Corporate Governance and China's H-share Market Alice De Jonge, 2008-01-01 Using detailed case studies of the first nine mainland Chinese companies to be listed on the Hong Kong stock exchange 1993-94 Alice de Jonge examines the evolution of corporate governance law and culture in China s H share market A story emerges not of tensions between ideas of corporate governance from two different legal systems Hong Kong vs mainland Chinese nor about legal convergence as China adopts concepts from Anglo American jurisdictions Rather it is a story of individual firms being pragmatic in mediating the different agendas of state agencies that own or control them Corporate Governance and China s H Share Market looks at corporate governance in a cross border context is unique in providing a detailed understanding of China s H share market reveals why a beer company was the first ever Chinese firm to be listed overseas This fascinating work will appeal to postgraduate students and scholars of corporate governance Asian law and legal systems and Asian business as well as Chinese scholars more generally Professionals such as law practitioners working in Chinese law will also find the book of interest

Securities Regulation in China Zhu Sanzhu, 2021-10-01 A co publication with Simmonds and Hill In this important study Dr Zhu Sanzhu offers a thorough account of the tortuous passage of China from an experimental securities market subject to regional and local or ministerial regulation to a full fledged national securities law China has conducted its securities experiments within a limited private and quasi private sector not linking them as has been true in Central and Eastern Europe to the rapid privatisation of the instruments and means of production The capital markets in China are for

certain actors in the economy a test of economic performance economic efficiency and public confidence Dr Zhu also provides a translation of the Securities Law of the People's Republic of China along with a glossary of Chinese terms This volume is an essential resource for all those engaging in business with China or studying the integration of the Chinese economy into the world community Published under the Transnational Publishers imprint **China's Stockmarket** Stephen Green,2003-06-01 Sixteen years after the first shares were traded in Shanghai China's stockmarket is now recognised as the developing world's most important market and is already the third largest in Asia All the large Western banks and investment firms have a strong presence in Shanghai Now that China has become a member of the World Trade Organisation WTO the growth of the Chinese stockmarket is being eagerly watched This is an informative and accessible guide to China's stockmarket It explains the creation of the market and how it has developed since the 1980s Key policies are examined major scandals recounted and the different types of investors institutional and individuals analysed Finally the book maps out the likely development of China's stockmarket over the next ten years and examines the opportunities and risks involved for foreign investors *The Global Securities Market* R. C. Michie,2006-11-09 This volume provides an authoritative account of the global securities market from its earliest developments to 2006 [The Development of China's Stockmarket, 1984-2002](#) Stephen Green,2004-07-31 As China's government manages a transition away from the socialist plan how does it build the regulatory institutions it needs to manage the new market economy Without the correct institutions laws and agencies that implement the laws in place the remarkable growth witnessed in China over the last two decades will falter Financial sector reform lies at the heart of China's economic transition and China's stock market has become critical to the reform of state owned industry the supply of fiscal revenues and in building a modern pension system *The Development of China's Stockmarket* takes a close look at the policy making and regulatory institutions the government has created to manage equity development and shows how in contrast to neo institutional and economic theories of regulatory development public actors have controlled institutional development Based on extensive field research in Shanghai Shenzhen and Beijing and over forty interviews with regulators and market players *The Development of China's Stockmarket* provides the first detailed academic analysis of the country's stockmarket With a comprehensive review of Chinese language literature available on the subject this book is essential reading for all scholars with an interest in Asian Business and China's transition from socialism *The Re-Emerging Securities Market in China* Mei Xia,Jian Hai Lin,Philip D. Grub,1992-09-30 This unique book examines the re emergence of a securities market in the People's Republic of China providing a comprehensive analysis of the market forces that are transforming China's centrally planned economy The authors provide answers to the key issues such as Why did a securities market develop in China How do market practices compare with those in other countries What are the major difficulties encountered in the development process of the securities market and what growth potential does the Chinese securities market have Based on Dr Xia's comprehensive survey of officials at Chinese securities issuing companies

government policy agencies and stock exchange centers the authors offer a comprehensive report on the investment climate in China and its future After reviewing briefly the emerging securities markets of other developing countries and the impact of the international debt crisis the authors examine the economic reforms in China and their impact on China's business climate An in depth discussion of financial sector developments the regulatory framework and scope of the securities market and a profile of market participants precedes a comprehensive examination of the type and nature of bond and stock issuing activities The operations of securities trading centers including secondary markets and in particular the Shanghai Exchange is explained in detail with the conclusion offering unique insights into the development prospects of these markets Essential to all investors in China this book is also an important source of information for academics researchers and business executives

Securities Dispute Resolution in China Sanzhu Zhu, 2018-02-06 Securities Dispute Resolution in China is a comprehensive and detailed study of the increasingly important issue of how cases involving securities are dealt with by Chinese courts commissions and other administrative authorities and by arbitration and mediation in the PRC The work identifies the nature and types of securities disputes and the various procedures including alternative dispute resolution used to address them This timely groundbreaking book is particularly relevant at a time of growing foreign investment in China's securities market The volume will be an invaluable resource for researchers and practitioners in developed as well as emerging markets

Chinese Companies and the Hong Kong Stock Market Flora Xiao Huang, Horace Yeung, 2013-10-30 Listing by companies from one country on the stock market of another country is a device often used both to raise capital in and to increase bonding with the target country This book examines the listing by Chinese companies on the Hong Kong stock market It discusses the extent of the phenomenon compares the two different regulatory regimes and explores the motivations for the cross listing It argues that a key factor in addition to raising capital and bonding with the Hong Kong market is Chinese companies desire to encourage legal and regulatory reforms along Hong Kong lines in mainland China in order to develop and open up China's domestic capital markets

Law Reform and Financial Markets K. Alexander, Niamh Moloney, 2012-01-01 Law Reform and Financial Markets addresses how law reform can be used to support strong financial markets and draws on the Global Financial Crisis as a case study This edited collection reflects recent developments including the EU institutional reforms and Dodd Frank Act 2010 The different contributions adopt a range of theoretical contextual and substantive perspectives examine different domestic regional and international contexts and assess public and private law frameworks in considering how legal and regulatory reforms can be most effectively designed for strong financial markets This comprehensive book will appeal to academics and postgraduates in the field of financial regulation and in cognate fields including finance and economics as well as to regulators and policymakers
