*Religious Life in the 21st Century* Catherine M. Harmer, 2001-06-01      *The General Chapter in a Religious Institute* Elizabeth M. Cotter, 2008 This book examines the historical antecedents of the concept of general chapter the supreme authority in an institute of consecrated life This provides the basis for an examination of the contemporary understanding of the nature of its power and authority as portrayed in the 1983 Code of Canon Law The general chapter is analysed in terms of its juridic status collegial nature participative character and representative function as well as its dynamic aspects and faith dimension The author applies the findings to one institute of consecrated life Institute of the Blessed Virgin Mary Loreto Branch This application provides an example of the challenges inherent in working participatively and collaboratively within a hierarchical structure Because consecrated life has an inalienable ecclesial dimension understanding authority and power and their exercise in institutes of consecrated life has relevance for understanding authority and its exercise in other organs of authority at all levels in the church      **Conversations at the Well** Jung Eun Sophia Park, Teresa Maya, 2019-08-29 Are religious women in the United States disappearing and finally dying out Or is there any new way of religious life emerging Conversations at the Well tries to respond to this question In the twenty first century of the global world newly emerging religious life would be rooted with the Jesus Movement and develop in the spirit of collaboration networking and intercultural living As the liminal space religious life is located at the margins subverting the existing social order and creating a new vision for the world This book explores an alternative meaning of religious life within the context of the apostolic mission In this new religious life the concept of community is not limited to living as a community in the convent but extended into collaborating friendship Primarily the apostolic religious life is deeply related to social justice delinking the global capitalism in which many people suffer from human trafficking immigration and exile The new leader of religious women would require skill in handling uncertainty amplifying resources and opening to the new reality In this new religious life spirituality would be articulated as freedom and liberation to let go of the old frame as well as letting the new life become reality In this way as radical disciples religious women in the twenty first century embody the Jesus Movement building bridges between different cultures and people      *Women in Mission* Susan E. Smith , 2015-02-25 In matters of mission history most major works that treat the full sweep of the church s missional self understanding are less than helpful in understanding women s part of that narrative Smith tries to redress the balance with a comprehensive history of mission that highlights the critical contributions of women as well as the theological developments that influenced their role From publisher s description      **With Oil in Their Lamps** Sandra Marie Schneiders, 2000 In this millennial Madeleva Lecture Sandra Schneiders takes a long and clarifying look at feminism both its impact on the past and its promise for the future She explores some of its deeply transformative effects on twentieth century American culture and on the postconciliar Church While Schneiders touches on a wide range of topics including women s emergence in the world of athletics and education and the greater role of women in

the Church she pays particular attention to the unique impact that women's Religious Life had in facilitating the transformation. Drawing on the insights of feminist thinkers and the biblical tradition the author suggests how a Gospel informed feminism can offer a new vision of humanity Church and world for a new century. BOOK JACKET Title Summary field provided by Blackwell North America Inc All Rights Reserved      *The Compassionate Community* Catherine M. Harmer, 2005-01-11 It is easier to identify the problems in our world than the solutions. And yet in many cases there are solutions at hand. What is lacking is the will to apply them. In the heart of this book Harmer identifies several problems endemic: poverty, homelessness, domestic violence and inadequate health care. In each case the significant causes of the current problem are juxtaposed with an analysis of failed strategies which continue to be fostered in spite of their failure. She then reviews alternative approaches, strategies that work which are actually being used and which involve the whole community. *The Compassionate Community* is a wise and inspiring book that cuts through ideological polarities and political impasses and provides hope for a different future in this new millennium. It includes a helpful resource list of community organizations, many of them profiled here.      **Poverty, Chastity, and Change** Carole G. Rogers, 1996 In interviews nicely edited into first person narratives American nuns discuss their life and work during the past few tumultuous decades as both society and the church have changed. Under evolving ministries they describe working in schools and hospitals as missionaries and pastors and serving the underserved. The attitudes they consider include encounters with Judaism, structures and fissures and the decision to leave. They also look toward the future. Includes a glossary without pronunciation.
