Comparative Mysticism Steven T. Katz,2013 This collection of primary texts introduces readers to the mystical literature of the world s great religious traditions Beginning with an introduction by Steven T Katz a leading scholar of mysticism the anthology comprises poetry prayer narrative and other writings from Jewish Christian Muslim Hindu Buddhist Taoist Confucianist and Native American traditions This collection provides readers not only with the primary mystical texts from each religious tradition but with an explanation of the context of the source and tradition Comparative Mysticism shows how the great mystical traditions of the world are deeply rooted in the religious traditions from which they originated The contextual methodological approach taken throughout the anthology also addresses the critical question of what these mystical traditions at their highest level have in common Despite the prevailing view that mystical traditions throughout the world are essentially similar the presentation of the sources in this volume suggests that in fact the various traditions have distinct teachings and different metaphysical goals The writings collected in Comparative Mysticism address the most fundamental and important methodological epistemological and hermeneutical questions regarding the study and

interpretation of mysticism and mystical sources across cultures This anthology will be an invaluable resource to students and scholars of mystic tradition for years to come *Rumi Mehrdad Rahmani, 2021-05-28* The foundation and elixir of life is Love and Rumi the great Iranian poet calls it The Scales of Divine Secretes Love is the root of all if the root rots then everything else decays When love is truly rooted in the mind and soul then nothing can fade or perish it More than any time in the history of mankind we need to free ourselves from Subjective Me which has contaminated our souls and dictates us the action to be taken in every step of the way Instead we ought to take paces toward Intrinsic Me which is well aware of what needs to be done The former originates from the imperious self and the latter emanates from Love and Respect which in turn restores the self in search of Truth of Life In more than 800 years ago you will be surprised to find that Rumi has repeatedly emphasized on the word Love in his 44000 couplets poetry sonnets book Contrary to his poetry sonnets quatrains are simple to understand delicate and lovely and with very powerful messages on how to live your life happily here and after In one of his quatrains he says to the self O Nothing Do not coil yourself over nothing for nothing What remains forever is just Love This signifies the fact that everything in life such as youth wealth beauty prestige dignity and so forth are perishable but love Don t be confused what he means here is that enjoy all the things that life has offered you for a better living but do not be attached Share your love with others and even things and respect their existence so that they return their love and respect back to you I strongly encourage everyone to read these 100 quatrains book to enjoy the benefit of his guidance in love and loving In addition you can learn some Farsi language words in a very small scale in a short time
