Religions et politique en Haïti (1804-1990) Mical M. Nérestant, 1994-01-01 **Ibss: Political Science: 1994** British Library of Political and Economic Science at the London School of Economics, 1995-12-08 The IBSS is the essential tool for librarians university departments research institutions and any public or private institution whose work requires access to up to date and comprehensive knowledge of the social sciences Haiti: The Aftershocks of History Laurent Dubois, 2012-01-03 Link Haiti s troubled current state to its turbulent history documenting how the 1804 slave rebellion placed Haiti at odds with the rest of the world while initiating a crushing cycle of debt and leaving the Haitian people struggling for true democracy **Vodou in Haitian Life and Culture** C. Michel, P. Bellegarde-Smith, 2006-11-27 This collection introduces readers to the history and practice of the Vodou religion and corrects many misconceptions The book focuses specifically on the role Vodou plays in Haiti where it has its strongest following examining its influence on spiritual beliefs cultural practices national identity popular culture writing and art Historical Dictionary of Haiti Fequiere Vilsaint, Michael R. Hall, 2021-08-01 This book covers the history of Haiti starting in 1492 with the initial European landing of the island to the present day Haiti shares the island of Hispaniola with the Dominican Republic Haiti proclaimed its independence from France on January 1 1804 following the only successful slave evolution in the Americas As a result of the Haitian Revolution 1791 1804 Haiti became the first independent Latin American nation and the second independent nation in the Western Hemisphere after the United States Throughout its history it has suffered political violence and a devastating earthquake which killed over 300 000 people Historical Dictionary of Haiti Second Edition contains a chronology an introduction and an extensive bibliography The dictionary section has more than 500 cross referenced entries on important personalities as well as aspects of the country s politics economy foreign relations religion and culture This book is an excellent resource for students researchers and anyone wanting to know more about Haiti **Thinking in Public** Celucien L. Joseph, 2017-04-25 Thinking in Public provides a probing and provocative meditation on the intellectual life and legacy of Jacques Roumain As a work of intellectual history the book investigates the intersections of religious ideas secular humanism and development within the framework of Roumain s public intellectualism and cultural criticism embodied in his prolific writings The book provides a reconceptualization of Roumain s intellectual itineraries against the backdrop of two public spheres a national public sphere Haiti and a transnational public sphere the global world Second it remaps and reframes Roumain s intellectual circuits and his critical engagements within a wide range of intellectual traditions cultural and political movements and philosophical and religious systems Third the book argues that Roumain s perspective on religion social development and his critiques of religion in general and of institutionalized Christianity in particular were substantially influenced by a Marxist philosophy of history and secular humanist approach to faith and human progress Finally the book advances the idea that Roumain s concept of development is linked to the theories of democratic socialism relational anthropology distributive

justice and communitarianism Ultimately this work demonstrates that Roumain believed that only through effective human solidarity and collaboration can serious social transformation and real human emancipation take place *Monthly Bibliography* United Nations Library (Geneva, Switzerland),1994 **Bibliographie Internationale de Science Politique**,1994 **Apprentissage organisationnel et dynamique de développement local en Haïti** Fritz Dorvilier,2007-06

Compte tenu de la structuration de l'ordre global et de l'affaiblissement des tats des nations pauvres les dynamiques de construction d'un modèle de développement intégrateur doivent nécessairement se mettre en place au niveau local Toutefois vu que ce dernier ne constitue pas le lieu naturel du processus de transformation socio-économique améliorative les acteurs locaux sont alors amenés à produire un ordre local de mouvement social susceptible de les réunir de les associer de les encadrer et de les orienter dans leur quête de développement Il est néanmoins évident que cet ordre local de mouvement social outre la simple association des individus concernés suppose une autre condition Celle-ci n'est autre que la mise en œuvre d'un dispositif d'apprentissage organisationnel c'est-à-dire un mécanisme de fabrication collective de savoirs de savoir-faire et de savoir-être au sein d'une structure organisée Ainsi ce processus d'apprentissage collectif s'effectuant dans l'organisation locale en tant qu'instrument d'identification de définition de coordination et de régulation des préférences collectives et de mobilisation des stratégies économiques socio-culturelle et politique innovantes des acteurs locaux constitue la condition de possibilité principale pour la dynamique de construction du développement local ou d'un nouvel ordre territorial Cette thèse montre donc pourquoi et comment des paysans d'une localité haïtienne Belle Fontaine s'organisent mettent en place avec l'appui de certaines organisations non gouvernementales un dispositif d'apprentissage collectif et participent à la construction d'un modèle spécifique de développement territorial *Les spiritains en Haïti* Émile Jacquot,2010 Écrit l'occasion du troisième centenaire de la congrégation du Saint Esprit 1703-2003 donc avant l'impensable catastrophe du tremblement de terre du 12 janvier 2010 le livre d'Émile Jacquot témoigne des liens très forts qui unissent depuis le milieu du XIXe siècle la congrégation du Saint Esprit avec Haïti La première partie du livre a le mérite de revisiter l'histoire de la christianisation en Haïti au XIXe siècle à travers un cas à la fois particulier et extrêmement significatif celui des Spiritains Il livre finalement des chroniques pleines de vie qui permettent de bien comprendre les difficultés et les enjeux de l'évangélisation sur le terrain Dans la seconde partie de l'ouvrage l'auteur évoque des événements et des personnages qu'il a lui-même connus C'est donc un témoignage de première main sur une histoire encore peu ou mal connue que nous livre ici Émile Jacquot Et à travers ce passionnant récit c'est toute l'évolution récente de la grande île qui se dévoile tant la place de l'Église catholique est essentielle au cœur d'un État encore largement en construction Émile Jacquot sait trouver le ton juste pour évoquer une histoire terrible marquée par la violence l'exploitation des plus démunis et le renoncement ou la corruption des élites Certes il ne dissimule pas son admiration pour un Antoine Adrien Spiritain haïtien porteur par l'esprit de la conférence de Medellín pas plus qu'il n'omet de signaler l'attitude pour le moins ambiguë de certains évêques Mais il prend soin de replacer les positions individuelles dans un contexte
