Cutler, 1968 **The Religious Situation. 1968-1969**, 1968 **The Religious Situation. 1968-**, 1968 **The Grammar of Social Relations** Louis Schneider, This collection of the writings of Louis Schneider an exceptionally gifted sociologist of religion the history of ideas provides a sensitive but rigorous view of the place of ideas in social life Divided according to the principal areas in which Schneider conducted research history of social thought principles of social theory sociology of religion are essays on evolution styles of research and moral choice in human relations His knowledge of systems of thought dialectical functional and phenomenological was peerless The unifying theme in his work is the place of cultural formations in social structures as a result his writings are alive with persons no less than systems **A Religious History of the American People** Sydney E. Ahlstrom, 2004-01-01 This classic work winner of the 1973 National Book Award in Philosophy and Religion and Christian Century's choice as the Religious Book of the Decade 1979 is now issued with a new chapter by noted religious historian David Hall who carries the story of American religious history forward to the present day Praise for the earlier edition An unusual and praiseworthy book It takes a modern almost anthropological view of history in which worship is a part of a web of culture along with play love dress and language B A Weisberger Washington Post Book World The most detailed most polished of the works in its tradition Martin E Marty New York Times Book Review An intellectual delight that one does not so much read as savor America The definitive one volume study by the leading authority Christianity Today No one writing or thinking hereafter about America's past will be able to ignore Ahlstrom's magisterial account of the religious element American Historical Review **African American Religious Studies** Gayraud S. Wilmore, 1989 This anthology provides a coherent interdisciplinary theoretical base for students of African American religious studies and will assist in the design of programs and courses for lay theological education and training To this end the editor has assembled material from Old and New Testament studies theology church history pastoral counseling worship and social action **Cycles of Faith** Robert S. Ellwood, 2003 Can the histories of the great religious traditions help us to predict their futures Are broad common patterns discernable within the developments of Hinduism Chinese religion Buddhism Christianity and Islam In Cycles of Faith noted historian of religion Robert Ellwood makes the case that the five largest world religions all move through the stages of Apostolic Imperial Devotional Reformation and Folk Religion Cycles of Faith is a completely revised edition of Ellwood's 1988 book The History and Future of Faith Ellwood's readable text can provide a useful theoretical framework to many classes in religious studies *African-American Religion* Timothy Earl Fulop, Albert J. Raboteau, 1997 African American religions encompass a broad spectrum of beliefs practices This book brings together in one forum the most important essays on the development of these traditions to provide an overview of the field its most important scholars **Sociological Amnesia** Alex Law, Eric Royal Lybeck, 2016-03-03 The history of sociology

overwhelmingly focuses on the winners from the classical canon Marx Durkheim and Weber to today's most celebrated sociologists This book strikingly demonstrates that restricting sociology in this way impoverishes it as a form of historically reflexive knowledge and obscures the processes and struggles of sociology's own making as a form of disciplinary knowledge Sociological Amnesia focuses on singular contributions to sociology that were once considered central to the discipline but are today largely neglected Chapters explore the work of illustrious predecessors such as Raymond Aron Erich Fromm and G D H Cole as well as examining exceptional cases of reputational revival as in the case of Norbert Elias or Gabriel Tarde Through understanding the obstacles of recognition faced by female sociologists like Viola Klein and Olive Schreiner and public intellectuals like Cornelius Castoriadis the volume considers the reasons why certain kinds of sociology are hailed as central to the discipline whilst others are forgotten In so doing the collection offers fresh insights into not only the work of individual sociologists but also into the discipline of sociology itself its trajectories forgotten promises and dead ends
