*Violence and Men of Color* Ricardo Carrillo, Jerry Tello, 2008-08-15 This innovative book examines an important timely topic. The content will greatly enhance practitioners and students' understanding and skills in working with men of color. Elaine P. Congress, DSW, Fordham University Graduate School of Social Service. *Family Violence and Men of Color* is the best book in cross-cultural issues and domestic violence that I have ever read. It is a good combination of literature review, clinical interventions, and cultural imagery. Daniel Sonkin, PhD, Marriage, Family, and Child Counselor. Family violence is an international epidemic that knows no cultural boundaries, but for years research has overlooked the historical, political, and cultural factors that often lead men toward violent behavior. The first edition of *Family Violence and Men of Color* broke new ground by closely examining the relationship between race and family violence. This revised edition offers an even broader cross-cultural analysis of male violence and more specialized treatment methods and approaches. Key Features: Chapters analyzing violent behavioral patterns in each major community of color. Three new chapters on the African American and Maori communities in addition to the Latino, Native American, Asian, and South American communities. Culturally based strategies and models that enhance the efficacy of existing intervention programs for men who batter. Integrates clinical, experiential, and narrative approaches to family violence. This text calls for a critical evaluation and transformation of cultural practices that promote violence against women and will be pivotal in the development of more effective prevention and intervention programs in the years to come.

**Double Vision** George Garrett, 2004-07-19 A shotgun marriage of fact and fiction by one of the most highly regarded writers and teachers of our time. A writer named George Garrett, suffering from double vision as a result of a neurological disorder, is asked to review a recent first biography of the late Peter Taylor, a renowned writer who has been his long-time friend and neighbor in Charlottesville. Reflecting on their relationship, Garrett conceives of a character not unlike himself, a writer in his early 70s, ill and suffering from double vision, named Frank Toomer. He gives Toomer a neighbor, a distinguished short-story writer named Aubrey Carver. As the real George Garrett and Peter Taylor are replaced by two very different and imaginary writers, the story becomes a wise and insightful exploration of American literary life, the art of biography, the comical rivalries among writers and academics, notions of success, and the knotty relationship of art to life, fact to fiction, and life to death. *Double Vision* is a witty tour de force and an elegy for a gifted generation of writers.

*The Myth of Water* Jeanie Thompson, 2016-07-15 In *The Myth of Water*, Poems from the Life of Helen Keller, Alabama poet Jeanie Thompson offers a rich collection of poems that form an illuminating first-person narrative through the life of writer and activist Helen Keller.
