Homesteading and Stump Farming on the West Coast 1880-1930 Barbara Ann Lambert,2015-12-02 Imagine

obtaining one hundred and sixty acres of land for FREE Then comes the real payment the sweat and toil of living in a remote wilderness and clearing a landscape where the stumps left behind are so large and so numerous the best bet is to use dynamite to remove them Beginning in 1859 such homesteading typified the arrival of white settlers in British Columbia The Land Act set out rules by which British subjects could for agricultural purposes only pre-empt land Along the Upper Sunshine Coast of those who took up the challenge only some succeeded in carving a life out of this wild land while many failed

Through prodigious research and the careful cultivation of interviews Barbara Ann Lambert tells the stories of those resourceful arrivals Employing the day journals of homesteaders and interviews with their descendants Lambert conveys the rich history of the Sunshine Coast From Saltery Bay to Lund she evokes the struggles and triumphs of those who once lived in this place Lambert calls paradise

And on that Farm He Had a Wife Monda M. level *The Dominion of Youth* Cynthia Comacchio, 2008-10-08 Adolescence like childhood is more than a biologically defined life stage it is also a sociohistorical construction The meaning and experience of adolescence are reformulated according to societal needs evolving scientific precepts and national aspirations relative to historic conditions Although adolescence was by no means a discovery of the early twentieth century it did assume an identifiably modern form during the years between the Great War and 1950 *The Dominion of Youth* Adolescence and the Making of Modern Canada 1920 to 1950 captures what it meant for young Canadians to inhabit this liminal stage of life within the context of a young nation caught up in the self formation and historic transformation that would make modern Canada Because the young at this time were seen paradoxically as both the hope of the nation and the source of its possible degeneration new policies and institutions were developed to deal with the problem of youth This history considers how young Canadians made the transition to adulthood during a period that was developmental both for youth and for a nation also working toward individuation During the years considered here those who occupied this dominion of youth would see their experiences more clearly demarcated by generation and culture than ever before With this book Cynthia Comacchio offers the first detailed study of adolescence in early twentieth century Canada and demonstrates how young Canadians of the period became the nation's first modern teenagers

Strangers in the House Candace Savage, 2019-09-24 A renowned author investigates the dark and shocking history of her prairie house When researching the first occupant of her Saskatoon home Candace Savage discovers a family more fascinating and heartbreaking than she expected Napol on Sureau dit Blondin built the house in the 1920s an era when French speakers like him were deemed undesirable by the political and social elite who sought to populate the Canadian prairies with WASPs only In an atmosphere poisoned first by the Orange Order and then by the Ku Klux Klan Napol on and his young family adopted anglicized names and did their best to disguise their foreignness In *Strangers in the House* Savage scours public records and historical accounts and interviews several of Napol on's descendants including his youngest son to reveal a family story marked by challenge and resilience In the process she examines a troubling episode in Canadian history one with surprising relevance today Published in Partnership with the David Suzuki Institute
