The Time

Traveler's Guide to Medieval England Ian Mortimer, 2009-12-29 The past is a foreign country This is your guidebook A time machine has just transported you back to the fourteenth century What do you see How do you dress How do you earn a living and how much are you paid What sort of food will you be offered by a peasant or a monk or a lord And more important where will you stay The Time Traveler's Guide to Medieval England is not your typical look at a historical period This radical new approach shows us that the past is not just something to be studied it is also something to be lived All facets of everyday life in this fascinating period are revealed from the horrors of the plague and war to the ridiculous excesses of roasted larks and medieval haute couture Through the use of daily chronicles letters household accounts and poems of the day Mortimer transports you back in time providing answers to questions typically ignored by traditional historians You will learn how to greet people on the street what to use as toilet paper why a physician might want to taste your blood and how to know whether you are coming down with leprosy From the first step on the road to the medieval city of Exeter through meals of roast beaver and puffin Mortimer re-creates this strange and complex period of history Here the lives of serf merchant and aristocrat are illuminated with remarkable detail in this engaging literary journey The result is the most astonishing social history book you're ever likely to read revolutionary in its concept informative and entertaining in its detail and startling for its portrayal of humanity in an age of violence exuberance and fear

The Cold Summer Gianrico Carofiglio, 2018-09-04 The summer of 1992 had been exceptionally cold in southern Italy But that's not the reason why it is still remembered On May 23 1992 a roadside explosion killed the Palermo judge Giovanni Falcone his wife and three police officers A few weeks later judge Paolo Borsellino and five police officers were killed in the center of Palermo These anti-mafia judges became heroes but the violence spread to the region of Bari in Puglia where we meet a new memorable character Maresciallo Pietro Fenoglio an officer of the Italian Carabinieri Fenoglio recently abandoned by his wife must simultaneously deal with his personal crisis and the new gang wars raging around Bari The police are stymied until a gang member accused of killing a child decides to collaborate revealing the inner workings and the rules governing organised crime in the area The story is narrated through the actual testimony of the informant a trope reminiscent of verbatim theatre which Carofiglio an ex-anti-mafia judge himself uses to great effect The gangs are stopped but the mystery of the boy's murder must still be solved leading Fenoglio into a world of deep moral ambiguity where the prosecutors are hard to distinguish from the prosecuted
