Religion and the Conduct of War, C. 300-1215 David S. Bachrach, 2003 An analysis of the dynamic interpenetration of religion and war in the West from the fourth to the 13th centuries **Religion and the Conduct of War, C. 300-1215**

David S. Bachrach, 2003 **Medieval Weapons** Robert D. Smith, Kelly DeVries, 2007-04-20 This fascinating reference covers the weapons and armor used by warriors from the 4th to the 15th century and discusses how and why they changed over time In the Middle Ages the lack of standardized weapons meant that one warrior's arms were often quite different from another's even when they were fighting on the same side And with few major technological advances in that period the evolution of those weapons over the centuries was incremental But evolve they ultimately did bringing arms armor and siege weapons to the threshold of the modern era From the fall of the Roman Empire to the beginnings of the Renaissance **Medieval Weapons An Illustrated History of Their Impact** covers the inexorable transformation from warrior in the mail shirt to fully armored knight from the days of spears and swords to the large scale adoption of the handgun **Medieval Weapons** covers this fascinating expanse of centuries in chapters devoted to the early medieval Carolingian Crusade and late medieval periods Within each period the book details how weapons and armor were developed what weapons were used for different types of battles and how weapons and armor both influenced and were influenced by changing tactics in battles and sieges

Encountering Islam on the First Crusade Nicholas Morton, 2016-07-14 The First Crusade 1095-9 has often been characterised as a head to head confrontation between the forces of Christianity and Islam For many it is the campaign that created a lasting rupture between these two faiths Nevertheless is such a characterisation borne out by the sources Engagingly written and supported by a wealth of evidence *Encountering Islam on the First Crusade* offers a major reinterpretation of the crusaders attitudes towards the Arabic and Turkic peoples they encountered on their journey to Jerusalem Nicholas Morton considers how they interpreted the new peoples civilizations and landscapes they encountered sights for which their former lives in Western Christendom had provided little preparation Morton offers a varied picture of cross cultural relations depicting the Near East as an arena in which multiple protagonists were pitted against each other Some were fighting for supremacy others for their religion and many simply for survival *Prowess, Piety, and Public Order in Medieval Society*, 2017-03-06 Richard Kaeuper's career has examined three salient concerns of medieval society knightly prowess and violence lay and religious piety and public order and government most directly in three of his monographs *War Justice and Public Order* Oxford 1988 *Chivalry and Violence in Medieval Europe* Oxford 1999 and *Holy Warriors* Penn 2009 Kaeuper approaches historical questions with an eye towards illuminating the inherent complexities in human ideas and ideals and he has worked to untangle the various threads holding together cultural constructs such as chivalry licit violence

and lay piety The present festschrift in his honor brings together scholars from across disciplines to engage with those same concerns in medieval society from a variety of perspectives Contributors are Bernard S Bachrach Elizabeth A R Brown Samuel A Claussen David Crouch Thomas Devaney Paul Dingman Daniel P Franke Richard Firth Green Christopher Guyol John D Hosler William Chester Jordan Craig M Nakashian W Mark Ormrod Russell A Peck Anthony J Pollard Michael Prestwich Sebastian Rider Bezerra Leah Shopkow and Peter W Sposato
