Religion And Society In England 1850 1914:

Religion and Society in England, 1850-1914 Hugh Mcleod, 1996-03-06 The book examines the evidence and evaluates the many and contradictory theories that have been advanced to explain why this happened *The Cambridge Urban History of Britain* Peter Clark, David Michael Palliser, Martin J. Daunton, 2000 The process of urbanisation and suburbanisation in Britain from the Victorian period to the twentieth century *The Death of Christian Britain* Callum G. Brown, 2013-04-15 The Death of Christian Britain uses the latest techniques to offer new formulations of religion and secularisation and explores what it has meant to be religious and irreligious during the last 200 years By listening to people's voices rather than purely counting heads it offers a fresh history of dechristianisation and predicts that the British experience since the 1960s is emblematic of the destiny of the whole of western Christianity Challenging the generally held view that secularization has been a long and gradual process beginning with the industrial revolution it proposes that it has been a catastrophic short term phenomenon starting with the 1960s Is Christianity in Britain nearing extinction Is the decline in Britain emblematic of the fate of western Christianity Topical and controversial The Death of Christian Britain is a bold and original work that will bring some uncomfortable truths to light **Religion and Society in Twentieth-Century Britain** Callum G. Brown, 2014-09-11 During the twentieth century Britain turned from one of the most deeply religious nations of the world into one of the most secularised nations This book provides a comprehensive account of religion in British society and culture between 1900 and 2000 It traces how Christian Puritanism and respectability framed the people amidst world wars economic depressions and social protest and how until the 1950s religious revivals fostered mass enthusiasm It then examines the sudden and dramatic changes seen in the 1960s and the appearance of religious militancy in the 1980s and 1990s With a focus on the themes of faith cultures secularisation religious militancy and the spiritual revolution of the New Age this book uses people's own experiences and the stories of the churches to display the diversity and richness of British religion Suitable for undergraduate students studying modern British history church history and sociology of religion *Nineteenth-Century Religion, Literature and Society* Naomi Hetherington, Rebecca Styler, Angharad Eyre, Richa Dwor, Clare Stainthorp, 2021-11-09 This four volume historical resource provides new opportunities for investigating the relationship between religion literature and society in Britain and its imperial territories by making accessible a diverse selection of harder to find primary sources These include religious fiction poetry essays memoirs sermons travel writing religious ephemera unpublished notebooks and pamphlet literature Spanning the long nineteenth century c 1789 1914 the resource departs from older models of the Victorian crisis of faith in order to open up new ways of conceptualising religion A key concern of the resource is to integrate non Christian religions into our understanding and representations of religious life in this period Each volume is framed around a different meaning of the term religion Volume one on Traditions offers an overview of the different religious traditions and denominations present in Britain in this period Volume two on Mission and Reform considers the social and

political importance of religious faith and practice as expressed through foreign and domestic mission and philanthropic and political movements at home and abroad Volume three turns to Religious Feeling as an important and distinct category for understanding the ways in which religion is embodied and expressed in culture Volume four on Disbelief and New Beliefs explores the transformation of the religious landscape of Britain and its imperial territories during the nineteenth century as a result of key cultural and intellectual forces The resource is aimed primarily at researchers and students working within the fields of literature and social and religious history It supplies an interpretative context for sources in the form of explanatory headnotes to each source or group of sources and volume introductions that explore overarching themes Each volume can be read independently but they work together to elucidate the complex and multi faceted nature of nineteenth century religious life

Church And Society In England 1000-1500 Andrew Brown,2017-03-14 What impact did the Church have on society How did social change affect religious practice Within the context of these wide ranging questions this study offers a fresh interpretation of the relationship between Church society and religion in England across five centuries of change Andrew Brown examines how the teachings of an increasingly universal Church decisively affected the religious life of the laity in medieval England However by exploring a broad range of religious phenomena both orthodox and heretical including corporate religion and the devotional practices surrounding cults and saints Brown shows how far lay people continued to shape the Church at a local level In the hands of the laity religious practices proved malleable Their expression was affected by social context status and gender and even influenced by those in authority Yet as Brown argues religion did not function simply as an expression of social power hierarchy patriarchy and authority could be both served and undermined by religion In an age in which social mobility and upheaval particularly in the wake of the Black Death had profound effects on religious attitudes and practices Brown demonstrates that our understanding of late medieval religion should be firmly placed within this context of social change

insights of specialist monographs and articles over recent years and provides indispensable information on how Britain's and particularly Ireland's present religious situation has evolved.
