Religion and Mental Health ,1980 *How White Evangelicals Think* Dave Verhaagen, 2022-08-16 The majority of Americans have looked on in some combination of horror and befuddlement as many white Christians particularly evangelicals have revealed beliefs and opinions seemingly antithetical to

the Christian faith whether holding racist attitudes supporting conspiracy theories aligning with nationalistic and authoritarian movements or becoming hostile toward the different and marginalized Dr Dave Verhaagen a nationally board certified psychologist and author tackles the challenge of explaining the psychology behind what has become the unique mind of the modern white Christian Each chapter explores one or more robust psychological principles that help make sense of why white Christians think like they do **More Than a White Man's Religion** Abdu Murray,2022-09-27 Though many today accuse Christianity of being a white imperialistic religion it is actually the source for cherished Western ideals of racial and gender equality In *More Than a White Man's Religion* author and speaker Abdu Murray shares stories from the Bible and his own experiences as a global apologist a member of an ethnic minority a son of immigrants and a former Muslim to show that the gospel message provides dignity and liberty to non whites and women *More Than a White Man's Religion* reveals The ethnically diverse roots of biblical stories and passages that inspired some of the greatest social reforms in history How challenging and sometimes confusing Bible passages and stories can be best understood to champion equality for ethnically diverse people and women Ways believers can bring real and lasting change to our culture's pervasive racial ethnic and gender equality issues by following Jesus and his followers examples Without overlooking the places where Christianity has failed to live up to its own ideals Murray challenges the myth that Christianity is an oppressive Western religion and shows believers how to better fulfill their God given mandate to uphold the dignity of every human being Tackling head on one of the most serious challenges to the Christian faith in our multicultural age *More Than a White Man's Religion* demonstrates how the gospel can inspire positive change for modern culture *Religion, Personality, and Social Behavior* Vassilis Saroglou,2013-07-24 Psychological interest in religion in terms of both theory and empirical research has been constant since the beginning of psychology However since the beginning of the 21st Century partially due to important social and political events and developments interest in religion within personality and social psychology has increased This volume reviews the accumulated research and theory on the major aspects of personality and social psychology as applied to religion It provides a high quality integrative systematic and rigorous review of that work with a focus on topics that are both central in personality and social psychology and have allowed for the accumulation of solid and replicated and not impressionist knowledge on religion The contributors are renowned researchers in the field who offer an international perspective that is both illuminating yet neutral with respect to religion The volume's primary audience are academics researchers and advanced students in social psychology but it will also interest those in sociology political sciences and anthropology *The Psychology of Prejudice* Todd D.
