William Robertson Smith

Religion Of The Semites Ppr:

Religion of the Semites (Ppr) William Robertson Smith, Scottish Semiticist and Arabist William Robertson Smith was a celebrated biblical critic theorist of religion and theorist of myth His accomplishments were multiple Smith s German mentors reconstructed the history of Israelite religion from the Bible itself Smith ventured outside the Bible to Semitic religion and thereby pioneered the comparative study of religion Where others viewed religion from the standpoint of the individual Smith approached religion at least ancient religion from the standpoint of the group He asserted that ancient religion was centrally a matter of practice not creed and singlehandedly created the ritualist theory of myth Since Smith s time the ritualist theory of myth has found adherents not only in biblical studies but in classics anthropology and literature as well Smith s accomplishments are seen most fully in *Religion of the Semites* adapted from a number of public lectures he gave at Aberdeen and first published in 1889 Smith delivered three courses of lectures over three years It is this set that is reprinted here Only recently were the notes for the second and third courses of lectures discovered and published *Religion of the Semites* combines extraordinary philological erudition with brilliant theorizing Among the fundamental emphases of the book are the foci on sacrifice as the key ritual and non ancient sacrifice as communion with God rather than as penance for sin Most important is Smith s use of the comparative method he uses cross cultural examples from other primitive peoples to confirm his reconstruction from Semitic sources Smith combines pioneering sociology and anthropology with a staunchly Christian faith For him Christianity is an expression of divine revelation For Smith only continuing revelation can account for the leap from the collective ritualistic and materialistic nature of ancient Semitic religion to the individualistic creedal and spiritualized nature of Christianity *Lectures on the Religion of the Semites* manages to meld social science with theology and remains a classic work in the social scientific study of religion

Communications & Social Order Ppr Hugh Dalziel Duncan, In this highly influential study of art forms as models for a theory of communications Hugh Dalziel Duncan demonstrates that without understanding of the role of symbols in society social scientists cannot hope to develop adequate models for social analysis He reviews critically major contributions to communication theory during the past century Freud s analysis of dream symbolism Simmel s concept of sociability James insights into religious experience and Dewey s relating of art to experience

New Nationalism (The) (Ppr) Louis Leo Snyder, 2003-01-01 In Snyder s opinion nationalism should be differentiated from Theodore Roosevelt s New Nationalism a phrase he borrowed from Herbert D Croly s *The Promise of American Life* Croly warned that giving too much power to big industry and finance would lead to the degradation of the masses and that state and federal intervention must be pursued on all economic fronts Roosevelt expanded upon this concept and saw the flourishing of democratic government as a means of reviving the old pioneer sense of individualism and opportunity Snyder in contrast extends the work of the two major pioneers in the study of modern nationalism Carlton J H Hayes and Hans Kohn in exploring this most powerful sentiment of modern times and showing how it relates to the political economic and

psychological tendencies of historical development BOOK JACKET Emile Durkheim's Sociological Theory of Religion and of Knowledge Maurice Okpo Ene,1973 *Lectures on the Religion of the Semites* William Robertson Smith,1889
