Remembering Korea George Odgers,2000 *The Imjin and Kapyong Battles* S.P. MacKenzie,2013-03-12 An excellent history of a massive Communist offensive and the brigades that resisted it H War The sacrifice of the British regiment known as the Glorious Glosters in defense of the Imjin River line and the hilltop fights of Australian and Canadian battalions in the Kapyong Valley have achieved great renown Using official and unofficial source material ranging from personal interviews to war diaries this in depth study the first of its kind seeks to disentangle the mythology surrounding both battles and explain why events unfolded as they did Based on thorough familiarity with all available sources many not previously utilized it sheds new light on fighting the forgotten war In Korea on the night of 22nd April 1951 communist forces unleashed what remains to this day their greatest offensive since Zhukov s storm on Berlin In the desperate fighting that followed the key flanks of free world forces were held by one British and one Commonwealth brigade The former took on a Chinese army the latter a Chinese division Six decades later an American historian has dismantled the barriers between Australian British Canadian and New Zealand accounts of those whirlwind days to compose the only comparative analysis of the tragedy on the Imjin and the stand at Kapyong Andrew Salmon author of *Scorched Earth Black Snow Britain and Australia in the Korean War 1950*

One hundred years of wartime nursing practices, 1854-1953 Jane Brooks,Christine Hallett,2015-11-01 This book examines the work that nurses of many differing nations undertook during the Crimean War the Boer War the Spanish Civil War both World Wars and the Korean War It makes an excellent and timely contribution to the growing discipline of nursing wartime work In its exploration of multiple nursing roles during the wars it considers the responsiveness of nursing work as crisis scenarios gave rise to improvisation and the sometimes quite dramatic breaking of practice boundaries The originality of the text lies not only in the breadth of wartime practices considered but also the international scope of both the contributors and the nurses they consider It will therefore appeal to academics and students in the history of nursing and war nursing work and the history of medicine and war from across the globe **Korea and the Evolution of the American-Australian Relationship, 1947-53** Daniel Fazio,2023-09-29 Fazio examines the significance of the US Australian Korean engagement 1947 53 in the evolution of the relationship between the two nations in the formative years of the Cold War In the aftermath of World War Two divergent American and Australian strategic and security interests converged and then aligned on the Korean peninsula Fazio argues that the interactions between key US and Australian officials throughout their Korean engagement were crucial to shaping the nature of the evolving relationship and the making of the alliance between the two nations The diplomacy of Percy Spender John Foster Dulles and James Plimsoll was particularly crucial He demonstrates that the American evaluation of the geo strategic significance of Korea was a significant factor in the making of the ANZUS alliance and events in Korea remained central to the evolving US Australian relationship Their Korean engagement showed the US and Australia had similar and overlapping rather than identical interests and that

their relationship was much more nuanced and problematic than commonly perceived Fazio challenges the Australian mythology on the origins of the ANZUS Treaty and presents a cautionary insight into the limits of Australia's capacity to influence US policy to benefit its interests An insightful read for diplomatic historians providing greater depth to understanding the broader historical context of the trajectory of the US Australian relationship and alliance since the beginning of the Cold War
