Religion and Urban Change Jeremy N. Morris, 1992 A study of the impact of urbanisation on organised religion in Croydon in the Victorian and Edwardian era *Transactions of the Royal Historical Society: Volume 3* Royal Historical Society, 2012-02-13 A 1995 collection of articles representing some of the best historical research by some of the world's most distinguished historians *Religion of the People* David Hempton, 2013-10-31 Taking account of broader patterns of growth the focus of this book is Methodism in the British Isles Hempton discusses why Methodism the most important religious movement in the English speaking world in the 18th and 19th centuries grew when and where it did and what was the nature of the Methodist experience for those who embraced it He also explores the themes of law politics and gender which lie at the heart of Methodist influence on individuals communities and social structures **Religious Belief and Popular Culture in Southwark c.1880-1939** S. C. Williams, 1999-05-27 This book challenges the domination of the institutional church as the overriding concern of nineteenth century religious history by taking as its starting point the nature and expression of religious ideas outside the immediate sphere of the church within the wider arena of popular culture It considers in detail how these beliefs formed part of a richly textured language of personal familial and popular identity in the day to day lives of the inhabitants of the London Borough of Southwark between c 1880 and the outbreak of the Second World War The study highlights the persistence of patterns dismissed as alien to the industrial and urban environment The interaction of folk idioms with institutional religious language and practice is also considered and urban popular religion is identified as a distinctive system of belief in its own right This study also pioneers a methodology for exploring belief and interpreting it as a popular cultural phenomenon A wide range of source materials are drawn on including oral history Centrality is given to understanding the ways in which individuals expressed and communicated their religious ideas

London expertise during the last 20 years For this book each contribution has been updated where possible to take account of the very latest publications **Proceedings of the Wesley Historical Society** Wesley Historical Society,1994 List of members in v 4 5 7 10 **Religion in Victorian Britain** Gerald Parsons,John Wolffe,1988 Provides an expansion of the first four volumes containing both specially written essays and a related compilation of primary sources drawn from the writings of the day The text explores the wider context of religion in Victorian Britain both in relation to the development of the Empire and its consequences The introduction sets the scene and also provides an overview of scholarship on Victorian religion in the years since the first four volumes were published in 1988 *A History of Fair Trade in Contemporary Britain* Matthew Anderson,2015-09-06 This book offers an original contribution to the empirical knowledge of the development of Fair Trade that goes beyond the anecdotal accounts to challenge and analyse the trading practices that shaped the Fair Trade model Fair Trade represented a new approach to global trade corporate social responsibility and consumer politics

Cosmo Lang Robert Beaken,2012-10-09 The period 1928 1942 saw some of the greatest political and social upheavals in modern British history Lang as Archbishop of Canterbury led the Church of England through this tumultuous period and was a pivotal influence in political and religious decision making In this book Robert Beaken provides a new perspective on Lang including his considerable relationship with the royal family Beaken also shows how Lang proved to be a sensitive leader during wartime opposing any demonisation of the enemy and showing compassion to conscientious objectors Despite his central role at a time of flux there has been little written on Lang since the original biography published in 1949 and history has not been kind to this intellectually gifted but emotionally complex man Although Lang has often been seen as a fairly unsuccessful archbishop who was resistant to change Beaken shows that he was in fact an effective leader of the Anglican community at a time when the Church of England was internally divided over issues surrounding the Revised Prayer Book and its position in an ever changing world Lang s reputation is therefore ripe for reassessment Drawing on previously unseen material and first hand interviews Beaken tells the story of a fascinating and complex man who was he argues Britain s first modern Archbishop of Canterbury **Southern History** ,1994
