Rediscovering Bhutan:

Rediscovering Bhutan M. N. Gulati, 2003 In ancient times Bhutan was a Indian kingdom and like most Hindus of that period the inhabitants of Bhotana were also worshipers of Lord Shiva Development Challenges in Bhutan Johannes Dragsbaek Schmidt, 2017-03-21 This book provides essential insights into Bhutan's developmental challenges It analyzes and scrutinizes the sovereign state's developmental approach including the idea of Gross National Happiness GNH which has replaced Gross National Product GNP as a measurement of prosperity The authors also explore and deconstruct ideational and cultural aspects of knowledge production and present a critical overall assessment of the political economy of education policy health ICT and migration in Bhutan The book is divided into five parts all taking a critical approach towards inequality Part one offers an assessment of Bhutan's developmental trajectories part two deals with GNH equality and inclusion versus exclusion part three is devoted to culture legal issues and the politics of change and part four to governance and integration section five addresses health food and disparities This book will appeal to all scholars of South Asian affairs and development studies as well as to diplomats and professionals involved in development aid **The Life of the Sixteenth Karmapa Rangjung Rigpe Dorje** Meng Wang, 2022-11-08 The Sixteenth Karmapa Rangjung Rigpe Dorje was the first Tibetan Buddhist leader to make extensive teaching tours to the West His three tours to Europe and North America from 1974 to 1980 led to the global expansion of Tibetan Buddhist schools This book presents the most in depth analysis of the Karmapa's contribution to the preservation and transmission of Tibetan Buddhism in exile It is the first study to combine Tibetan life writing and biographical materials in English with a thorough examination of the transformation of Tibetan Buddhism in the modern era of globalization Drawing on a wide range of data from written accounts collections of photographs recordings of interviews and documentaries the author discusses the life and activity of the Karmapa through the lens of cross cultural interaction between Buddhism and the West with a particular focus on Asian agency The study shows that the Karmapa's transmission strategies emphasized continuity with tradition with some openness for adaptation His traditionalist approach and his success on the global scale challenge the popular assumption that the transmission of Buddhism is primarily a matter of Westernization which in turn calls for a broader view that recognizes its complex and dynamic nature *The Encyclopedia of the Cold War* Spencer C. LOSE YOURSELF IN THE BUDDHIST EXPERIENCE INDIA IS THE GUARDIAN OF a rich and ancient culture and the seat of Buddhism Mystic monasteries on Himalayan slopes richly carved stupas amid lush gardens cavernous dwellings with exquisite paintings India is home to all these and more In this her seventh book respected historian Aruna Deshpande travels the length and breadth of the country to track down the imprints of Buddhism Never before has any historian presented every major Buddhist site located in India in one book Here are the architectural gems of Lumbini the lesser known Tawang Monastery of Arunachal Pradesh the unparalleled Bodh Gaya and a reliable guide to visiting all these places A boon to pilgrims travelers and armchair explorers alike Buddhist India Rediscovered will fire the imagination and carry you on a memorable journey A remarkably thorough catalogue of India s Buddhist sites Whether their interest is in history and culture or Buddhist pilgrimage I am sure many readers will find this work of great value From the foreword by HIS HOLINESS THE DALAI LAMA

The Rediscovery of India Meghnad Desai, 2011-08-02 What makes India a nation What has held its many disparate societies with their diverse sometimes conflicting narratives together for more than sixty years What has allowed India to sustain its commitment to the democratic process given its location in a region that is largely undemocratic In this magisterial analysis of the last five hundred years of Indian history Meghnad Desai looks at India s colonial past its struggle for independence and its many contemporary conundrums to discover answers to the questions that have confronted India watchers for decades Rejecting much received wisdom including narratives fashioned by India s ruling establishment Meghnad Desai goes back to the beginnings of the East West encounter at the end of the fifteenth century and tracks its impact on the cultures and politics of the present day Through a series of Counterfactual Boxes Meghnad Desai analyses the accepted defining moments of India s past and suggests alternative courses that history could so easily have taken Meghnad Desai draws on a wealth of sources to illuminate India s journey to the twenty first century Whether it is an examination of British parliamentary debates on the question of India s independence or the liberalization of the economy after decades of licence permit raj or the state s complicity in the Gujarat riots Meghnad Desai s original occasionally iconoclastic approach to seemingly settled arguments makes The Rediscovery of India a path breaking and comprehensive account of India s past and present
