Refugees Of A Hidden War:

Refugees of a Hidden War Beatriz Manz, 1988-01-01 Examines the results of the political violence and military repression in Guatemala during the 1980s **Encyclopedia of North American Immigration** John Powell, 2009 Presents an illustrated A Z reference containing more than 300 entries related to immigration to North America including people places legislation and more *World Press Spotlights Sudan's "hidden War"* Africans for Ending Genocide in Sudan, 1971 **Final Solutions** Benjamin A. Valentino, 2013-01-19 Benjamin A Valentino finds that ethnic hatreds or discrimination undemocratic systems of government and dysfunctions in society play a much smaller role in mass killing and genocide than is commonly assumed He shows that the impetus for mass killing usually originates from a relatively small group of powerful leaders and is often carried out without the active support of broader society Mass killing in his view is a brutal political or military strategy designed to accomplish leaders most important objectives counter threats to their power and solve their most difficult problems In order to capture the full scope of mass killing during the twentieth century Valentino does not limit his analysis to violence directed against ethnic groups or to the attempt to destroy victim groups as such as do most previous studies of genocide Rather he defines mass killing broadly as the intentional killing of a massive number of noncombatants using the criteria of 50 000 or more deaths within five years as a quantitative standard Final Solutions focuses on three types of mass killing communist mass killings like the ones carried out in the Soviet Union China and Cambodia ethnic genocides as in Armenia Nazi Germany and Rwanda and counter guerrilla campaigns including the brutal civil war in Guatemala and the Soviet occupation of Afghanistan Valentino closes the book by arguing that attempts to prevent mass killing should focus on disarming and removing from power the leaders and small groups responsible for instigating and organizing the killing
