where newsmagazines and celebrity profiles vie with political news and serious investigations The need for ratings success and the lighter human interest stories that can help bring it Ponce de Leon makes clear has always sat uneasily alongside a real desire to report hard news Highlighting the paradoxes at the heart of TV news and telling a story rich in familiar figures and fascinating anecdotes *That's the Way It Is* offers an insightful and engaging account of how television has presented our history as it happens ***The Forsaken Garden*** Nancy Ryley, 1998 When documentary filmmaker Nancy Ryley first became ill few people had heard of environmental illness Her symptoms fatigue depression hypersensitivity to foods and chemicals puzzled doctors and resisted treatment Unable to work Nancy

with her husband moved from Toronto to rural west Canada where a lifestyle free of urban pollutants helped her slowly to rebuild her health Nancy's struggle is also the spiritual struggle of the planet To explore the connections between the state of our bodies and souls and the condition of the earth she interviewed four leading thinkers each with a unique perspective on spiritual health Laurens van der Post African explorer and journalist Marion Woodman psychologist and best selling author Ross Woodman expert on Blake and the Romantic poets Thomas Berry theologian and cultural historian These thought provoking conversations woven with Nancy's own search for answers shine beacons of hope for personal and planetary healing

Heartland TV Victoria E. Johnson, 2008 Winner of the 2009 Society for Cinema and Media Studies Katherine Singer Kovacs Book Award The Midwest of popular imagination is a Heartland characterized by traditional cultural values and mass market dispositions Whether cast positively as authentic pastoral populist hardworking and all American or negatively as backward narrow minded unsophisticated conservative and out of touch the myth of the Heartland endures Heartland TV examines the centrality of this myth to television's promotion and development programming and marketing appeals and public debates over the medium's and its audience's cultural worth Victoria E Johnson investigates how the square image of the heartland has been ritually recuperated on prime time television from The Lawrence Welk Show in the 1950s to documentary specials in the 1960s to The Mary Tyler Moore Show in the 1970s to Ellen in the 1990s She also examines news specials on the Oklahoma City bombing to reveal how that city has been inscribed as the epitome of a timeless pastoral heartland and concludes with an analysis of network branding practices and appeals to an imagined red state audience Johnson argues that non white queer and urban culture is consistently erased from depictions of the Midwest in order to reinforce its reassuring image as white and straight Through analyses of policy industry discourse and case studies of specific shows Heartland TV exposes the cultural function of the Midwest as a site of national transference and disavowal with regard to race sexuality and citizenship ideals

Viewers Like You Laurie Oullette, 2012-07-24 How public is public television if only a small percentage of the American people tune in on a regular basis When public television addresses viewers like you just who are you Despite the current of frustration with commercial television that runs through American life most TV viewers bypass the redemptive oasis of the wasteland represented by PBS and turn to the sitcoms soap operas music videos game shows weekly dramas and popular news programs produced by the culture industries Viewers Like You traces the history of public broadcasting in the United States questions its priorities and argues that public TV's

tendency to reject popular culture has undermined its capacity to serve the people it claims to represent Drawing from archival research and cultural theory the book shows that public television's perception of what the public needs is constrained by unquestioned cultural assumptions rooted in the politics of class gender and race

Into the Fray Tom Mascaro, 2012-09-30 From 1961 to 1989 a committed group of documentary journalists from the National Broadcasting Company NBC reported the stories of America's overseas conflicts Stuart Schulberg supplied film evidence to prosecute Nazi war criminals and established documentary units in postwar Berlin and Paris NBC newsman David Brinkley created the template for prime time news in 1961 and bore the scars to prove it In 1964 Ted Yates and Bob Rogers produced a documentary warning of the pitfalls in Vietnam Yates was later shot and killed in Jerusalem on the first day of the Six Day War while producing a documentary for NBC News In *Into the Fray* Tom Mascaro vividly recounts the characters and experiences that helped create a unique colorful documentary film crew based at the Washington bureau of NBC News From the Kennedy era through the Reagan years the journalists covered wars rebellions the Central Intelligence Agency covert actions the Pentagon military preparedness and world and American cultures They braved conflicts and crises to tell the stories that Americans needed to see and hear and in the process they changed the face of journalism Mascaro also looks at the social changes in and around the unit itself including the struggles and triumphs of women and African Americans in the field of television documentary *Into the Fray* is the story of adventure loyalty to reason and life and death in the service of broadcast journalism
