Eastern Light in Western Eyes Marty Glass, 2005-03 Marty Glass lives with his wife Carol beyond the power and water lines in Humboldt County California relying on his 1965 pick up truck Old Brown to take him the final two miles up a dirt road to his owner built home He has worked as a college English instructor warehouseman and janitor A devoted father of five children loving husband and neighbor he now teaches sixth grade in a rural elementary school and plays jazz piano and cards For the past thirty years he has seriously practiced the religion of India spending the long necessary hours meditating in Marty s Cell an old chicken coop reborn as an austere shrine His spiritual practice is his real life Marty s acclaimed book *Yuga An Anatomy of our Fate* was published by Sophia Perennis in 2001 He now gives us perhaps his most beautiful and thoughtful gift reminding us that the world is woven of the infinite Love and Joy that is God and showing us how inspired by the Hindu tradition that Love and Joy can be directly experienced as the heart of the universe and the heart of our hearts We have it from Frithjof Schuon *The Transcendent Unity of Religions* and many others that the Vedanta appears among explicit doctrines as one of the most direct formulations possible of what makes the very essence of our spiritual reality The work in hand can be read as a book length unpacking of that accurate description Reliable from beginning to end it is distinctive among the innumerable renditions of the Vedanta in two ways First because its author is an accomplished wordsmith he makes the Vedanta s profundities which delve as deep as those of any philosophical theology read like an open book and second because he has worked for thirty years to shape his life by those profundities his vivid accounts of what he experienced along the way make his words jump off the page into the reader s heart The book is inspiring Huston Smith author of *Why Religion Matters The World s Religions* etc
