Religious Violence Abortion The Gideon Project:

Religious Violence and Abortion Dallas A. Blanchard, Terry James Prewitt, 1993 Reads almost like a well written novel The story it tells is unsettling but important Anyone interested in finding an acceptable solution to the vexed issue of abortion should read it Harvey Cox The Divinity School Harvard University On Christmas Day in 1984 three Pensacola abortion clinics were bombed by four young people who later went to trial and were convicted and sentenced The authors explore this moral drama as a case study of religiously motivated political action the perpetrators identified with Gideon the Old Testament slayer of those who sacrificed firstborn infants to Baal Their analysis sheds light on the violent wing of the anti abortion movement Their detailed account of the nationally publicized trial and the fundamentalist Christian community's response to the bombings will be important and compelling reading for those concerned with the abortion controversy and other issues that encompass social violence and contemporary religion Scholars will be interested in the work as a comprehensive sociological analysis of religious fundamentalism an ideology that the authors tie to a medieval world view Placing anti abortion violence in the context of social movement theory they conclude that persons who are predisposed toward such behavior are likely to be working class males under age 35 socially isolated from countervailing attitudes Religious fundamentalists they warn will continue to utilize violence in reaction to such subjects as pornography homosexuality sex education equality for females and prayer in public schools For this book the authors conducted interviews with local activists on both sides of the abortion issue They interviewed local religious fundamentalists personnel of clinics throughout the United States that have been subjected to arson or bombing and when possible persons who have been tried and convicted of those offenses In addition they attended the Pensacola trial and fundamentalist church services Dallas A Blanchard is associate professor of sociology at the University of West Florida and a United Methodist minister Terry J Prewitt is associate professor of anthropology at the University of West Florida

Religious Violence in the Ancient World Jitse H. F. Dijkstra, Christian R. Raschle, 2020-10-01 Much like our world today Late Antiquity fourth seventh centuries CE is often seen as a period rife with religious violence not least because the literary sources are full of stories of Christians attacking temples statues and pagans However using insights from Religious Studies recent studies have demonstrated that the Late Antique sources disguise a much more intricate reality The present volume builds on this recent cutting edge scholarship on religious violence in Late Antiquity in order to come to more nuanced judgments about the nature of the violence At the same time the focus on Late Antiquity has taken away from the fact that the phenomenon was no less prevalent in the earlier Graeco Roman world This book is therefore the first to bring together scholars with expertise ranging from classical Athens to Late Antiquity to examine the phenomenon in all its complexity and diversity throughout Antiquity

Religious Violence Today Michael Jerryson, 2020-07-15 Through sections containing overview essays and reference entries related to particular religions this resource explores the rise of religious violence hate crime and persecution around

the world Religious violence and persecution have been growing steadily both within the United States and around the world Drawing on the expertise of a wide range of scholars this current and comprehensive reference helps readers understand the persecution of members of particular faiths as well as violence committed by members of those faiths In doing so it promotes a greater understanding of the role of religion in global politics domestic and international terrorism and religious bigotry The book contains sections on particular religious traditions from around the world Each section begins with an overview essay surveying violence related to that particular religion whether committed by or against members of that faith Reference entries in each section then provide objective fundamental information about particular topics related to violence and the religion discussed The entries provide cross references and suggestions for further reading and the work closes with a bibliography of resources for further study

Armed for Life Jennifer Jefferis, 2011-06-17 This book provides a detailed and comprehensive look at the primary players acts motivations and methods of the Army of God in their quest to make abortion illegal in the United States The Army of God may not be widely known but they are well established as an extremist Christian organization united in their belief that abortion must be stopped at all costs including the use of violence or force Who are the primary players in this underground terrorist group what acts are they responsible for and what are the motivations behind their quest to make abortion illegal in the United States *Armed for Life* The Army of God and Anti Abortion Terror in the United States addresses these questions and more drawing upon never before published interviews with members of the Army of God and their own writings to reveal the details of this grossly understudied organization and to document what its existence and expansion says about our society

Obstacle Course David S. Cohen, Carole Joffe, 2021-07-27 This book tells the real story of abortion in America one that captures a disturbing reality of sometimes insurmountable barriers put in front of women trying to exercise their legal rights to medical services Without the efforts of an unheralded army of doctors nurses social workers activists and volunteers what is a legal right would be meaningless for the almost one million people per year who get abortions There is a better way treating abortion like any other form of health care but the United States is a long way from that ideal

Is the Fetus a Person? Jean Reith Schroedel, 2000 As much a model for future research as a study of the status of the fetus this book offers an examination of one of the most divisive and complex issues of American life

BOOK JACKET *The Making of Pro-life Activists* Ziad W. Munson, 2010-07-15 How do people become activists for causes they care deeply about Many people with similar backgrounds for instance fervently believe that abortion should be illegal but only some of them join the pro life movement By delving into the lives and beliefs of activists and nonactivists alike Ziad W. Munson is able to lucidly examine the differences between them Through extensive interviews and detailed studies of pro life organizations across the nation Munson makes the startling discovery that many activists join up before they develop strong beliefs about abortion in fact some are even pro choice prior to their mobilization Therefore Munson concludes commitment to an issue is often a consequence rather than a cause of activism *The Making of Pro life Activists* provides a compelling new

model of how people become activists while also offering a penetrating analysis of the complex relationship between religion politics and the pro life movement Policy makers activists on both sides of the issue and anyone seeking to understand how social movements take shape will find this book essential

A Wall of Separation? Mary Segers, Ted G. Jelen, Clarke E. Cochran, 1998-08-27 Should the wall of separation between church and state be permeable or inviolable This question has been hotly contested since the nation s founding and contentious debates persist today With a collection of the most significant documents and an introduction by Clarke E Cochran that provides the historical context of the debate prominent scholars Mary Segers and Ted Jelen debate the impact of organized religion on the democratic process examine its influence on political discourse and discuss its significance for the creation of public policy The authors illuminate the constitutional implications of using religion to cultivate public morality and discuss the complexities of creating a civic minded citizenry in a pluralistic society

Tiny You Jennifer L. Holland, 2020 Caroline Bancroft History Prize 2021 Denver Public Library Armitage Jameson Prize 2021 Coalition of Western Women s History David J Weber Prize 2021 Western History Association W Turrentine Jackson Prize 2021 Western History Association Tiny You tells the story of one of the most successful political movements of the twentieth century the grassroots campaign against legalized abortion While Americans have rapidly changed their minds about sex education pornography arts funding gay teachers and ultimately gay marriage opposition to legalized abortion has only grown As other socially conservative movements have lost young activists the pro life movement has successfully recruited more young people to its cause Jennifer L Holland explores why abortion dominates conservative politics like no other cultural issue Looking at anti abortion movements in four western states since the 1960s turning to the fetal pins passed around church services the graphic images exchanged between friends and the fetus dolls given to children in school she argues that activists made fetal life feel personal to many Americans Pro life activists persuaded people to see themselves in the pins images and dolls they held in their hands and made the fight against abortion the primary bread and butter issue for social conservatives Holland ultimately demonstrates that the success of the pro life movement lies in the borrowed logic and emotional power of leftist activism

Souls, Bodies, Spirits Kerry N. Jacoby, 1998-04-23 Jacoby provides a comprehensive social history of the abortion abolition campaign from its beginnings following Roe v Wade through the 1996 elections She explores the abortion abolition effort historically sociologically theologically and politically arguing for a deepened understanding of American abortion opponents The history of the abortion abolition effort in America is examined through three different approaches to the understanding of collective behavior Beginning with the immediate post Roe period the movement is explored as a Catholic moral crusade and Jacoby analyzes why Catholic Americans were particularly prone to such activity as well as why otherwise theologically compatible Protestants were not She then examines the effort as a major social movement beginning around 1980 Finally the late 1980s development of direct action activity most notably in the form of Operation Rescue is viewed in light of its connection to the theology and expectations of religious revivalism In

her conclusions Jacoby provides a new model for understanding faith based political action Students teachers and the general public will find this book a thorough comprehensive and accessible examination of the movement
