Remembering Williamsburg

P. C. Marotta

Remembering Williamsburg:

Remembering Williamsburg Parke Rouse, 1989-01-01 **Brooklyn Italian** P. C. Marotta, 2017-05-25 Brooklyn Italian Remembering Williamsburg will take you on a journey back in time To a neighborhood in the borough of Brooklyn New York called Williamsburg From the beginning of its existence in 1638 to present day through the rise of industry two world wars the Depression of the late 1920s the rise of the Mafia and the immigrants who settled there in search for a better life In their own words long time residents tell their stories of a time when summer evenings family and friends gathered on stoops to talk about the happenings of the day or just to share a cup of coffee when children played stick ball jacks and hopscotch till the street lamps came on When a handshake meant trust and respect was earned They came for a better life for themselves and their children Many enclaves with cultural differences yet sharing one vision to pursue the American dream The freedom to choose to become to survive While notables such as Corning Ware Standard Oil and Domino Sugar found Williamsburg to be a profitable place to call home other notables were making their mark in Williamsburg as well such as the Bonanno family Underboss Carmine Galante and the infamous Bugsy Siegel and Alphonse Capone In their own words long time residents of Williamsburg Brooklyn share their life history in letters telling the world what it was like living during The Great Depression WWII poverty and survival As with each generation change is inevitable and its change that allows us to pass on the stories of the generations before preserving the past to become an integrated part of our future **Remembering Roadside**

America John A. Jakle, Keith A. Sculle, 2011-09-30 The use of cars and trucks over the past century has remade American geography pushing big cities ever outward toward suburbanization spurring the growth of some small towns while hastening the decline of others and spawning a new kind of commercial landscape marked by gas stations drive in restaurants motels tourist attractions and countless other retail entities that express our national love affair with the open road By its very nature this landscape is ever changing indeed ephemeral What is new quickly becomes old and is soon forgotten In this absorbing book John Jakle and Keith Sculle ponder how Roadside America might be remembered especially since so little physical evidence of its earliest years survives In straightforward and lively prose supplemented by copious illustrations historic and modern photographs advertising postcards cartoons roadmaps they survey the ways in which automobility has transformed life in the United States Asking how we might best commemorate and preserve this part of our past which has been so vital economically and politically so significant to the cultural aspirations of ordinary Americans yet so often ignored by scholars who dismiss it as kitsch they propose the development of an actual outdoor museum that would treat seriously the themes of our roadside history Certainly museums have been created for frontier pioneering the rise of commercial agriculture and the coming of water and steam powered industrialization and transportation especially the railroad Is now not the time the authors ask for a museum forcefully exploring the automobile's emergence and the changes it has brought to place and landscape Such a museum need not deny the nostalgic appeal of roadsides past but if done properly it could also

tell us much about what the authors describe as the most important kind of place yet devised in the American experience John A Jakle is Emeritus Professor of Geography at the University of Illinois Urbana Champaign Keith A Sculle is the former head of research and education at the Illinois Historic Preservation Agency They have coauthored such books as America's Main Street Hotels Transiency and Community in the Early Automobile Age Motoring The Highway Experience in America Fast Food Roadside Restaurants in the Automobile Age and The Gas Station in America The Colonial Parkway Frances Watson Clark,2010 The Colonial Parkway is a living timeline to the critical beginnings of our nation Connecting a historic triangle of cities the parkway winds along the James River overlooking Jamestown Island where the first permanent English colony was established through Williamsburg the Colonial seat of government for the new country and arrives in Yorktown where the fledgling nation won independence from the British at the end of the Revolutionary War The vision of the early directors of the U S National Park Service became the foundation for getting the approval to construct a road that would allow visitors to move from one historic place to the next without the disruptions of the modern world Construction began in the early 1930s and the final phase was finished in 1957 for the 350th anniversary of the founding of Jamestown While the parkway is a marvel in engineering the area it covers also serves as a recreational locale for biking fishing and hiking

The Brooklyn Thrill-Kill Gang and the Great Comic Book Scare of the 1950s Mariah Adin,2014-12-09 What caused four recently bar mitzvahed middle class youths to go on a crime spree of assault and murder in 1954 This book provides a compelling narrative retelling of the boys their crimes and a U S culture obsessed with juvenile delinquency After ongoing months of daily headlines about gang shootouts stomp killings and millions of dollars worth of vandalism by the summer of 1954 America had had enough of juvenile delinquency It was in this environment that 18 year old Jack Koslow and the other three teenage members of the Brooklyn Thrill Killers committed their heinous crimes and achieved notoriety The Brooklyn Thrill Kill Gang and the Great Comic Book Scare of the 1950s exposes the underbelly of America's mid century the terrible price of assimilation the uncomfortable bedfellows of comic books and juvenile delinquency and the dystopia already in bloom amongst American youth well before the 1960s Readers will be engrossed and horrified by the tale of the Brooklyn Thrill Kill Gang whose shocking front page story could easily have been copy pasted from today's online news sites Author Mariah Adin takes readers along for a breathtaking moment by moment retelling of the crime spree the subsequent interrogations and the dramatic courtroom showdown interspersed with expository chapters on juvenile delinquency America's Jewish community in the post Holocaust period and the anti comics movement This book serves to merge the history of juvenile delinquency with that of the Great Comic Book Scare highlights the assimilation of immigrants into America's white mainstream gone wrong and complicates our understanding of America's Golden Age **Erasing Public Memory** Joseph A. Young,Jana Evans Braziel,2007 Based on the Race in the Humanities conference held in Nov 2001 at Univ of Wisconsin La Crosse La Crosse Wisconsin *Remembering for the Future* J. Roth,E. Maxwell,2017-02-13 Focused on The Holocaust in an

Age of Genocide Remembering for the Future brings together the work of nearly 200 scholars from more than 30 countries and features cutting edge scholarship across a range of disciplines amounting to the most extensive and powerful reassessment of the Holocaust ever undertaken In addition to its international scope the project emphasizes that varied disciplinary perspectives are needed to analyze and to check the genocidal forces that have made the Twentieth century so deadly Historians and ethicists psychologists and literary scholars political scientists and theologians sociologists and philosophers all of these and more bring their expertise to bear on the Holocaust and genocide Their contributions show the new discoveries that are being made and the distinctive approaches that are being developed in the study of genocide focusing both on archival and oral evidence and on the religious and cultural representation of the Holocaust

Remembering Italian America Laurie Buonanno, Michael Buonanno, 2021-03-11 *Remembering Italian America* Memory Migration Identity examines the life of Italians in the United States and the role of migration and collective memory in the history of the construction of Italian American identity Employing the concept of communicative memory the authors explain the processes that gave shape to Italian identity in America and the ways in which a symbolic identity became concretized in Italian American oral histories The text explores the Italy migrants left behind transatlantic networks the welcome received by the Italian newcomers the socioeconomic fabric of Italian America and the singular worldview that grew out of the immigrant experience In exploring the role of memory in the construction of Italian American identity the book analyzes the commonalities in the lives of immigrants allowing the Italian American experience to speak to the circumstances of newer immigrant communities and allowing these new immigrant communities to speak to the Italian migrant history Looking at Italian American culture from a multidisciplinary perspective this volume brings various theoretical perspectives to bear on what why and how questions concerning the Italian American experience This book will be of interest to students of ethnic studies immigration studies and American transnational studies as well as American history Winner of the 2022 Italian American Studies Association Book Award

Defining Memory Amy K. Levin, Joshua G. Adair, 2017-10-20 This updated edition of *Defining Memory* Local Museums and the Construction of History in America's Changing Communities offers readers multiple lenses for viewing and discussing local institutions New chapters are included in a section titled Museums Moving Forward which analyzes the ways in which local museums have come to adopt digital technologies in selecting items for exhibitions as well as the complexities of creating institutions devoted to marginalized histories In addition to the new chapters the second edition updates existing chapters presenting changes to the museums discussed It features expanded discussions of how local museums treat or ignore racial and ethnic diversity and concludes with a look at how business relationships political events and the economy affect what is shown and how it is displayed in local museums

A Sukkah is Burning Philip Fishman, 2012 PHILIP FISHMAN grew up in the Brooklyn Jewish neighborhood of Williamsburg during the 1950s when the community experienced a large influx of Hasidic Jewish refugees from Eastern Europe and the neighborhood

evolved from a multi ethnic Jewishly heterodox community similar to Jewish areas in other parts of New York City into a tightly knit re invention of an ultra pious East European shtetl The culture and values of the new arrivals often conflicted sharply with the older community The fault lines of this kulturkampf were the context of his childhood and these memoirs vividly describe the personal familial and communal tensions associated with this social transformation Williamsburg s metamorphosis into an exclusively haredi enclave was the first of its kind in the United States but this neighborhood s profound makeover with the associated community discord was soon echoed in many other American locales and is occurring in many Israeli communities The post war transformation of Williamsburg foreshadowed a dramatic and ongoing transformation of American Orthodoxy and more broadly American Jewish life in the 21st century

If you ally habit such a referred **Remembering Williamsburg** book that will present you worth, get the no question best seller from us currently from several preferred authors.
