Edwards, William G. Howell, 2011-08-04 With engaging new contributions from major figures in the field *The Oxford Handbook of the American Presidency* provides the key point of reference for anyone working in American politics today *The Papers of Dwight David Eisenhower* Dwight David Eisenhower, 2003-04-30 The final set of volumes Vol 18 21 sold separately of *The Papers of Dwight David Eisenhower* contain 1 783 documents drawn from Eisenhower's second term as president from 20 January 1957 to 20 January 1961 Completing a monumental project that began with publication of *The War Years* in 1970 this final set of volumes of *The Papers of Dwight David Eisenhower* contains 1 783 documents drawn from Eisenhower's second term as president from 20 January 1957 to 20 January 1961 In these years Eisenhower worked hard to hold the focus of American national politics on the two major objectives he had set for his presidency in 1952 to sustain the policy of containment without precipitating a war with the Soviet Union and to reduce the role of the federal government in U S domestic affairs In both cases events at home and abroad intruded diverting attention to immediate problems endangering the peace and forcing the White House to devote most of its leadership to the crises of the day As president during this tense period Eisenhower maintained an extensive and revealing correspondence with prominent individuals as well as with personal friends These letters together with the occasional entries made in his diary shed considerable light upon the major national concerns of the 1950s The volumes also include private and secret correspondence previously unavailable to scholars Some of these items have been only recently declassified and many appear here in print for the first time Taken as a whole the Eisenhower papers from 1957 61 provide firm documentary evidence of the manner in which Eisenhower dealt with the complex internal and external problems faced by all of our modern political leaders *Living with Peril* Andreas Wenger, 2000-01-01 *Living with Peril* explains in detail how the Eisenhower and Kennedy administrations adapted to the reality of a Soviet nuclear force capable of destroying the United States and against which there was no effective defense Wenger illuminates the development implementation and evolution of U S government policies designed to avoid war and to respond to the vulnerability of nuclear destruction Drawing from a wealth of sources Wenger provides an insightful and original perspective on the origins of cold war nuclear diplomacy This is crucial reading for students and scholars of international relations peace and conflict studies and diplomatic history *We Are at War Book 5* Vitalis Chi Nwaneri, 2012-11-14 OUR MISSION Over the past century the world has been witnessing a gradual decline in the state of global peace At a recent conference of World Religious Leaders in Assissi on the invitation of Pope Benedict XVI These Leaders expressed the concern that the declining state of world peace is partly fueled by growing religious crises like terrorism across the globe Accordingly it was resolved that global religious

leaders should strive to contribute to the recovery in global peace Pope Benedict followed up the resolution with his establishment of the Pontifical Council on the New Evangelization PCNE to stem the growing De christianization in most advanced countries and enhance the effectiveness of the weapon of Evangelization as a means of contributing to Global Peace and Religious Freedom The Pope called on all the Lay Members of The Catholic Church to rise up and contribute to the mission of the PCNE Our Mission is a humble response to the Popes call In Book 1 the Author surveyed the teaching and history of the Church through a military perspective He concluded that WE ARE AT WAR WITH SATAN the only enemy of God and Man That war started from the Garden of Eden after mans creation It has been going on ever since Author therefore reminds the world that its wars and crises from the family to the global levels are rooted in this war against Satan fighting us as it did to Adam and Eve to commit sins by disobeying Gods Commandments Through our disobedience and sins we bring as Adam did wars and crises from our families to the global levels Accordingly the Author concludes that we cannot avoid sins if we do not understand the Teaching of Christ Our Only Leader and recognize the voice language and strategies of His enemy Satan in tempting us to sin The Author views the teaching of Christ as the Pillars that sustain our lives and modern governance against the attacks of the enemy He therefore warns that driving God out of our private and public lives can only move us faster on the path to wars crises and declining global peace He therefore provides in these Books his views on how to avoid sins by recognizing the ways that the enemy Satan lures us to sin Through such recognition we can learn how to avoid its temptations In the world of today most sins arise from our denial or lack of knowledge of these sins at all levels of our activities and lives The principle of the Separation of State and Religion is being misinterpreted to mean denying sins in our political economic and social lives In Books 2 and 3 the Author continues his surveys of the enemys strategies to cause wars between Christianity and Secularity and shows how the two can cooperate to fight back and reduce our wars and enhance global peace In Book 4 he shows how the enemy uses us in our various professions to be its agents to cause wars that lead to a decline in peace from our family to the global levels Finally in Book 5 he surveys the on going Warfront against our Religious Freedom to obey Gods Commandments in all our Religious and Secular activities He concludes with strong Recommendations on building the Knights of The Cross Mission of warriors from our Grass root parish levels of the church to the global level

Reflections: An Autobiography Dave Ferrari, 2013-11 This autobiography discusses the author s childhood his entrance into politics and his attempts to prevent legislators from becoming lobbyists immediately upon leaving the Legislature and prevent government bureaucrats from being enriched by businesses they regulate license inspect or oversee as a government official The book discloses the shocking details of elected officials voting for their own personal financial interests and opposing efforts to strengthen campaign finance laws financial disclosure rules and restrictions on lobbyist gift giving Eight states flunked the 2012 Center for Public Integrity assessment of transparency accountability and anti corruption mechanisms Not a single state received an A grade and only five earned a B grade Wyoming ranked 48th out

of all 50 States The risk for government corruption in the states is a nationwide epidemic mirroring the cronyism and perversion at the federal level yet politicians and their special interests and supporters vehemently deny its existence The book reveals details of the successful strategy in a gubernatorial political campaign that produced a winner in spite of the fact that his party's registered voters were outnumbered by 2.5 to 1 What did they do How did they do it Can the strategy be applied in other campaigns Conflicts of interest Influence peddling Cronyism Unethical behavior Acceptance of gifts and favors Graft and corruption The Papers of Dwight David Eisenhower: The Presidency: Keeping the peace Dwight David Eisenhower, 2001 **Local Leadership in a Global Era** Amy M. Hochadel, 2017-07-07 This book examines local leadership and policy changes as a result of globalisation The author identifies what behaviours are facilitating the connection of local economies to the global economy and what local structures enable or inhibit the activity It presents positive indicators from empirical research and three local case studies that a dyadic arrangement of transformational leadership and a legislative activist structure are more likely to connect a local economy to opportunities in the global economy Further the research presents a new measure for behaviour and structure to deduce the potential for local participation in a global economy The book is based in and expands several fields of study and will appeal to scholars of international relations economics public management immigration and politics Participatory Learning and Action 50: Critical reflections, future directions Nicole Kenton, 2004
