Reminiscences Of The Mexican Revolution:

Reminiscences of the Mexican Revolution Patrick A. O'Hea, 1981 **REMINISCENCES OF THE MEXICAN REVOLUTION 81** P. Ohea, 1981 *The Mexican Revolution* Alan Knight, 1990 This comprehensive two volume history of the Mexican Revolution presents a new interpretation of one of the world's most important revolutions While it reflects the many facets of this complex and far reaching historical subject it emphasises its fundamentally local popular and agrarian character and locates it within a more general comparative context Publisher **The Mexican Revolution: Counter-revolution and reconstruction** Alan Knight, 1990-01-01 Volume 2 of The Mexican Revolution begins with the army counter revolution of 1913 which ended Francisco Madero's liberal experiment and installed Victoriano Huerta's military rule After the overthrow of the brutal Huerta Venustiano Carranza came to the forefront but his provisional government was opposed by Pancho Villa and Emiliano Zapata who come powerfully to life in Alan Knight's book Knight offers a fresh interpretation of the great schism of 1914-15 which divided the revolution in its moment of victory and which led to the final bout of civil war between the forces of Villa and Carranza By the end of this brilliant study of a popular uprising that deteriorated into political self seeking and vengeance nearly all the leading players have been assassinated In the closing pages Alan Knight ponders the essential question what had the revolution changed His two volume history at once dramatic and scrupulously documented goes against the grain of traditional assessments of the last great revolution *An American Family in the Mexican Revolution* Robert Woodmansee Herr, 1999 This memoir details the experiences of an American family caught in Revolutionary Mexico Based on personal documents written by Richard Herr's older brother the manuscript covers a critical period in Mexican history beginning during the Porfiriato and continuing through the 1920s Autobiographical Writings on Mexico Richard D. Woods, 2024-10-14 This is the definitive bibliography of autobiographical writings on Mexico The book incorporates works by Mexicans and foreigners with authors ranging from disinherited peasants women servants and revolutionaries to more famous painters writers singers journalists and politicians Primary sources of historic and artistic value the writings listed provide multiple perspectives on Mexico's past and give clues to a national Mexican identity This work presents 1,850 entries including autobiographies memoirs collections of letters diaries oral autobiographies interviews and autobiographical novels and essays Over 1,500 entries list works from native born Mexicans written between 1691 and 2003 Entries include basic bibliographical data genre author's life dates narrative dates available translations into English and annotation The bibliography is indexed by author title and subject and appendices provide a chronological listing of works and a list of selected outstanding autobiographies **Blues of a Lifetime** Cornell Woolrich, 2011-06 Blues of a Lifetime is essential reading for people interested in suspense novelist Cornell Woolrich author of Rear Window Woolrich's autobiography includes accounts of his working methods his family and home memories of childhood college experience and his philosophy of life The Architecture and Cities of Northern Mexico from Independence to the Present Edward R.

Burian,2015-08-15 The states of Northern Mexico Tamaulipas Nuevo Leon Coahuila Chihuahua Durango Sonora Sinaloa and Baja California Norte and Sur have architecture urbanism and landscape design that offer numerous lessons in how to build well but this constructed environment is largely undervalued or unknown To make this architecture better known to a wide professional academic and public audience this book presents the first comprehensive overview in either English or Spanish of the architecture urban landscapes and cities of Northern Mexico from the country's emergence as a modern nation in 1821 to the present day Profusely illustrated with color and black and white photographs maps and analytical drawings of urban cores of major cities The Architecture and Cities of Northern Mexico systematically examines significant works of architecture in large cities and small towns in each state from the earliest buildings in the urban core to the newest at the periphery Edward R Burian describes the most memorable works of architecture in each city in greater detail in terms of their spatial organization materials and sensory experience He also includes a concise geographical and historical summary of the region that provides a useful background for the discussions of the works of architecture Burian concludes the book with a brief commentary on lessons learned and possible futures for the architectural culture of the region as well as the first comprehensive biographical listing of the architects practicing in Northern Mexico during the past two centuries
